Welcome to Agassiz National Wildlife Refuge

Agassiz National Wildlife Refuge (NWR) is managed by the U.S. Fish and Wildlife Service. The refuge is one of more than 560 refuges in the National Wildlife Refuge System – a network of lands set aside to conserve wildlife and habitat for generations to come.

Agassiz is located in northwestern Minnesota in the aspen/parkland transitional zone between the boreal forest, tallgrass prairie and the prairie pothole region of the United States.

The refuge headquarters is located 11 miles east of Holt, Minnesota on Marshall County Road 7. Office hours are 7:30 am to 4:00 pm, Monday through Friday, except for Federal holidays.

Hunting

Deer hunting on Agassiz refuge is a long-standing tradition. In addition to the traditional deer firearms season, in 2009, Agassiz expanded its hunting opportunities to include muzzleloader and archery deer hunting, grouse hunting, and special youth deer and waterfowl hunts.

Some seasons are in accordance with state regulations; others have delayed openers. The one-day youth waterfowl hunt is restricted to a limited area; contact refuge manager for more details.

General Information

The refuge is divided into areas which are designated as open or closed to hunting as shown on the map. Areas closed to hunting are posted with “No Hunting Zone” or “Closed Area” signs.

We allow the public onto the refuge the day prior to the season for scouting purposes for youth waterfowl, youth deer and the deer firearms hunt.

Vehicles must remain on designated roads. Vehicle access changes occur following the deer firearms season – see map for details. Portions of refuge roads may be closed at various times due to prescribed burning, wildfire, or weather-related emergencies. Snow is not removed from roads, travel with caution.

Persons possessing, transporting, or carrying firearms on National Wildlife Refuge System lands must comply with all provisions of State and local law. Persons may only use (discharge) firearms in accordance with refuge regulations (50 CFR 27.42 and specific refuge regulations in 50 CFR Part 32).

The refuge is CLOSED from 7:00 pm until 5:30 am.
