Grand Teton Guide

Summer 2013 (June 10 – September 2)

The official newspaper of **Grand Teton National Park** & John D. Rockefeller, Jr. **Memorial Parkway**

Welcome to Grand Teton National Park

Whether you watch wildlife, take a scenic drive, hike the trails or scale the peaks, this spectacular landscape inspires us all. The scenery, wildlife and local culture are timeless, and park staff work hard to protect these resources for you and generations to come. We hope you enjoy your visit and return often to this and other national parks. For any return visitors, you will likely notice some changes this summer.

On March 1st, all federal agencies, including the National Park Service, were affected by an action known as sequestration. National parks were directed to take an across-the-board five percent reduction

you visit Grand Teton National Park on vacation or live in the valley of Jackson Hole, encountering wildlife in their own environment is thrilling and potentially dangerous.

Observing and photographing wildlife draws many to this beautiful place; seeking out the smallest calliope hummingbird or the largest grizzly bear. We all share a responsibility to protect ourselves and the park's animals. in their budgets in the last half of the fiscal year. In spite of these cuts, we will continue to strive to ensure visitor safety and protect park resources.

Please visit the Craig Thomas Discovery and Visitor Center or Colter Bay Visitor Center to better plan your time and learn how to keep yourself safe in this wild landscape. The Laurance S. Rockefeller Preserve Center, Jenny Lake Visitor Center and Jenny Lake Ranger Station will remain open this summer thanks to private financial support from park partners and friends. We are very grateful for their support.

Closures this summer include: the Flagg Ranch Information Station; all campsites and restrooms along the Grassy Lake Road; and the roads and restrooms for Spalding Bay, Schwabachers Landing and Two

Ocean Lake. See page 3 for more information on sequestration impacts.

Although some facilities and services are not available this summer, we are committed to helping you make life long memories during your visit. Enjoy your time spent in the shadow of the Teton Range, be safe, and please help us preserve the many treasures of Grand Teton National Park during this and future visits.

Mary Gibson Scott Superintendent **Grand Teton National Park** John D. Rockefeller, Jr. Memorial Parkway

Always maintain a distance of at least 100 yards from bears and wolves, and 25 yards from all other animals. Never position yourself between an adult and its offspring. Females with young are especially defensive. Let wildlife thrive undisturbed. If your actions cause an animal to flee, you are too close.

It is illegal to feed wildlife in the park including ground squirrels and birds. Feeding wildlife makes them dependent on people and often results in poor nutrition. Please follow all food storage regulations. Look for bear boxes at campgrounds and picnic areas. Allowing bears to obtain human food even once often results in aggressive behavior. The bear becomes a threat to human safety and must be relocated or killed.

Whatever brings you to this special place, remember the spectacular mountains and the diverse wildlife. We hope you will remain connected to this place long after you return home.

KEEPING TRACK OF THE **VERNON COLLECTION**

In 2011, the David T. Vernon Indian Art Collection, over 1400 items, underwent conservation after 40 years on display at the Colter Bay Visitor Center. In 2012, 35 artifactsnever before on display—returned

The artifacts have taken a long journey from past to present. Traveling from their original tribal homes, to David T. Vernon's Chicago home, to Laurance S. Rockefeller in New York City, who later donated the collection to the park, to the Colter Bay Indian Arts Museum and on to Tucson for conservation work. The journey is not yet finished. One day the entire collection will return to a new home in Grand Teton National Park.

International Visitors

Des renseignements en Français sont disponibles aux centres des visiteurs dans le parc.

Sie konnen Informationen auf Deutsch in den Besucherzentren bekommen.

Se puede conseguir información en Español en el Centro del Visitante.

EXPERIENCE YOUR AMERICA™

The National Park Service cares for the special places saved by the American people so that all may experience our heritage.

GRAND TETON National Park

National Park Service Director Horace Albright speaks at the 1929 Grand Teton National Park designation ceremony.

FEW LANDSCAPES IN THE WORLD are as striking and memorable as that of Grand Teton National Park. Rising abruptly from the valley floor, the Tetons offer a testament to the power and complexity of nature. The mountains, valleys, lakes, rivers and skies are home to diverse and abundant plants and animals.

People have been living in the shadow of the Teton Range for more than 11,000 years. The human history of this area is extensive, beginning with prehistoric American Indians, to the early Euro-American explorers, and the more recent frontier

settlers. Today, more than 300 historic structures remain in the park.

This spectacular mountain range and the desire to protect it resulted in the establishment of Grand Teton National Park in 1929. Through the vision and generous philanthropy of John D. Rockefeller, Jr., additional lands were added, creating the present day park in 1950.

Grand Teton National Park is truly a special and unique place. With thoughtful use and careful management, it can remain so for generations to come. As with other sites

in the National Park System, Grand Teton preserves a piece of the natural and cultural heritage of America for the benefit and enjoyment of future generations.

While you are here, take a moment to put your cares aside, stroll through a sagebrush meadow, hike a park trail, sit on a quiet lakeshore, and lose yourself to the power of this place.

We hope you will be refreshed and restored during your visit, and stay connected to this magnificent landscape long after you have

Entrance Fees

Single Entry Grand Teton - Yellowstone: \$25 - 7 Days

Good for both Grand Teton and Yellowstone national parks: \$25 per vehicle; \$12 per person for single hiker or bicyclist; \$20 per motorcycle.

Interagency Annual Pass: \$80 - Annual

Covers entrance and standard amenity recreation fees on public lands managed by four Department of the Interior agencies—the National Park Service, Fish and Wildlife Service, Bureau of Land Management, and the Bureau of Reclamation, and by the Department of Agriculture's U.S. Forest Service. The interagency pass is good at vehicle-based entry sites for all occupants in a single, non-commercial vehicle.

Military Annual Pass: Free - Annual

For active duty military personnel and dependents with proper identification (CAC Card or DD Form 1173). Includes the same benefits as the Interagency Annual Pass.

Interagency Senior Pass: \$10 - Lifetime

A lifetime pass for U.S. citizens 62 or older, offering entrance to all areas covered under the Interagency Annual Pass, non-transferable.

Interagency Access Pass: Free

A lifetime pass for citizens with permanent disabilities, offering entrance to all areas covered under the Interagency Annual Pass, non-transferable.

Annual Grand Teton - Yellowstone Pass: \$50.00 - Annual

Allows entrance to Grand Teton and Yellowstone national parks for 12 months from date of purchase; non-transferable.

Commercial Tour Fee: \$variable - 7 Days

Good for both Grand Teton and Yellowstone national parks; non-transferable. Fee is based on the carrying capacity of the vehicle (driver not included). 1-6 carrying capacity: \$25 plus \$12 per person; 7-15 carrying capacity: \$125; 16-25 carrying capacity: \$200; 26 or more carrying capacity: \$300.

Visitor Centers

2013

Craig Thomas Discovery & Visitor Center

Located in Moose, 1/2 mile west of Moose Junction. Open Daily. Open year-round, closed Dec. 25th. Summer hours below. (307) 739-3399.

May 1-June 2 8 am to 5 pm June 3-Sept. 2 8 am to 7 pm Sept. 3-Oct. 31 8 am to 5 pm

Jenny Lake Visitor Center

Located 8 miles north of Moose Junction on the Teton Park Road.

Open Daily. (307) 739-3392.

June 1-Sept. 23 8 am to 5 pm

Opening made possible by support from the Grand Teton Association.

Jenny Lake Ranger Station

Located 8 miles north of Moose Junction on the Teton Park Road.

Open Daily. (307) 739-3343.

June 8-early Sept. 8 am to 5 pm

Opening made possible by support from PSAR and the Grand Teton Association.

Colter Bay Visitor Center

Located 1 mile west of Colter Bay Junction off Highway 89/191/287.

Open Daily. (307) 739-3594.

May 11-June 2 8 am to 5 pm June 3-Sept. 2 8 am to 7 pm Sept. 3-29 8 am to 5 pm

Flagg Ranch Information Station

Will be closed this summer due to budget reductions from sequestration

Laurance S. Rockefeller Preserve Center

Located 4 miles south of Moose on the Moose-Wilson Road. Open Daily. (307) 739-3654.

June 1-Sept. 22 10 am to 6 pm

Opening made possible by support from Jackson Hole Preserve, Inc.

Jackson Hole/Greater Yellowstone Visitor Center

Located in Jackson at 532 N. Cache, visitor information for the greater Jackson Hole area. Open Daily.

What is sequestration?

How does sequestration affect Grand Teton National Park?

Sequestration requires Grand Teton National Park to take a permanent five percent cut, a loss of about \$700,000 in the last half of the fiscal year and during peak visitor season.

Why is a 5 percent cut such a big deal?

Between 2009 and 2012, the park's inflation-adjusted budget declined about eight percent. The park has already cut seasonal staff and taken other steps in response to this decline. The additional five percent cut under sequestration equates to nearly a 14 percent total decline in the park's budget since 2009.

