COLORADO
NATIONAL
MONUMENT
COLORADO

Colorado National Monument features towering red sandstone monoliths and deep, sheer-walled canyons. A variety of wildlife native to the area (bighorn sheep, golden eagles, mule deer and mountain lions) roam freely throughout the park. The 20,454-acre Monument was established May 24, 1911.

SPECIAL INFORMATION

Complete with charcoal grills, picnic tables, drinking water, and restroom facilities, 80 site campgrounds offer year-round camping. Reservations are not required. • Superintendent, Park Headquarters, Colorado National Monument, Fruita, CO 81521, (970) 858-3617.
