

Internship Project Proposals Deadline Approaching!

Internship project proposals for the 2020 Future Park Leaders of Emerging Change (FPL) program are being accepted through 5:00 PM ET Friday, October 18.

The FPL program supports paid internships to be conducted by students currently enrolled in an undergraduate or graduate degree program. FPL internships focus on emergent management issues arising from global drivers of environmental change.

Proposed projects may address needs associated with the management of natural, cultural, or historic resources, park infrastructure, visitor use, or interpretation and education efforts in a future of novel, rapid, and/or large landscape change.

[Learn more and view proposal instructions](#) on the FPL project homepage.

Contact Larry_Perez@nps.gov for questions.

Gregor Schuurman, NPS Climate Change Response Program

Upcoming Training: Mid-America Climate Fundamentals Academy

Workshop #1

ACCO

ASSOCIATION OF CLIMATE CHANGE OFFICERS

A CCO is offering a series of 2-day training academies in Independence, MO to help participants build competencies to effectively integrate climate change into their decision-making and professional activities such as planning and operations.

Workshop #1 will take place in Independence on October 22 & 23. NPS employees are invited to attend Climate Fundamentals Academy Workshops FREE OF CHARGE, through a standing agreement between the NPS Climate Change Response Program and the ACCO.

Full details and registration for [Workshop #1](#) are available now through the Common Learning Portal

Supervisory approval is required, and any associated travel will be paid by the benefiting account. This training opportunity is open to all segments of the NPS workforce. Available seats will be awarded on a first-come, first-serve basis, so early registration is strongly recommended.

For more information, please contact: Larry Perez: larry_perez@nps.gov.

Brochures still available!

Click the preview above to view the full brochure [PDF]

Our most recent printing of the Climate Change in National Parks ungrid brochure has arrived and boxes are ready to mail out to interested parks.

Contact climate_change@nps.gov to receive a box of free brochures to use in your programming or for distribution at your visitor center.

The Climate Change Response Program invites interested NPS employees, contractors, and volunteers to enjoy unlimited access to the Association of Climate Change Officers (ACCO) [library of on-demand and live online training](#) FREE for one full year. This opportunity affords participants unparalleled flexibility to customize training according to their needs and work around busy schedules.

Availability is limited and will be awarded strictly on a first-come, first serve basis. For instructions on how to register for this opportunity, please contact Larry Perez at larry_perez@nps.gov.