Why did the park close Schwabachers Landing, Spalding Bay, and Two Ocean Lake Road and Grassy Lake Road Campsites?

Decisions to close areas and facilities were not made lightly. In order to reduce the number of seasonal custodial staff we had to reduce the amount of custodial work required. The only feasible way to do this was to close facilities requiring that work. We chose less visited, more remote areas so we could focus limited resources on the areas with the greatest visitor use.

Couldn't the park have locked the restrooms and removed the trash cans but left the road open?

We have found that when toilets and trash are unavailable, people will still dispose of their waste. This situation creates unsightly and unsanitary conditions that eventually require more time and money to clean up and restore. Additionally, all closed facilities are near sensitive wetlands so that behavior would create an unacceptable impact on important habitat.

How was the park able to open the Laurance S. Rockefeller (LSR) **Preserve Center?**

Jackson Hole Preserve, Inc., trustees for Laurance S. Rockefeller, established a one-time grant to fund the LSR Preserve Center this summer. Funds came from an endowment established to address essential capital needs at the LSR Preserve, not for operating costs. Future grants for operations will not be made.

How was the park able to open the Jenny Lake Visitor Center?

Jenny Lake Visitor Center will open through a collaboration with our park partner, the Grand Teton Association (GTA). For this season only, GTA has agreed to help fund operations of this visitor center through revenue from book sales.

How was the park able to open the Jenny Lake Ranger Station? Generous one-time private donations to the 2013 Preventative Search and Rescue Program (PSAR) allowed the park to open the

Go Digital

WIRELESS INTERNET

Free wireless internet access is available for the public at the Craig Thomas Discovery and Visitor Center in Moose.

MULTIMEDIA PRESENTATIONS

The Grand Teton National Park website offers a variety of audio, video and digital image products: www.nps.gov/grte/ photosmultimedia/multimedia.htm.

VIDEO PODCASTS

Plan your trip, view wildlife, learn about safety in bear country, understand the powerful forces that shaped these mountains, and learn about the Murie family who helped preserve this landscape from the multimedia page.

GRAND TETON iPHONE APP

The Official App for Grand Teton National Park produced for the Grand Teton Association includes the essential information you need to plan your trip or experience the park before leaving home. Download to your iPhone: tetonapp.com.

TravelStorysGPS iPHONE APP

This free app from the Grand Teton National Park Foundation shares vivid and engaging audio stories about the history,

geology, animals and activities in the park. Drive the Teton Park Road from Moose to Jackson Lake Lodge and learn about this magnificent park: www.gtnpf.org/ TravelStorysGPS.php.

eHike String Lake

Explore the elements in a virtual hike around String Lake—earth, wind, water and fire. Discover this often overlooked gem in the park: www.nps.gov/grte/ photosmultimedia/virtualtour.htm

Campgrounds

Jenny Lake Ranger Station.

All five park campgrounds and two trailer villages are operated by park concessioners.

CAMPGROUNDS

Campground fees are \$21 per night per site and \$10.50 for Senior/ Access cardholders. Jenny Lake and Colter Bay have walk-in sites available. All campgrounds provide modern comfort stations, but do not include utility hookups. (Colter Bay RV Park and Headwaters Campground & RV Sites do have hookups.)

The maximum length of stay is seven days per person at Jenny Lake and 14 days at all other campgrounds—no more than 30

days in the park per year (14 days at Jenny Lake). The campgrounds operate on a first-come, firstserved basis, advance reservations are not accepted. Reservations are accepted for group camping, the Colter Bay RV Park and the Headwaters Campground & RV Sites at Flagg Ranch.

For campground status, contact entrance stations or visitor centers. Additional camping facilities are available in nearby national forests and other adjacent areas. Camping is not permitted within the park along roadsides, in overlooks or in parking areas. Doubling up in campsites is not permitted and there are no overflow facilities.

The campsites along Grassy Lake Road will be closed this summer.

GROUP CAMPING

Advanced reservations are required for group camping at Colter Bay and Gros Ventre campgrounds. The sites range in capacity from 10 to 100 people. Call the Grand Teton Lodge Company at (800) 628-9988 or (307) 543-3100 for reservations.

PUBLIC SHOWERS

The only public shower facility in the park is located at the Colter Bay Village Laundromat.

RECYCLING CENTERS

Park concessioners Grand Teton Lodge Company and Signal Mountain Lodge collectively recycle

more than 170 tons of material annually. When you stay in a park campground, please use the recycling containers to help keep Grand Teton National Park clean and pleasant for other campers and conserve resources.

REDUCE YOUR USE OF DISPOSABLE PLASTIC BOTTLES

Park concessioners are joining Grand Teton National Park to reduce the sale and use of disposable plastic bottles by selling reusable containers. Save money, energy and reduce waste by using reusable bottles for water.

(tents only)

PARK CAMPGROUNDS

* dump station available

Colter Bay Campground*

350 individual, 9 walk-in, 11 group Open: May 23 to Sept. 22 \$21 per night, (800) 628-9988 Filling Time: evening

Colter Bay Tent Village Park

66 tent cabin sites Open: May 31 to Sept. 2 \$57 per night, (800) 628-9988 Filling Time: call for information

Colter Bay RV Park

112 RV sites Open: May 23 to Sept. 22 \$60 per night pull through site, (800) 628-9988 Filling Time: call for information RV hookups available

Gros Ventre Campground*

350 individual sites, 5 group Open: May 3 to Oct. 4 \$21 per night, (800) 628-9988 Filling Time: rarely fills

Headwaters Campground & RV Sites at Flagg Ranch

175 individual sites Open: June 1 to Sept. 30 \$64 RVs. \$35 tents. (800) 443-2311 Filling Time: call for information

Jenny Lake Campground

49 individual sites, 10 walk-in sites Open: May 10 to Sept. 29 \$21 per night, \$8 per person for hiker/biker campers without vehicles, (800) 628-9988 Filling Time: 9 am

Lizard Creek Campground

60 individual sites Open: June 7 to Sept. 2 \$21 per night Hiker/biker \$5 per person for campers without vehicles (800) 672-6012 Filling Time: evening 30 foot vehicle max

Signal Mountain Campground*

81 individual sites, including: 56 no hookups (\$21) 24 electric hookup sites (\$45) Discounts for Seniors/Access 1 full hookup site (\$55) Hiker/biker \$5 per person for campers without vehicles Open: May 10 to Oct. 13 (800) 672-6012 Filling Time: noon or earlier 30 foot vehicle max

Safety & Regulations

FIREARMS

Wyoming state regulations apply. Carrying or possessing firearms is prohibited in buildings where notice is posted. Firearms may not be discharged in a national park, except by permitted individuals during legal hunting seasons.

FIREWORKS

Fireworks and other pyrotechnic devices are prohibited at all times in the park.

CAMPFIRES

Campfires are allowed without a permit at designated campgrounds and picnic areas within metal fire grates, unless fire restrictions are in effect. Lakeshore backcountry sites with fire grates include: Leigh, Bearpaw and Trapper lakes. A permit may be obtained for campfires below the high water line of Jackson Lake at the Colter Bay Visitor Center. Campfires are prohibited in all other areas.

PLANTS & ANIMALS

All plants and animals are part of natural processes and are protected within the park and parkway. Leave plants and animals in their natural setting for others to enjoy. Picking wildflowers is prohibited. Maintain a distance of at least 100 yards from bears and wolves and 25 yards from all other wildlife. Large animals are quick, powerful and unpredictable. Getting too close can result in serious injury. Take special care to avoid encounters with wildlife and to help maintain their natural fear of humans. Many small animals can carry diseases and should never be touched or handled. Allow them to find their own food. Their natural diet ensures their health and survival. No matter how tempting it may be to give food to animals, feeding is prohibited.

PETS

Pets must be restrained on a leash (6 feet or less) at all times and must stay within 30 feet of roadways. Pets are not allowed in visitor centers, on park trails or in the backcountry, in boats on the Snake River or lakes other than Jackson Lake. Pets are not allowed on ranger-led activities. Kennels are available in Jackson. Properly dispose of pet feces in garbage cans. Pets are not permitted on the multi-use pathway.

BIKING

Bicycles are permitted on public roadways, the multi-use pathway and on the Colter Bay Marina breakwater. Ride on the right side of the road in single file and wear a helmet at all times. Riding bicycles or other wheeled vehicles in the backcountry, on- or off-trail, is prohibited. Roadway shoulders are narrow—ride at your own risk.

MULTI-USE PATHWAY

Only NON-MOTORIZED METHODS of transportation are permitted on the multi-use pathway. Persons with physical disabilities may use electric and battery operated transportation. The multi-use pathway is closed from dusk to dawn for wildlife and public safety.

PETS ARE NOT PERMITTED on the park pathway. Guide dogs—used for the sole purpose of aiding a person with physical disability—may travel on the pathway. Ask at a visitor center for suggestions on where to exercise your pet.

