**Savannah NWR
Jasper County, South Carolina
Effingham and Chatham Counties, Georgia**

Savannah is one of over 545 national wildlife refuges. The primary objective of a national wildlife refuge is to provide habitat for the conservation and protection of all species of wildlife. The harvest of surplus animals is one tool used to manage wildlife populations at a level compatible with the environment, provide recreational opportunities, and permit the use of a valuable resource.

Public hunting on the Savannah National Wildlife Refuge is permitted on approximately 20,000 acres. Certain areas (marked on the map printed on the reverse side) are closed to hunting.

The regulations listed below supplement the general regulations which govern hunting on wildlife refuge areas as set forth in Title 50, Code of Federal Regulations. Hunting will be in accordance with applicable State (Georgia and/or South Carolina) regulations. **All Coast Guard and State boating regulations will be enforced.**

General Hunting Regulations
Permits are required for all hunts and must be carried on the person while hunting. All hunters must obtain a permit regardless of age. Permits are non-transferable. Only hunt participants with proper licenses and permits will be allowed on the refuge to hunt. A hunting license is required to hunt feral hogs.

Hunters 15 years of age or under (youth hunters) must have successfully passed a state-approved hunter education course in order to participate in any refuge hunt. Satisfactory completion of the course must be demonstrated by a card or certificate. Youth hunters must be supervised by an adult 21 years of age or older and must remain in sight and normal voice contact with the adult. During youth waterfowl hunts, the adult may supervise two youths; during all other refuge hunts, the adult may supervise only one youth.

No check-in or checkout is required. Transportation is not provided to, from, or on the refuge. Any movement within the refuge must be by foot, bicycle, or boat.

Hunting hours will be from one-half hour before legal sunrise to one-half hour after legal sunset.

Firearms must be unloaded and disassembled or cased while boats are in motion.

The possession or use of poison or poison pods is illegal.

The distribution of bait, and hunting over bait, is prohibited.

Participating in “man drives” for deer is prohibited.

Handguns and crossbows are prohibited.

Hunting from a tree in which a metal object has been screwed or driven to support a hunter is prohibited.

Hunt stands must be removed from the refuge daily.

No flagging, blazing, painting, or trail marking devices may be used to locate stands, or for any other purpose.

Pruning/limbing of live trees is prohibited.

Dogs will not be allowed on refuge hunts, except during waterfowl hunts.

Camping is not permitted on the refuge.

The possession of alcoholic beverages while hunting is prohibited.

All forms of litter must be removed from the refuge.

Only designated game species and feral hogs may be taken, and other wildlife may not be molested in any manner.

Hunting will not be permitted closer than 100 yards of GA Highway 25/SC Highway 170 or the refuge maintenance center area; or railroad rights of way, nor within the areas marked as closed on the map printed in this brochure.

All persons within the hunt zone are required to wear an outer garment which contains a minimum of 500 square inches of hunter-orange material above the waist, except during the archery-only deer hunt, the turkey hunt, and the waterfowl hunt.

Specific regulations governing the deer, hog, squirrel, turkey, and waterfowl hunts are listed separately.

Permits for the non-quota hunts (printed on the cover of this brochure) are available throughout the hunt periods.
