CENTENNIAL

## CANYON DE CHELLY NATIONAL MONUMENT

HOW TALL IS SPIDER ROCK

800 Ft

# OF RESIDING FAMILIES

Roughly 40

# OF YEAR INHABITED

4,000 Years

FUN FACTS #13-b

The Ancient Pueblos found the canyons an ideal place to plant crops and raise families. More homes were built in alcoves to take advantage of the sunlight and natural protection. People thrived until the mid-1300s when the Pueblos left the canyons to seek better farmlands.