AQUATIC NUISANCE SPECIES

Help protect park waterways and native fish by learning how you can prevent the spread of exotic species. Inspect, clean and dry all equipment including boats, boots and waders before entering a new body of water. Never empty containers of bait, fish, plants or animals into park waters. Ask at a permits office about the Wyoming state law requiring boaters to purchase an Aquatic Invasive Species (AIS) sticker for display on the boat.

PERSONAL FLOTATION DEVICES (PFDs)

PFDs are strongly recommended for all persons in a private floating/boating party, and required in commercial vessels.

BOATING

Motorboats are permitted on Jenny (10 horsepower maximum) and Jackson lakes. Human-powered vessels are permitted on Jackson, Jenny, Phelps, Emma Matilda, Two Ocean, Taggart, Bradley, Bearpaw, Leigh and String lakes. Sailboats, water skiing and windsurfers are allowed only on Jackson Lake. A park permit is required: motorized craft \$20 for 7 days and \$40 for 1 year; nonmotorized craft \$10 for 7 days and \$20 for 1 year. A Wyoming state AIS sticker is also

required. Jet skis are prohibited on all waters within the park. Permits may be purchased at the Craig Thomas Discovery, Jenny Lake or Colter Bay visitor centers.

FLOATING THE SNAKE RIVER

Only human-powered rafts, canoes, dories and kayaks are allowed on the Snake River within the park and parkway. A permit is required (\$10 for 7 days; \$20 for 1 year) for non-motorized vessels and may be purchased at the Craig Thomas Discovery, Jenny Lake or Colter Bay visitor centers. Read the launch site bulletin boards for current river conditions. The Snake River is a complex river to float. Constantly shifting channels and logjams present risks for boaters. Accidents are common. Check conditions and use caution whenever you float. For information on Snake River flows visit: waterdata.usgs.gov/wy/nwis/ current/?type=flow.

FISHING

Cutthroat, lake and brown trout, and whitefish inhabit lakes and rivers of the park and parkway. A Wyoming fishing license is required to fish in the park and parkway and may be purchased at Signal Mountain Lodge, Colter Bay Marina, Colter Bay Village Store, Dornans and Headwaters Lodge. Fishing in Yellowstone National Park requires a separate permit (fee charged); purchase permits at Yellowstone visitor centers and ranger stations. The use of nonnative baitfish is prohibited.

JACKSON LAKE

Contact visitor centers for information on the availability of services at Leek's, Signal Mountain and Colter Bay marinas. Low water levels will increase the risk of boats striking submerged objects and landforms that are normally well beneath the surface.

SWIMMING

Swimming is permitted in all lakes. There is a designated swimming beach at Colter Bay with picnic facilities; however, there are no lifeguards. The Snake River is a swift, cold river presenting numerous dangers; swimming is not recommended.

HOT SPRINGS

Thermal water can harbor organisms

that cause a fatal meningitis infection and Legionnaires' disease. Exposing your head to thermal water by immersion, splashing, touching your face, or inhaling steam increases your risk of infection.

HIKING

Hikers are reminded to stay on trails. Short-cutting is prohibited because it damages fragile vegetation and causes erosion.

Visitor centers sell topographic maps and trail guides. Know your limitations when traveling in the backcountry. Let a friend or relative know your planned destination, route, and expected time of return. These precautions will greatly increase your chance of survival in an emergency. Permits are not required for day hiking. Trailhead parking areas fill early during the day in July and August. In early summer, many trails are snow-covered and you may need an ice axe.

BACKPACKING

Grand Teton National Park and the John D. Rockefeller, Jr. Memorial Parkway have more than 240 miles of trails. Obtain a required, free backcountry permit for overnight trips in the park or parkway at the Craig Thomas Discovery or Colter Bay visitor centers and the Jenny Lake Ranger Station. One-third of backcountry campsites in high use areas may be reserved in advance from January 5-May 15; a \$25 fee is charged for each successful reservation. Pets are not allowed on park trails or in the backcountry. Park approved bear resistant canisters are required for all overnight backcountry use. Ask at a visitor center for more details. Check out a free canister for use in the park when securing your permit.

CLIMBING

There are many risks and hazards associated with climbing and mountain travel. Experience and good judgment are essential. The Jenny Lake Ranger Station is staffed from late May to September by climbing rangers who can provide up-to-date weather and route conditions. Also check: www. tetonclimbing.blogspot.com. Registration is not required for day climbs or cross-country hiking. Backcountry permits are required for all overnight climbs. The park DOES NOT check to see that you get safely out of the backcountry. Leave an agenda with friends or family. Solo travel is not advised.

Teton Weather

From June through August the average daily temperature in the valley is 76°F, but high elevation hiking trails are not snow-free until mid-July. Nighttime temperatures can drop to the lower 40s.

Dress in layers when recreating and be prepared for changing conditions. Afternoon thunderstorms occur frequently during the summer. Since 1999, there have been 30 injuries and two fatalities in the park due to lightning. Avoid mountain tops, ridges and open areas.

NOAA weather forecasts are available at www.weather.gov/riverton, on NOAA Weather Radio at 162.525 MHz, or by calling the National Weather Service at 1-800-211-1448.

Average	Weather	Moose, WY 1	1958 - 2011		
Month	Average High Temp	Average Low Temp	Average Precipitation	Average Snowfall	Number Thunderstorms
January	25.9 °F	0.9 °F	2.6 in.	43 in.	0
February	31.1 °F	3.3 °F	1.9 in.	29 in.	0
March	39.3 °F	12.0 °F	1.6 in.	21 in.	0
April	49 .3 °F	22.2 °F	1.5 in.	10 in.	1
May	61.0 °F	30.8 °F	2.0 in.	2.4 in.	5
June	70.7 °F	37.3 °F	1.8 in.	0 in.	11
July	80.5 °F	41.3 °F	1.2 in.	0 in.	14
August	79.0 °F	39.6 °F	1.4 in.	0 in.	12
September	69.1 °F	32.2 °F	1.4 in.	1 in.	2
October	55.7 °F	23.1 °F	1.4 in.	5 in.	0
November	38.3 °F	13.7 °F	2.1 in.	23 in.	0
December	26.5 °F	1.9 °F	2.6 in.	40 in.	0

Don't Get Hit!

Follow these guidelines to avoid lightning-related injuries.

- Afternoon storms are common in summer, get to a safe place before storms hit.
- Avoid mountain tops, ridges, open areas and lone trees; forested areas with trees of similar height are safer.
- Do not stand on tree roots.
- If boating, get off the water.
- The National Oceanic and Atmospheric Administration (NOAA) provides a variety of material and links through their website at: www.lightningsafety.noaa.gov/outdoors.htm. This site contains critical lightning safety and medical information.

Be Bear Aware!

A sow grizzly bear and her three cubs cross a park road. Drive with caution throughout the park and watch for wildlife along the roadways for your safety and theirs. Photograph by Gary Pollock.

GRIZZLY AND BLACK BEARS can be anywhere in the park at any time. Odors attract bears into campgrounds and picnic areas. Regulations require that all food, garbage, toiletries, pet food, coolers and food containers (empty or full), and cookware (clean or dirty) be stored in a hard-sided vehicle with the windows rolled up or bear-resistant food locker when not in immediate use, day or night. Failure to follow regulations is a violation of federal law and may result in a citation.

- Never leave your backpack unattended!
- Never allow a bear to get human food.
- If approached by a bear while eating, put food away and retreat to a safe distance.

Keep a Clean Camp

Improperly stored or unattended food will be confiscated and you could be fined.

- Treat odorous products such as soap, toothpaste, fuel products, suntan lotion, and bug repellent in the same manner as food.
- Never store food, garbage or toiletries in tents.
- Place all trash in bear-resistant garbage dumpsters.
- Immediately report careless campers and all bear sightings to the campground kiosk or nearest ranger.
- Bears that receive human food often become aggressive and must be killed.

Make Noise in Bear Country

Grizzly and black bears live in the park and parkway. Bears will usually move out of the way if they hear people approaching, so make noise. Don't surprise bears! Calling out and clapping your hands at regular intervals are the best ways to make your presence known. Bear bells are not sufficient. Be particularly careful when vegetation or terrain

.....

limits line of sight. The use of portable audio devices is strongly discouraged.

Hike in Groups

If possible, hike in groups of three or more people. Typically, larger groups of people make more noise and appear more formidable to bears. Keep your group together and make sure your children are close at all times. Avoid hiking when bears are more active; early in the morning, late in the day or when it is dark. Trail running is strongly discouraged; you may startle a bear.

Never Approach a Bear

All bears are wild and dangerous. Each bear will react differently and their behavior cannot be predicted.

If You Encounter a Bear

Do not run! Bears can easily outrun you. Running may cause an otherwise non-aggressive bear to attack.

- If the bear is unaware of you, or if the bear is aware of you but has not acted aggressively, slowly back away.
- Do not drop your pack! This teaches bears how to obtain human food and often results in the death of a bear.
- Do not climb trees. All black bears, all grizzly cubs and some adult grizzlies can climb trees.

