

MONTEZMA PEAK

HEREFORD

#17-b

2016

National Park Service
CENTENNIAL

CORONADO NATIONAL MEMORIAL

AVERAGE RAINFALL

11.61 Inches

ELEVATION

Approximately 4,000 Ft

FIRST EXPLORED BY

Francisco Vásquez de Coronado

FUN FACTS #17-b

Francisco Vasquez de Coronado entered (what is now Arizona) along the San Pedro River valley, a few miles east of the memorial, then continued north along a route marked today as the Coronado Trail, though there is no trace of his passage remaining today.
