"A Christian Ministry in the National Parks" is an Interdenominational program sponsored by the National Council of the Churches of Christ in the U.S.A. Its aims are to provide services of worship, religious activities, and Christian fellowship in the National Parks and Monuments. Although we receive the finest cooperation from the National Park Service and the Park companies, no Government or company funds are appropriated to maintain the program. This Ministry depends entirely upon the generosity of those who worship at its services and upon interested friends.

We invite you to help us in making this ministry possible. All offerings received at services are used for this purpose.