If a Bear Approaches or Charges You

Do not run! Most bear attacks result from surprise encounters when the bear is defending their young or a food source, such as a carcass. Some bears will bluff their way out of a threatening situation by charging, then veering off or stopping abruptly. Bear experts generally recommend standing still until the bear stops and then slowly backing

If you are attacked, lie on the ground completely flat on your stomach. Spread your legs slightly and clasp your hands over the back of your neck. Do not move until you are certain the bear has left.

In rare cases, bears have attacked at night or after stalking people. These types of attacks may mean the bear views you as prey. If you are attacked at night or if you feel you have been stalked and attacked as prey, fight back. Do whatever it takes to let the bear know you are not easy prey.

If You Carry Bear Spray

- Bear spray has been shown to be extremely effective in deterring bear attacks.
- Use only bear spray. Personal self-defense pepper spray is not effective.
- Keep the canister immediately available, not in your pack.
- Follow the manufacturer's instructions, know how to use the spray, and be aware of its limitations, including the expiration date.
- Bear spray is not a repellent! Do not spray it on people, tents or backpacks.
- Under no circumstances should bear spray serve as a substitute for standard safety precautions in bear country.

Park visitor centers offer bear safety programs and can recycle your bears spray. Come visit for more information.

Be Safe!

Do not leave backpacks, coolers, or bags containing food unattended for ANY length of time.

Do not leave food, garbage or coolers in the open bed of a truck or on the exterior of any vehicle.

WHAT KIND OF BEAR DID YOU SEE? Both grizzly bears and black bears live in the park and parkway.

Black Bear

- Color ranges from blonde to
- No distinctive shoulder hump
- Face profile is straight from nose to tip of ears
- Ears are tall and pointed
- Front claws are short and curved (1-2" long)

Five Reasons to Drink Grand Teton National Park Water

By Grand Teton National Park Green Team

• 6,500 FEET

The average elevation of Grand Teton National Park's valley floor. At high elevation, your body loses water twice as fast as at sea level. Drink extra water for your body to function properly here.

• 5,000 SINGLE-USE PLASTIC BOTTLES

The number of single-use plastic bottles entering the waste stream every day in Jackson Hole; only 60 percent of these bottles are recycled. Every year people spend over \$100 billion on bottled water world-wide. Purchasing eight, 16 oz. bottles of water—one gallon—may cost \$8. Instead, consider using refillable bottles or a water reservoir for your pack. You will save money and help your body cope with the elevation.

• 100% PURE

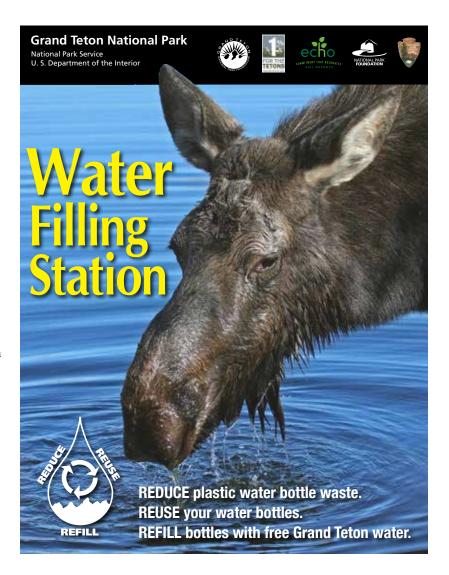

The park has retrofitted many of its drinking fountains in high traffic areas to be quick and easy water bottle filling stations. The water from these filling stations is tested more regularly than bottled water and is some of the purest water in the country. Please keep in mind, water taken directly from lakes or streams must be treated before drinking.

CONVENIENCE

Filling up your reusable water bottle is easier than purchasing a bottle of water. Water bottle filling stations are found throughout Grand Teton National Park. Locations include the Craig Thomas Discovery & Visitor Center, South Jenny Lake, String Lake picnic area, Colter Bay Visitor Center, and Signal Mountain, Jackson Lake and Jenny Lake lodges. The water filling stations provide a clean and safe source of water as an alternative to buying bottled water.

COMMITMENT

The National Park Service and its partners are committed to preserve and protect Grand Teton National Park for you and for future generations. With three million visitors every year, we need your help! The park has committed to reducing greenhouse gas emissions 20 percent by 2020. By providing a wide range of reusable water bottles for purchase—including a low-cost, BPA free, recyclable plastic bottle with the "reduce, reuse, refill" logo—and water bottle filling stations, we can help reduce our waste stream. In addition, the park purchases 100 percent green power, provides recycling for visitors and employees, and works with the U.S. Green Building Council to ensure all new construction in the park is Leadership in Energy and Environment Design (LEED) certified. With these initiatives and your help, we can reach our greenhouse gas reduction goals and protect the park for future generations.

Where to Look for Wildlife

LL ANIMALS REQUIRE FOOD,
WATER AND SHELTER. Each
species also has particular living space
or habitat requirements. To learn more about
wildlife habitats and behavior, attend ranger-led
activities. While observing wildlife, please park in
designated turnouts, not on the roadway.

OXBOW BEND

One mile east of Jackson Lake Junction. Slow-moving water provides habitat for fish such as suckers and trout that become food for river otters, ospreys, bald eagles, American white pelicans and common mergansers. Look for beavers and muskrats swimming past. Moose browse on abundant willows at the water's edge. Elk occasionally graze in open aspen groves to the east, while grizzly bears occasionally look for prey.

WILLOW FLATS

North of the Jackson Lake Dam moose browse on willow shrubs. At dawn and dusk, elk graze on grasses growing among willows. Predators such as wolves and grizzly bears pursue elk calves in early summer. Beavers create ponds by damming streams that also harbor muskrats and waterfowl.

Always maintain a distance of at least 100 yards from wolves and bears and 25 yards from all other wildlife. Do not feed or harass wildlife of any kind.

ELK RANCH FLATS

Stop at the Elk Ranch turnout on highway 26/89/191 just north of Cunningham Cabin. Here you may see pronghorn, bison, elk and even domestic animals using a grazing permit. The open grasses here attract a variety of animals.

SNAKE RIVER

Jackson Lake Dam south to Moose. Elk and bison graze in grassy meadows along the river. Bison also eat grasses on the sagebrush benches above the river. Bald eagles, ospreys and great blue herons build large stick nests within sight of the river. Beavers and moose eat willows lining the waterway.

BLACKTAIL PONDS

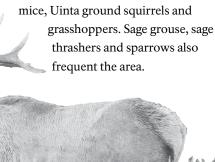

Half-mile north of Moose on Highway 26/89/191. Old beaver ponds have filled with sediment and now support grassy meadows where elk graze during the cooler parts of the day. Several species of ducks feed in the side channels of the Snake River while moose browse on willows.

TIMBERED ISLAND

A forested ridge southeast of Jenny Lake. Small bands of pronghorn, the fastest North American land mammal, forage on nearby sagebrush throughout the day. Elk leave the shade of Timbered Island at dawn and dusk to eat grasses growing among the surrounding sagebrush.

ANTELOPE FLATS & MORMON ROW

East of Highway 26/89/191, one mile north of Moose Junction. Bison and pronghorn may be seen grazing. Watch for coyotes, Northern harriers and American kestrels hunting mice, Uinta ground squirrels and

Interested in Working in the Park?

HAVE YOU EVER THOUGHT ABOUT SPENDING A SUMMER WORKING IN A NATIONAL PARK? Summer seasonal positions are recruited during the winter months. A wide variety of positions provide unique challenges, and many rewards. Imagine yourself fighting wild fires, maintaining backcountry trails, patrolling the Snake River in a boat, providing guided ranger hikes or assisting a park biologist with wolf research.

To view and apply for vacancies for all federal jobs visit www.

usajobs.gov. For a list of available jobs in the Department of Interior, including the National Park Service go to www. doi.gov/public/findajob.cfm. Positions posted for Grand Teton National Park can be found under jobs listed in Moose or Moran, Wyoming. You can also learn about vacancies at www.nps.gov/grte/supportyourpark/employ.htm. For jobs in fire management, log on to www.tetonfires.com and click on the Employment link. Go to www.nps.gov/grte/supportyourpark/upload/OF510-fedres.pdf to learn how to apply for federal jobs.

Visit Moose

Moose is located 12 miles north of Jackson, Wyoming. Please see the park map on page 16 to help you plan your trip to Moose. Enjoy a variety of trails, activities, scenic drives and ranger programs as well as historic districts and iconic views of the Teton Range.

CRAIG THOMAS DISCOVERY & VISITOR CENTER

Visit the Discovery Center for trip planning, weather, permits and camping information. Experience the video rivers, view a film or listen to a special guest speak in the new auditorium. Shop at the Grand Teton Association bookstore for gifts, educational books and postcards. The visitor center is open daily June 3-September 2 from 8 am to 7 pm. Details on page 2.

