

Checklist of Vascular Plants

El Morro National Monument

Monarda punctata
spotted beebalm

El Morro National Monument contains at least the 391 species of plants in 219 genera and 61 families, as listed in this checklist adopted from:

Rink, Glenn R., Anne C. Cully, and Archibald McCallum. "A Checklist of the Vascular Flora of El Morro National Monument, Cibola County, New Mexico." The Journal of the Torrey Botanical Society 136.3 (2009): 403-21.

Plant species are arranged alphabetically by family, then genus. Besides species name (and authorities) and common names (ITIS 2007), the following information is provided:

Collector & Collector Number (or curatorial facility): (Bi = J. M. Bigelow, Bo = Bone, c = S. Carlson, i = J. Ikai, k = E. Kayes, m = D. McCallum, n = N. & D. Najera, NMC = New Mexico College (with Accession #), R = R. Taylor, r = G. Rink); collector number (sn = without number).

Nativity: N = native, E = exotic, (H) = horticultural introduction (ITIS 2007); exotic means not native to the continental United States.

Abundance: 1–5, abundance scale (*sensu* Palmer et al. 1995):

- 5 = Abundant; dominant or codominant in one or more common habitats.
- 4 = Frequent; easily seen or found in one or more common habitats but not dominant in any common habitat.
- 3 = Occasional; widely scattered but not difficult to find.
- 2 = Infrequent; Difficult to find with few individuals or colonies but found in several locations.
- 1 = Rare; Very difficult to find and limited to one or very few locations or uncommon habitats.
- 0 = Absent; not found in recent surveys, but found in a previous survey from the same or similar sites, or is otherwise suspected to occur.

Species Name & Authority Common Name Collector/# Nativity.... Abundance

Agavaceae

Century Plant Family

- Yucca angustissima* Engelm. ex Trel narrowleaf yucca r6082 N 3
- Yucca baccata* Torr. banana yucca r6031..... N 3

Amaranthaceae

Amaranth Family

- Amaranthus hybridus* L..... smooth pigweed r5116 N 3
- Amaranthus palmeri* S. Wats. Palmer amaranth r5128 N 2
- Amaranthus powellii* S. Wats. Powell pigweed r5361..... N 3
- Amaranthus torreyi* (Gray) Benth. ex S. Wats. Torrey's amaranth..... r5186 N 3
- Amaranthus viridis* L. slender amaranth m842 N 0
- Froelichia arizonica* Thornb. ex Standl. Arizona snakecotton r5193 N 1

Anacardiaceae

Cashew / Sumac Family

- Rhus trilobata* var. *anisophylla* (Greene) Jepson skunkbush sumac r5753 N 3

Apiaceae**Carrot / Parsley Family**

- | | | | | | |
|--------------------------|---|------------------------|-------|---|---|
