

# DISCOVER Coyotes

NPS COLLECTION

**Go to** any trail next  
to a forest or meadow.

# Try it!

Practice howling and yipping like a coyote.

Yuck! Search for coyote scat marking the trail. It looks like dog doo full of fur.

Pretend to be a hungry coyote hunting for mice and rabbits. Sniff the air, walk very quietly, and pounce!

Count how many different tracks you can find. Coyote tracks look like dog tracks but coyotes usually travel in a straighter path.