MENORS FERRY HISTORIC DISTRICT Take a self-guided tour around the historic

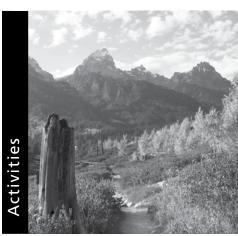

district and learn about Jackson Hole history through pictorial displays at the Maud Noble Cabin. Visit the General Store (open May 24-Sept. 30 daily, 9 am–4:30 pm) and purchase turn-of-the-century-themed goods. Join a ranger for a guided walk at 2:30 pm to learn more, see program schedule below. Ride the ferry daily from 10 am to 2 pm as river conditions permit.

THE MURIE RANCH

Learn about the Murie family wilderness conservation legacy by taking this selfguided one mile roundtrip walk. Ask a ranger for directions to access the ranch and view historic buildings where landmark wilderness legislation was drafted.

MORMON ROW

Take a self-guided tour around the remaining buildings of this once vibrant community. Pick up a brochure near the "Pink House." Originally called Grovont, "Mormon Row" was a community of homesteads, a church, school and swimming hole. Members of The Church of Jesus Christ of Latter-Day Saints settled this area around the turn of the last century.

HIKING

Great hiking opportunities abound in the Moose area. Ask at a visitor center for trail suggestions. Weather may change abruptly, afternoon thunderstorms are common, bring extra clothing and plenty of water. Dehydration can lead to serious illness, and has been the cause for many rescues in the park. Bring your own water or treat stream or river water before drinking.

TAGGART LAKE TRAILHEAD

Drive 3.5 miles northwest of Moose Junction to enjoy a spectacular view of the Teton

Range. Enjoy a 3-mile roundtrip hike to Taggart Lake or detour for a longer hike with great views of Bradley Lake and Garnet Canyon. A pit toilet, trailhead information and brochures are available.

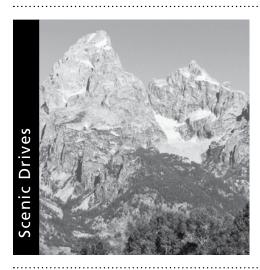

DEATH CANYON TRAILHEAD

Drive three miles south of Moose on the Moose-Wilson Road (closed to trailers or motorhomes) to the Death Canyon Road. High clearance vehicles are recommended for this rough road. Access Death Canyon and Phelps Lake. For a great family hike, walk to the Phelps Lake overlook (2.0 miles

roundtrip, 430-foot elevation change). Look for marmots, black bear and moose. Carry bear spray and know how to use it.

MULTI-USE PATHWAY

Bike, walk, skateboard or rollerblade on the multi-use pathway. Access the pathway from Moose or Taggart Lake Trailhead. The pathway extends from Jackson to South Jenny Lake. Bike rentals are available at Dornans near Moose or in Jackson or Teton Village. Special regulations apply, see page 4 for more information.

ANTELOPE FLATS TO KELLY

Drive one mile north of Moose Junction on Highway 26/89/191 and turn right onto Antelope Flats Road. Look for bison, pronghorn, moose and deer as you drive east and then south to the town of Kelly, WY.

MORMON ROW

Drive 1.5 miles east on the Antelope Flats Road (see above) and turn right onto a dirt road past turn-of-the-century homesteads and barns. The famous T. A. Moulton barn is located on your right. Continue to the town of Kelly or return the way you came.

GROS VENTRE RIVER

Drive the Antelope Flats Road loop to Gros Ventre Junction or drive directly to the Gros Ventre River by heading south on Highway 26/89/191 and turning left at Gros Ventre Junction. Look for moose, bison and pronghorn along the Gros Ventre River and the surrounding terraces.

KELLY WARM SPRINGS/ GROS VENTRE SLIDE

If you have time drive the Gros Ventre Road into the Bridger-Teton National Forest for dramatic views of the Gros Ventre Slide with beautiful lake views and colorful red cliffs.

This paved road becomes gravel at Atherton Creek Campground. A restroom is located at Kelly Warm Springs at the beginning of the Gros Ventre Road. Bison frequent this natural thermal area.

MOOSE-WILSON ROAD

Drive the narrow, winding Moose-Wilson Road for wildlife viewing opportunities along wetland habitat. Motorhomes and trailers are not permitted and the unpaved section may be rough. Speed limits are strictly enforced and the road often becomes congested during peak hours. Watch for bicyclists and wildlife on the roadway.

Moose Ranger Programs

& = accessible programs

.....

Event	Description	Meeting Place	Date/Time Duration	Sun	Mon	Tues	Wed	Thu	Fri	Sat
Taggart Lake Hike	Hike with a ranger along the scenic trail to Taggart Lake, where a variety of stories unfold. Topics may include geology, fire ecology, wildflowers, history or wildlife. Bring water, binoculars, camera, sunscreen, and rain gear. ROUNDTRIP DISTANCE: 3 miles (1.5 miles guided). DIFFICULTY: Moderate.	Taggart Lake Trailhead	June 10-Sept. 2 9 am 2 hours				•			
Map Chat	From park's geologic story to learning about the variety of wildlife that call this park home, this program will give you insight into the stories behind the scenery.	Craig Thomas Discovery & VC relief map	June 10-Sept. 2 10:30 am 30 minutes	-					-	
Nature in a Nutshell	Explore Grand Teton's diverse natural world during a quick 20 minute talk. Topics vary.	Craig Thomas Discovery & VC courtyard	June 10-Sept. 2 1 pm 20 minutes						•	
Bear Safety	Discover techniques that will help you stay safe while traveling and camping in bear country. Includes instruction in the use of bear pepper spray. DIFFICULTY: Easy.	Craig Thomas Discovery & VC courtyard	June 10-Sept. 2 1 pm 20 minutes	-						
A Walk into the Past	Discover the story of Menors Ferry Historic District and learn how early settlers crossed the Snake River on a cable ferry. ROUNDTRIP DISTANCE: less than a mile. DIFFICULTY: Easy.	Menors General Store	June 10-Sept. 2 2:30 pm 45 minutes							

GRAND TETON ASSOCIATION

Grand Teton Association was established in 1937 as the park's primary partner to increase public understanding, appreciation, and enjoyment of Grand Teton National Park and the Greater Yellowstone area. Since that time, the Association has been aiding the interpretive, educational, and research programs. This summer support includes funding operations of the Jenny Lake

Visitor Center, publication of the Grand Teton Guide and continuation of ranger-guided hikes.

When you make a purchase at an Association bookstore, you are supporting the educational, interpretive, and scientific programs in Grand Teton National Park. Your purchase also supports the publication of this newspaper, books and the free educational handouts available at visitor centers and entrance stations.

EXPLORE THE MURIE RANCH

Every Monday, Wednesday, and Friday at 2:00 pm join Murie Center staff for a 30 minute tour through Mardy and Olaus' cabin and the Homestead Cabin. Learn about the history of the ranch, the Murie's life-long dedication to conservation work, and current work at The Murie Center.

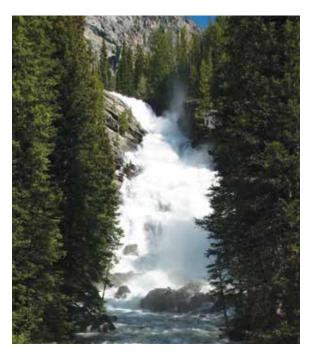

Beginning in June, continue your tour with a 30 minute walk on the "Around the World" trail established by Mardy and Olaus. Search for signs of wildlife, explore their habitat and learn about geology of the area. Please come prepared with appropriate walking shoes, water, sunscreen/hat and bear spray.

Explore Jenny Lake

South Jenny Lake is located 8 miles north of Moose. Please see the park map on page 16 to help you plan your trip to Jenny Lake. Explore Jenny Lake for convenient access to glacially-formed lakes and invigorating hikes while enjoying dramatic mountain scenery.

PARKING

Parking at South Jenny Lake is highly congested and often full from 10 am to 4 pm. Plan accordingly. Watch for pedestrians.

SOUTH JENNY LAKE

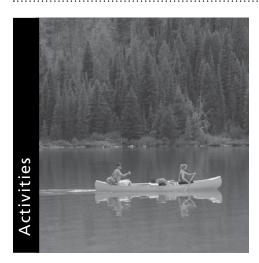

Visit the Jenny Lake Visitor Center for trip planning, weather and camping information. Learn about Teton Range geology through interactive exhibits and a short geology video. Shop at the Grand Teton Association retail area for gifts, educational books and postcards. The visitor center is open daily June 1-August 25 from 8 am to 5 pm. The

South Jenny Lake area includes a general store, restrooms, trailhead access, boat launch and the Exum Mountain Guide office. The Jenny Lake Ranger Station provides backcountry and climbing information and overnight permits. The ranger station is open from June 8–early September from 8 am to 5 pm.

Take a shuttle boat across Jenny Lake to the mouth of Cascade Canyon (Roundtrip/Oneway: adult \$12/\$7, child (2-11) \$6/\$5, under 2 years, over 80 free) or a scenic cruise (\$16 adults/\$10 children).

