WASHINGTON, in the Territory of COLUMBIA.

A PREMIUM

OF FIVE HUNDRED DOLLARS, or a MEDAL of that value, at the option of the party, will be given by the Commissioners of the Federal Buildings, to the person who, before the fifteenth day of July next, shall produce to them the most approved PLAN, if adopted by them, for a PRESIDENT'S HOUSE, to be erected in this City. The site of the building, if the artist will attend to it, will of course influence the aspect and outline of his plan; and its destination will point out to him the number, size, and distribution of the apartments. It will be a recommendation of any plan, if the central part of it may be detached and erected for the present, with the appearance of a complete whole, and be capable of admitting the additional parts, in future, if they shall be wanting. Drawings will be expected of the ground plans, elevations of each front, and sections through the building, in such directions as may be necessary to explain the internal structure; and an estimate of the cubic feet of brick-work composing the whole mass of the walls.

March 14, 1792. *tf* THE COMMISSIONERS.
