To *N. J. Small Esq.*

Atty. M. J. P. and M.

Dear Sir

Engineer, A. Rigeon, was
dismissed from our service, Aug 5, regarding
Profligacy as the cause, made a practice of
squandering his earnings upon dissolute women
& neglecting to pay his bills, compelling his creditors
to levy attachments on his wages. He was also in
the habit of drinking too much intoxicating liquor,
although I could not call him a drunkard.

As an Engineer I considered him undesirable
in our service Yours Truly
