CENTENNIAL

## GRAND CANYON PARASHANT NATIONAL MONUMENT

### AVERAGE RAINFALL

7" Desert - 15" Plateau

### # OF MAMMALS

62

### # OF PLANTS

1923

### FUN FACTS #22-c

Ponderosa pine sky islands of Parashant provided timber for building the St. George Temple in the 1870s and now are sites of experimental forest restoration where Kaibab squirrel and Boone and Crockett mule deer thrive.
