Thunderbird Lodge's gift shop and rug room offer a complete line of quality Indian jewelry, crafts and Navajo rugs. Thunderbird Lodge is authorized by the National Park Service to serve the public at Canyon de Chelly.

## Thunderbird Tours

Tours of Canyon de Chelly and Canyon del Muerto are offered year round. Heavy duty 6-wheel drive touring vehicles with competent and informative driver/guides make the trip a most delightful and memorable experience.

You are about to set forth on an adventure into a unique and enchanting past here in the heart of Navajoland. Some world travelers claim Canyon de Chelly to be the most beautiful of all Canyons. Our capable Navajo guides are best able to show and explain their homeland, and they stop at the many points of interest for photographing. The deep red walls of the Canyons, the natural monuments, the sculptured sandstone, the steep cliffs, the ancient dwellings built in seemingly inaccessible caves, the hand and toe holds by

which they were reached, the turquoise blue of the sky and the stately old cottonwoods are the answer to a photographer's dream.