NORTH JENNY LAKE

Swim in the seasonally warm waters of String Lake and then enjoy a picnic at the String Lake picnic area. Flush and pit restrooms available. Park at the String Lake Trailhead and hike across a rustic wooden bridge through a burned area and view the regeneration of a forest. Launch your canoe or kayak from the canoe launch, look for the launch area sign just past the String Lake Trailhead parking lot (permit required). Or enjoy lunch at the Jenny Lake Lodge located just past the North Jenny Lake Junction on the scenic one-way road.

HIKING

Jenny Lake provides outstanding hikes to lakes and along creeks with close-up views of the central Teton Range. Weather may change abruptly, afternoon thunderstorms are common, bring extra clothing and plenty of water. Dehydration can lead to serious illness, and has been the cause for many rescues in the park.

BOATING

Rent a canoe or kayak from Jenny Lake Boating at the boat dock and tour Jenny Lake at your own pace. Or take the shuttle for quick access to Cascade Canyon. If you have your own human-powered boat, spend some time on Leigh Lake (permit required). When the lake is calm, enjoy unparalleled reflection views of Mt. Moran.

BIKING

The multi-use pathway departs from South Jenny Lake across from the visitor center. Enjoy a scenic ride along the foot of the Teton Range. Pathway travels south to Dornans, eight miles, one-way and on to Jackson, an additional 12 miles. Restrooms and bike racks are located at Taggart Lake Trailhead and Moose.

BACKCOUNTRY CAMPING

The area around Jenny Lake provides a wide range of backcountry camping opportunities whether you are planning to climb the Grand Teton or simply want to spend an evening beside a pristine lake with your family. Ask at the ranger station or visitor center for suggestions and permits (required for all overnight stays).

SCENIC DRIVES

At North Jenny Lake Junction turn left (west) and enjoy the scenic one-way loop back to South Jenny Lake. Enjoy lake views and watch for elk and black bears.

Jenny Lake Ranger Programs

& = accessible programs

Event	Description	Meeting Place	Date/Time Duration	Sun	Mon	Tues	Wed	Thu	Fri	Sat
Inspiration Point Hike	Learn about the formation of this magnificent landscape on a hike to Hidden Falls and on to Inspiration Point. This is a great activity for families! To reserve your space, please obtain a token for each member of your group at the Jenny Lake Visitor Center prior to meeting the ranger. This activity is limited to 25 on a first-come, first-served basis. We will take the shuttle boat across Jenny Lake. Boat Fare (Roundtrip/One-way): adult \$12/\$7, child (2-11) \$6/\$5. ROUNDTRIP HIKE DISTANCE: 2 miles. DIFFICULTY: Moderate uphill.	Jenny Lake Visitor Center flagpole	June 10-Sept. 2 8:30 am 2.5 hours							
Bear Safety	Discover techniques that will help you stay safe while traveling and camping in bear country. Includes instruction in the use of bear pepper spray. DIFFICULTY: Easy.	Jenny Lake Visitor Center flagpole	June 10-Sept. 2 1:30 pm 20 minutes	-				•		

Origins: Names in Grand Teton National Park

Grand Teton (13,770 feet):

Highest peak in the Teton Range. Named by French trappers. Upon viewing the Teton Range from the west, the trappers dubbed the South, Middle and Grand, Les Trois Tetons, meaning "the three breasts." Wilson Price Hunt called them the "Pilot Knobs" in 1811 because he had used them for

orientation while crossing Union Pass.

Jackson Hole:

The valley on the east side of the Teton Range. Fur trappers called a mountainringed valley a "hole." Named for trapper David E. Jackson. Originally known as "Davey Jackson's Hole."

Jenny Lake and Leigh Lake:

Lakes along the eastern edge of the Teton Range. Named by Ferdinand Hayden during his 1872 expedition for Jenny a Shoshone Indian and her husband Beaver Dick Leigh. She assisted with camp logistics and he guided the expedition through the area. In 1876 Jenny and their six children died of smallpox.

Colter Bay:

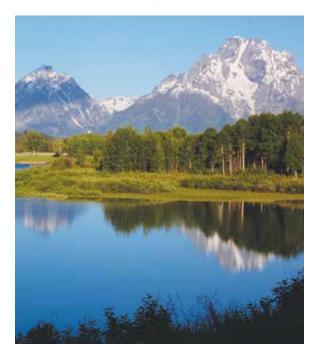

Visitor area on east shore of Jackson Lake. Named for John Colter, fur trapper and explorer who may have traveled through the valley during the winter of 1807-1808. He joined the Lewis and Clark Expedition in 1803 and split with them in 1806 to pursue trapping.

Snake River:

River that flows through Jackson Hole, merges with the Columbia River in Washington and into the Pacific Ocean. This river has had been names in the past. Lewis and Clark named part of the river after the Shoshone or Snake Indians.

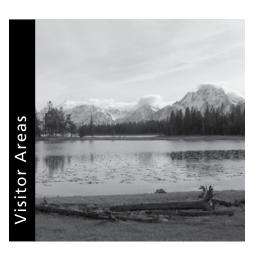

Spend Time at Colter Bay

Colter Bay is located 25 miles north of Moose. Please see the park map on page 16 to help you plan your trip. Colter Bay provides some of the best wildlife viewing opportunities in the park as well as a wide range of visitor services and trails.

COLTER BAY

Colter Bay Visitor Center had a new look in 2012. After 40 years the artifacts from the Colter Bay Indian Arts Museum are undergoing conservation treatment. The remodeled facility proudly displays 35 new artifacts from the David T. Vernon Indian Arts Collection. Rangers provide trip planning information, trail maps and overnight backcountry permits. Shop for educational gifts in the remodeled Grand Teton Association sales area. The visitor center is open daily June 3-September 2 from 8 am to 7 pm. Schedule details page 2.

Enjoy lunch on the lakeshore at the picnic area or take a hike on one of the area trails for great opportunities to see wildlife. You will also find an RV park, cabins, restaurant, general store, laundromat, service station and showers.

JOHN D. ROCKEFELLER, JR. MEMORIAL PARKWAY

The Parkway commemorates John D. Rockefeller, Jr's. significant contributions to national parks. Mr. Rockefeller had a special interest in this area helping develop Yellowstone and establish Grand Teton

national parks. To learn more about the Rockefeller family's philanthropy ask for the "Rockefeller Legacy" brochure at any visitor center.

JACKSON LAKE LODGE

Even if you are not staying overnight at the Jackson Lake Lodge, the historic building is worth a visit. Large mural windows showcase views of Jackson Lake and the northern Teton Range. Wildlife such as black and grizzly bears, elk and moose are frequently seen from the lodge. Access trails, a corral, gift stores and restaurants.

HIKING

Great hiking and wildlife viewing opportunities abound around Colter Bay. Enjoy hiking through a variety of natural communities with dramatic views of the northern Teton Range. Weather may change abruptly, afternoon thunderstorms are common, bring extra clothing and plenty of water. A ranger-led hike to Swan Lake and Heron Pond takes place daily at 1 pm.

BOATING

Rent a canoe, kayak or possibly a motorboat from the Colter Bay Marina or launch your own boat in Jackson Lake. Pets are only allowed in boats on Jackson Lake; all other lakes, trails and rivers are closed to pets. Guided scenic raft trips on the Snake River are also available (see page 14). Boat permits are required (see page 4).

WILDLIFE VIEWING

Stop at the Willow Flats Overlook or the Oxbow Bend Turnout for excellent wildlife viewing opportunities. Park in designated turnouts, not on the roadway. Excellent wildlife viewing opportunities are found anywhere along the road from Moran Junction to Colter Bay, especially during dawn and dusk hours. Stay at least 100 yards

from wolves and bears and 25 yards from all other wildlife for your safety and theirs.

SWAN LAKE HIKE

Delight in a great National Park Service tradition on a three hour ranger-guided hike at 1:00 pm daily. Learn about the park's plants and wildlife while taking in spectacular scenery. This program is excellent for all ages. The hike is three miles on rolling terrain with some uneven footing and rated easy to moderate. Please wear comfortable walking shoes and carry water, snacks and clothing layers.

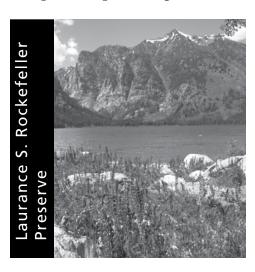

Colter Bay Ranger Programs

Experience the Laurance S. Rockefeller Preserve

Located four miles south of Moose on the Moose-Wilson Road, the Preserve Center offers unique sensory exhibits and trails leading to Phelps Lake, providing extraordinary views of the Teton Range. *Due to the narrow road, trailers and oversized vehicles are not permitted on the Moose-Wilson Road.

