About the Cave Tour ~ There is a 15 person limit per tour

The 90-minute cave tour is moderately strenuous and not recommended for people with heart, breathing, or walking problems. The 0.6-mile (1-km) route includes more than 500 stairs. Most stairs are steep, uneven, and wet. Low passageways require bending and twisting *while* walking. The temperature inside the cave is approximately 44°F (7°C) year round.

Be Prepared for your Cave Tour

Wear warm clothing and hiking shoes. Cameras with flash units allowed. No backpacks or tripods permitted due to low ceilings and narrow passageways. The cave has lighting; no personal flashlights allowed.

Children

For safety, to go on a full cave tour children must be **at least 42 inches tall**. Children may not be carried through the cave.

Introduction to Caving and Candlelight Tours

Special *Introduction to Caving* and *Candlelight Tours* are offered some days during summer months with limited availability. Visit our web page or contact the monument for more information.

Accessibility

The first room of the cave is the only room accessible to wheelchairs.

Avoid Long Waits for Cave Tours

Arrive early to avoid long waits for tours, especially during July and August. Other activities offered: Junior Ranger program for children, short looped hiking trails through the surrounding forests and tours of the historic Chateau. During summer months: Ranger led talks and nature walks.
