Anson Perry Winsor

CONSTRUCTION OF CASTLE

Built By 40-45 Workers Over 2 Years

HEIGHT OF WHIPPLE'S CHOLLA

Up To 30 Inches

FUN FACTS #9-c

Whipple's Cholla is a large-branching shrub-like cactus that is typically 2 to 4 feet in height. The fruit is yellow and it blooms in the spring to early summer. Be very careful around this plant as the spines are very sharp.
