

Congaree National Park Wildlife

Can you identify the animals in the visitor center?

Look along the wall with the mural on it. You'll have to look closely! Some of the animals are tiny and some of them are hiding. You might only see evidence that an animal has been there. Did you look under the tree? What about inside? And while you were looking, did you also see some interesting plants?

Congaree National Park Wildlife

Can you identify the animals in the visitor center?

Look inside the glass case across from the mural. You'll have to look closely! Some of the animals are tiny and some of them are hiding. Did you look at the bottom? What about on the branches? Did you look up high?