LAURANCE S. ROCKEFELLER PRESERVE CENTER

Visit the Center to learn more about Mr. Rockefeller's vision for the Preserve and his legacy of conservation stewardship. The Center will orient you to the area with unique sensory exhibits highlighting the visual, auditory and tactile qualities of the Preserve's plants and wildlife. Learn about the innovative design techniques and features that make the Center a model for energy and environmental design. Open daily June 1–September 22 from 10 am to 6 pm. The Preserve adheres to the principles of "Leave No Trace"—plan to pack out your

trash. The Preserve Center sells bear spray, but does not issue permits.

PRESERVE TRAILS

The Preserve offers an 8-mile trail network that provides access to extraordinary views of Phelps Lake and the Teton Range, as well as other scenic and ecological features. Immerse yourself by quietly walking the trails and opening your senses to the sights, smells, sounds and textures of the various natural communities found within the Preserve. The trails will lead you along Lake Creek, Phelps Lake and adjacent ridges; and through aspen and conifer forests, wetlands

and sagebrush meadows. Watch for deer, elk, moose, black and grizzly bears. Composting toilets and benches are available at Phelps Lake.

RANGER PROGRAMS

Join a ranger for a deeper understanding of Laurance S. Rockefeller's vision and gift. Program times are listed below.

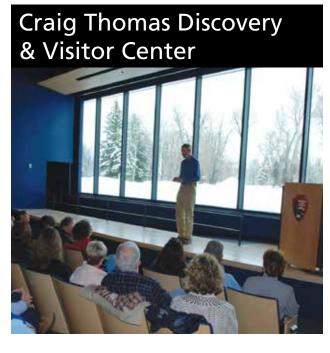

PARKING

Parking lot often fills from 10 am to 3 pm —consider carpooling or biking (note: the roadway is quite narrow) to help alleviate congestion and reduce our environmental footprint.

Backpacks are limited, one per family please.	Laurance S. Rockefeller Preserve Center	June 1-Sept. 22 Backpacks may be checked out during Center hours						•		

Grand Teton National Park invites you to enjoy the Craig Thomas Discovery and Visitor Center Auditorium. This facility serves as a launching point to the park through the interpretive film "Life on the Edge." Grand Teton National Park Foundation donors funded this 3,600-square-foot, 154-seat auditorium, featuring recycled, sustainable, and energy-efficient materials. The auditorium is fully accessible and equipped for the hearing impaired. Please ask at the visitor center for details.

Explore the visitor center. Everyone will love the engaging exhibits about the people, wild communities and preservation of this place. Discover wildlife hidden throughout. See how mountaineering has evolved in the Teton Range and place climbing protection gear on an interactive rock wall display. Enjoy a breath-taking view of the Teton Range from the lobby, and a bird's eye view

Become a Junior Ranger

Anybody of any age may become a Junior Ranger! To earn your patch or badge follow these simple steps.

- Pick up a copy of the *Grand Adventure* workbook at any visitor center.
- Complete all the fun-filled activities.
- · Attend one ranger program. Check this paper for a schedule of programs.
- Complete an additional activity such as another ranger program, go on a hike or watch one of a movie!
 - Bring your completed workbook to any visitor center in Grand Teton National Park, be sworn in

and choose a patch or badge!

Let's Get Moving in **Grand Teton**

Let's Move Outside encourages kids, families and all park visitors to engage in outdoor activity that gets hearts pumping and bodies moving. Part of First Lady Michelle Obama's national Let's Move

campaign to end childhood obesity within a generation, the program is now underway in national parks all over the country. Look for Let's Move Outside ranger programs in Grand Teton this summer. From hiking and biking, to swimming, paddling and horseback riding, Grand Teton National Park provides ways for everyone to have fun and get healthy!

MUSIC In Nature

Outstanding natural beauty inspired both the creation of our national parks, and the creation of great music. From July 3rd to August 8th, enjoy a fusion of music and nature while listening to the WindSync woodwind quintet in residence at Grand Teton National Park. The quintet will perform classical music inspired by nature's grandeur at various

park locations, often accompanied by a park ranger. This program is free and open to the public—come and enjoy beautiful music in a spectacular setting! Musicians play for one hour (in partnership with the Grand Teton Music Festival). Ask a ranger for a special activity handout to fulfill one of the Junior Ranger program requirements.

Special Programs 2013

Rocky Mountain Plein Air Painters has partnered once more with the Grand Teton Association to help celebrate their role as Grand Teton National Park's primary educational and interpretive partner organization.

Participating artists will paint plein-air in the Jackson Hole and Grand Teton National Park area beginning July 8. The final show opens Thursday, July 18 with a gala reception at 7 pm in the Craig Thomas Discovery & Visitor Center. The show ends Sunday, July 21.

A portion of the proceeds from sales of these works will benefit the Grand Teton Association and support their ongoing programs in the park.

JULY 8-17

Artists paint in Grand Teton National Park and Jackson Hole.

JULY 15-17

Show preview and pre-sale. Location: Craig Thomas Discovery & Visitor Center

THURSDAY, JULY 18

Gala Opening Reception 7 pm Location: Craig Thomas Discovery & Visitor Center

SATURDAY, JULY 20

Quick draw and sale: 9 - 11 am Location: Menors Ferry

Special Programs at Colter Bay

JOHN COLTER DAY June 24. Was John Colter the first Euro-American to pass through Jackson hole in 1808? Join us for three different programs and see the mysterious Colter stone on display.

ASTRONOMY DAY August 11. Colter Bay Visitor Center. Topics will include telescopes, planets, meteor showers, light pollution, galaxies, star clusters, and other astronomical objects. Observe the sun with specially equipped telescopes in the afternoon. In the evening join Ranger Bob Hoyle for the program "Watchers of the Sky" followed by stargazing in cooperation with the Jackson Hole Astronomy Club.

SHOSHONEAN DAYS September 5th & 6th. Learn about the Shoshone culture: includes presentations by Shoshone tribe members and video presentations & art demonstrations.

Family-friendly Highlights

NATURALIST FAMILY BACKPACKS. Learn about nature's wonders as you explore the park. Each backpack is equipped with supplies to track, sketch, paint and journal about the natural world. Check out a backpack at the Craig Thomas Discovery and Visitor Center during business hours. Backpacks are limited, one per family please (also available to individuals).

NATURE EXPLORER'S BACKPACK. Children discover the wonders of the natural world using the tools provided in the Nature Explorer's Backpack. Check out a backpack to explore the trails of the Laurance S. Rockefeller Preserve. See page 10 for more information.

RIDE MENORS FERRY. Experience how homesteaders and dude ranchers crossed the powerful Snake River during the early 1900s. The ferry will operate daily 10 am-2 pm, as river conditions permit. See page 7 for more information.

TAKE A HIKE WITH YOUR FAMILY. Take your kids out on a trail for education, exercise and enjoyment. Explore the park with a ranger and learn about the geology, plants, people and wildlife that make this place so cool. Ranger programs are recommended for families with children who are comfortable walking 2-3 miles. See pages 7-10 for more information.

Artists in the Environment

Jackson Hole attracts artists from all over the world. Watch professional artists demonstrate techniques while capturing the essence of Grand Teton National Park. Sponsored by Grand Teton Association. Artists and dates: Dwayne Harty June 15; Wendell Field, August 10; Fred Kingwill, September 14. All events occur on Saturday. Please check at visitor centers for program times and locations.

Guest Artist

Lee Carlman Riddell has always loved drawing, painting and outdoor adventures. For 23 years she and her husband, photographer Ed Riddell, marketed outdoor adventure and tourism businesses. Now, setting up her paints begins a time of concentration on shapes, textures and colors in the landscapes she loves. Join her July 15-20 from 1-5 pm and August 12-17 from 1-5 pm at the Craig Thomas Discovery & Visitor

Writers in the Environment

Local writers share their talents by offering writing exercises for park visitors. Workshop leaders are inspiring writers and teachers who draw on the park in their published works. Meet at the flagpole in front of the Craig Thomas Discovery & Visitor Center in Moose. Bring a journal, water and a portable chair. Sessions begin at 9 am. Sponsored by Grand Teton Association. Writers and dates: Jack Turner, June 8; George Vlastos, July 13; Claudio Mauro, August 10; Jana Richman, September 14. All events occur on Saturday.

University of WY/NPS Seminar Series

Dinner (\$5 donation) starts at 5:30 pm with a talk at 6:30 pm in the Berol Lodge located at the AMK Ranch near Leeks Marina, reservations not required.

