

## Grand Tour

Our most popular tour through the Apostle Islands! View two lighthouses, a brownstone quarry, a historic fishing camp, and cruise around Devils Island to view the spectacular sea caves! Afternoon Grand Tours depart every day throughout our season. Please check our schedule for morning and evening cruises. (2.5 - 3.25 hours in duration, non-stop)

## Stockton Island Day Hiking

Explore the trails on the largest island in the Apostle Islands National Lakeshore! Bogs, dunes, lagoons, savannahs, and pine forests are yours to explore. Don't miss the "singing sands" on Julian Bay Beach! (4 hours in duration, 2 hours on Stockton Island)

## Lighthouse Tours

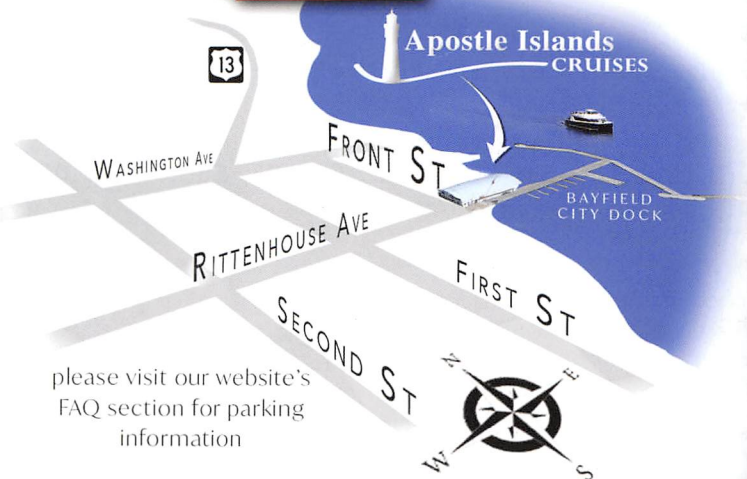

Step back in time while you explore these historically preserved structures on either Michigan Island or Raspberry Island. Learn the history of the lighthouses from your National Park Service guide. (4 hours in duration, 2 hours on island)

## Overnight Camping

Looking for a little adventure? Step aboard a camping shuttle to either Stockton Island or Oak Island. Please book both outgoing and returning tickets.

*Campers must obtain a permit from the National Park Service prior to departure at [recreation.gov](https://www.recreation.gov) or contact the Park Service headquarters in Bayfield.*
