# WE WANT YOU... TO VOLUNTEER FOR THE NATIONAL PARK SERVICE AT HOMESTEAD NATIONAL HISTORICAL PARK

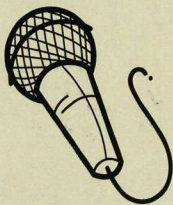

## NATURAL RESOURCES

Homestead National Historical Park's Natural Resource Team has various citizen science projects that are dependent on volunteer help. Volunteer opportunities include managing invasive species, managing trash, general grounds keeping, gardening, and trimming.

## CULTURAL RESOURCES

Volunteers have transcribed thousands of pages of primary documents making these resources accessible and available to the public. Volunteers also help process museum collections.

## SPECIAL EVENTS

Homestead National Historical Park hosts a variety of special events every year. Craft demonstrators, greeters, living historians, musicians, speakers, sound technicians, and other volunteer roles are an integral part of the success of these events.

## VIRTUAL

Many of Homestead National Historical Park's volunteer opportunities can be completed remotely. Homestead has volunteers who complete remote service from all over the country and world.

## ONSITE

Homestead National Historical Park has lots of onsite opportunities. Every program and department benefits from volunteer help. Volunteers help guide fieldtrips, complete maintenance projects, greet guests, and so much more.

## AND MORE....

New opportunities are being created at Homestead all the time. We are interested in your ideas and talents. Volunteers and potential volunteers can email [home\\_information@nps.gov](mailto:home_information@nps.gov) with ideas and questions.
