

Gettysburg

National Military Park

Neighborhood watch programs have sprung up across the nation. These programs involve concerned citizens who are fighting back against crime by keeping a watchful eye out in their neighborhoods for acts of theft, vandalism, and assault.

We have adopted this program as a means of better caring for your battlefield. We call our program the Park Watch. Our objective is to encourage Park visitors, neighbors, and residents to take a more active role in protecting and preserving their Park.

You can help by being alert to crime, vandalism, safety hazards, and fires. If any of these are encountered, we ask that you contact any park employee, or stop at the nearest Park building. If you feel there is need for immediate response to apprehend a criminal or vandal or report a fire, stop at the nearest phone and call:

Daytime 8am to 5pm

(717) 334-1124

Nights

(717) 334-1812

If no answer

(717) 334-8101

IMPORTANT: If you observe someone breaking Park rules or committing a crime, do not attempt to take any action yourself. This is a job for the Ranger. The best thing you can do is to note the location, description of the people involved, license numbers of any vehicles, and report the incident as soon as possible.

Friends and neighbors
fighting back against
crime.
