ANACAPA ISLAND

Picnic, swim or explore at this unique and unspoiled island. Public excursions run year round, leaving at 8:00 or 9:00 am and returning the same day at 4:00 or 5:00 pm, respectively, during fall, winter and spring, four days/week. On these trips we cruise the north and/or south side of the island to view points of interest including seals, sea lions, birds, etc. You will be ashore for 2-4 hours, weather and sea conditions permitting. From January to March, California gray whales migrate past Anacapa, therefore, more time is spent cruising the channel with the whales. The time spent ashore during whale season is about an hour.

The fare* for a day trip is \$22.00/adult and \$11.00/child (12 and under). After making your reservations by phone, please send full payment within 7 days to confirm your reservations.

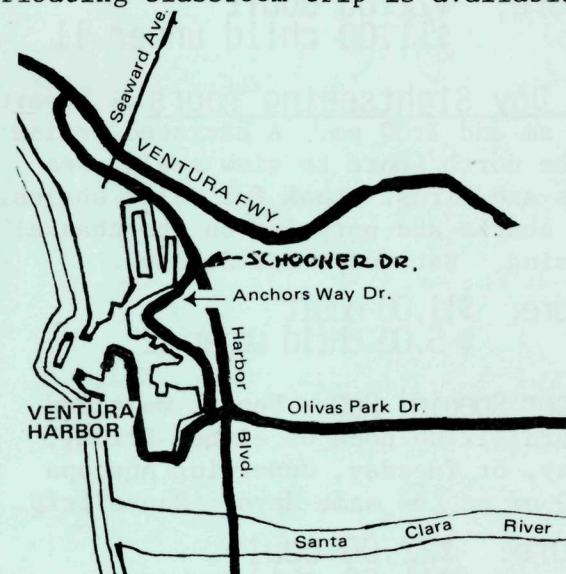

To make reservations, call us at the number below. Saturdays and Sundays fill quickly, so make your reservations at least two weeks in advance. Reservations cannot be made sooner than 30 days in advance, however. To run an excursion, we need 11 paid reservations. If we don't have enough reservations, we will cancel one day prior to trip date.

Upon receipt of your full payment, we will send you a receipt, a map, the time of departure, and an information sheet.

*Prices are subject to change without notice.

Camping - You may also camp on some of the islands. To camp, you must reserve a space for your return trip. After confirming your reservations, you must apply for a permit through the National Park Service. For camping permit applications, call (805) 644-8157 or write to Channel Islands National Park Headquarters, 1901 Spinnaker Dr., Ventura, CA 93001. During the summer a special camper run is offered on Sundays, Tuesdays, and Fridays, with a savings up to 50%.

Charters are available year-round. On all charters, a diver/naturalist is available to introduce you to the fascinating plants and animals of the sea. For school groups, a complete floating classroom trip is available.

See reverse side for 1982 summer schedule for Anacapa and outer island trips.