June 13 Arthur Middleton: *Elk populations and migration patterns in Yellowstone*

June 20 Jamie Crait: *River Otters, Cutthroat trout and Lake trout in Yellowstone Lake*

June 27 Shan Burson: *Soundscapes of wildlife in the Greater Yellowstone Area*

July 4 Steve Mackessy: From bioweapons to therapeutics: snake venoms and their uses

July 11 Doug Bremeyer: *Urban wildlife in Jackson Hole, Wyoming*

July 18 Robert Al-Chokhachy: *Cutthroat trout movement patterns and temperature selection in Grand Teton National Park rivers*

July 25 Bob Smith: *The latest on earthquake hazards along faults and Yellowstone Caldera dynamics*

August 1 Mark Elbroch: *Mountain Lion movement patterns in the Teton Range*

August 8 Carlos Del Rio: *Biodiversity inside and out: Life's richness from Wyoming's perspective*

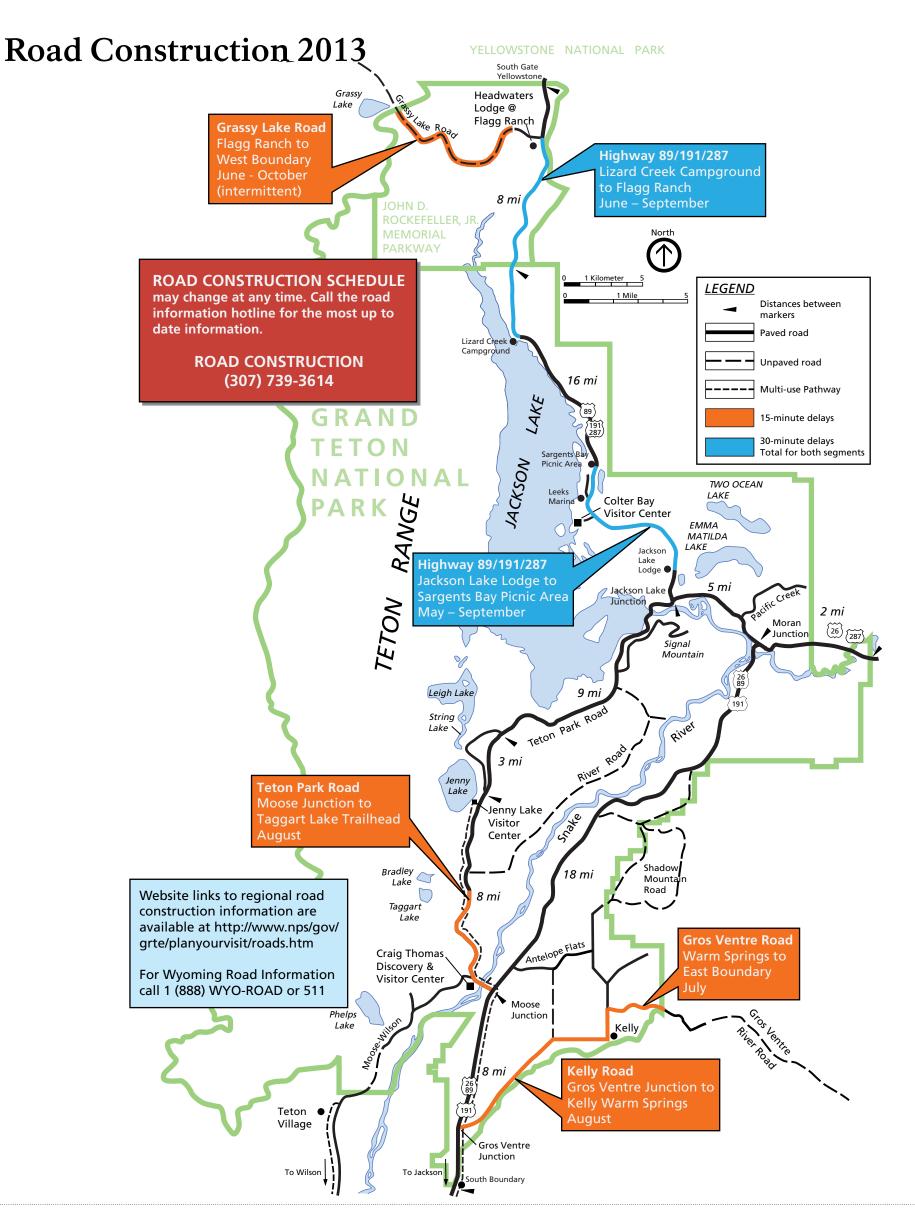

T.A. Moulton Barn Centennial Celebration

Thomas Alma Moulton claimed his homestead on Mormon Row in 1907 and moved there in 1912 with his wife and newborn son. Construction of the barn began in 1913 using lodgepole pines from nearby Timber Island. The first section was an eighteen foot by twenty-four foot box visible in the center of the barn.

The Moulton barn has become an icon of the American West. Images of the "most photographed barn in America" grace such items as postcards, posters and magazine covers. The barn was even featured in the movie "Spencer's Mountain."

On Saturday, July 20th join us in a celebration of this historic structure and reflect on the pioneering spirit of the homesteaders who settled this valley. Events begin at 9 am. Check at visitor centers for additional information.

NEW NIGHT TIME SPEED LIMIT SAVES LIVES! The night time speed limit on US Highway 26/89/191 is now 45 mph from the park's south boundary to the boundary east of Moran Junction. Night time begins 30 minutes after sunset and lasts until 30 minutes before sunrise. Areas around Gros Ventre Junction and Moran Junction will remain 45 mph at all times.

The number of animals killed due to vehicle collisions is rising. In 2010 more than 150 animals were killed on park roads. During the

past three years, 64 percent of wildlife fatalities occurred on this section of highway. Throughout the park, 55 percent of fatalities occurred at night. In order to protect the public and to preserve wildlife populations, park officials reduced night time speed limits to give drivers and animals more reaction time. The reduced speed only adds six minutes to your trip along this section of highway.

Please obey the new night time speed limit to help us improve safety and protect wildlife.

Annual Wildlife Costs

\$155,000 personal property damage

>100 large animals killed annually

Slow Down! Stay Alert!

Fire Plays an Important Role in Grand Teton National Park

Fire has been a part of the Greater Yellowstone Ecosystem for thousands of years. Its presence is important for wildlife habitat, nutrient cycling, plant diversity and overall landscape health. Grand Teton National Park fire managers seek to strike a balance between restoring and maintaining natural processes associated with fire, and protecting human life and property.

FIRE ECOLOGY IN THE PARK

Fire naturally changes the forest by creating diverse-aged tree stands, recycling nutrients into the soil and stimulating new plant growth. Fire ecology research shows that many plant and animal species benefit from the rejuvenating effects of fire.

Evidence of large fires is prevalent in Grand Teton and Yellowstone national parks. Burned areas provide an opportunity for the forest to regenerate, which is evident in the plants, trees and wildlife present. Previously burned areas include: the 2009 Bearpaw Bay Fire that burned between Leigh Lake and Jackson Lake, the 2000 Teton Complex across from Colter Bay, the 1999 Alder Fire near Jenny Lake, the 1985 Beaver Creek Fire near Taggart Lake and the 1974 Waterfall Canyon Fire.

HOW WE MANAGE FIRES

Fire managers at Grand Teton National Park and surrounding agencies are guided by

around developed areas, like during this prescribed fire.

comprehensive fire plans. Sometimes crews monitor fires closely but take minimal action so a fire can take its natural course. This allows fire-adapted plants to resprout from roots or opens serotinous (heat-dependent cones for seed dispersal. In some cases, fire opens areas so native plants can re-establish. When appropriate, firefighters immediately suppress all or portions of a fire to reduce risk to life and property.

Occasionally firefighters apply fire to the landscape under specific conditions to help maintain a healthy and safe forest ecosystem. These planned ignitions, called prescribed fires, create a mosaic of diverse habitats for

plants and animals. Burning accumulated fuels also minimizes risk to developments and cultural resources.

In developed areas, fire crews lower the risk of losing structures to wildfire by thinning trees and removing dead wood and brush from the forest floor. This increases firefighter and public safety in the event of a wildfire. Firefighters pile the slash and let it dry for a

year before burning it during wet weather in late spring or fall.

Specialized fire crews monitor burned areas to learn more about fire's effect on the ecosystem. This data is not only used for fire management decisions, but is also shared with wildlife biologists, vegetation ecologists, historic preservation specialists and other land management agencies to achieve common goals for a healthy ecosystem.

YOUR ROLE IN FIRE PREVENTION Fire season in the park coincides with the visitor season, which means you may see smoke in the air during your visit. You can

Grand Teton Association

Members Appreciation Week

do your part to prevent human-caused fires by obeying all fire restrictions and following basic fire safety rules.

- Build campfires only in designated areas, closely monitor them and make sure they are properly extinguished. Drown the fire with water, stir the remains, add more water and stir again. Make sure fire remains are cool to the touch before leaving the campsite. Campfires may be banned during times of high fire danger. Watch for signs and obey the restrictions.
- Smoke safely. Grind out smoking materials, then dispose of them in the proper receptacle. While in vehicles, smokers should use ashtrays, which should never be emptied on the ground.
- Remember fireworks or other pyrotechnic devices are prohibited at all times in the park.

Report any fires immediately by calling Teton Interagency Fire Dispatch Center at (307) 739-3630 or telling a park employee.

For local fire information or seasonal fire job postings, visit: www.tetonfires.com.
