HOT SPRINGS NATIONAL PARK

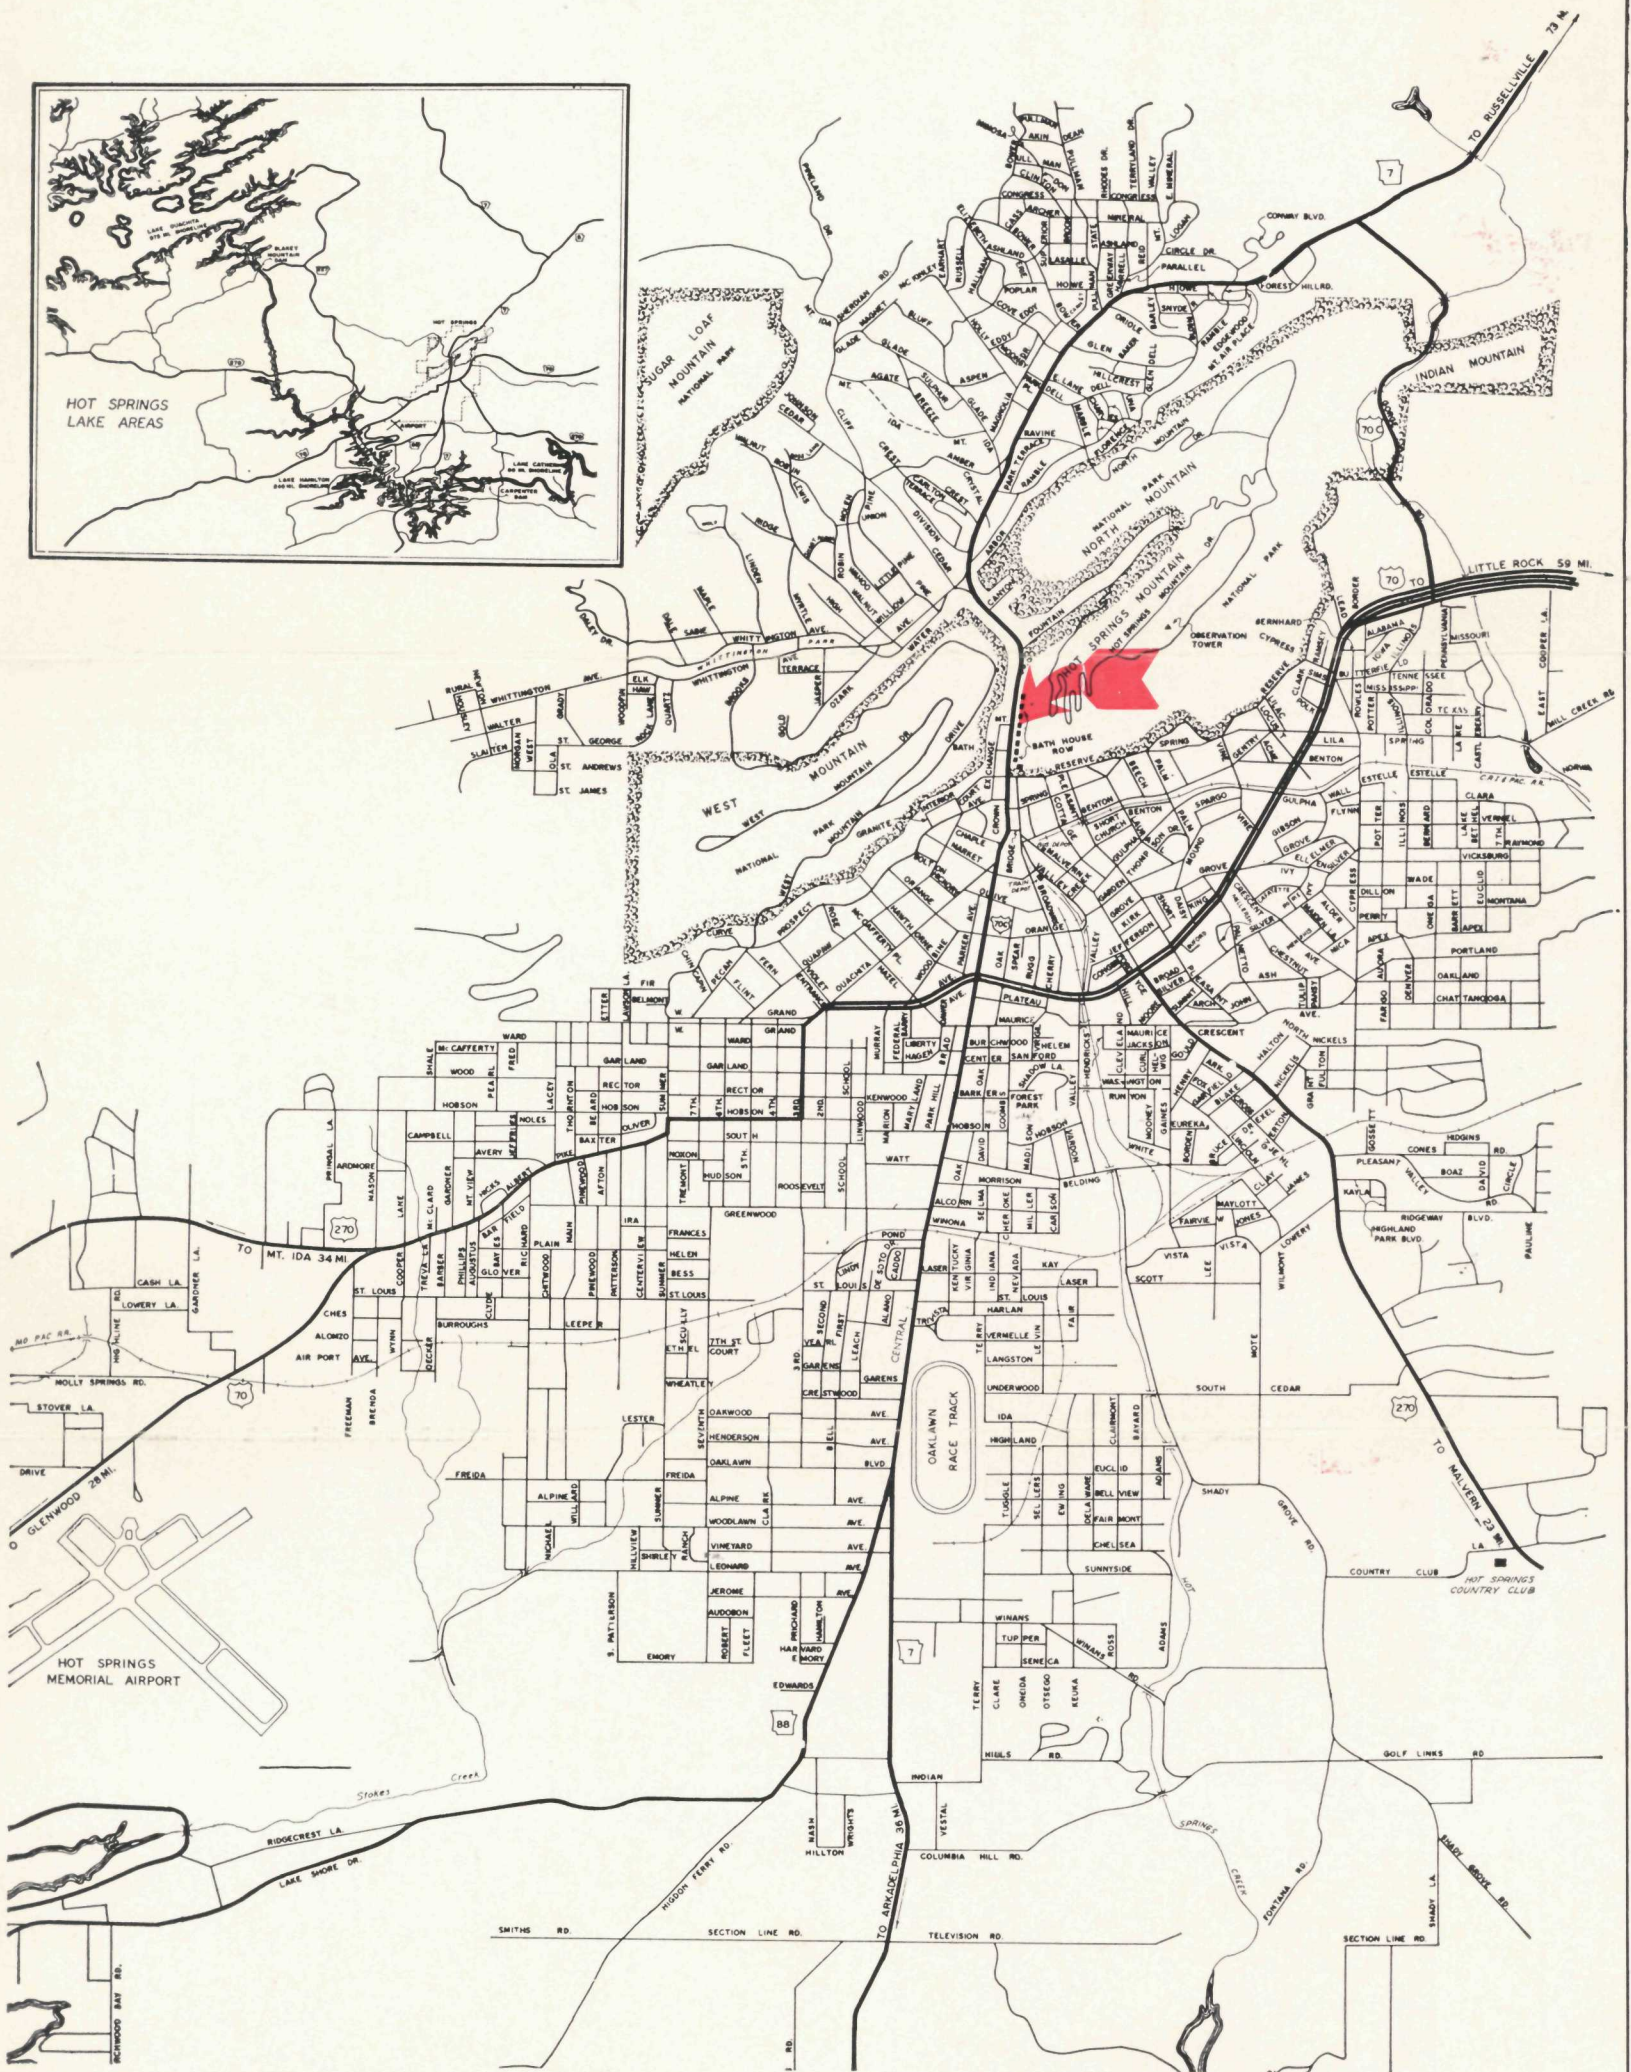

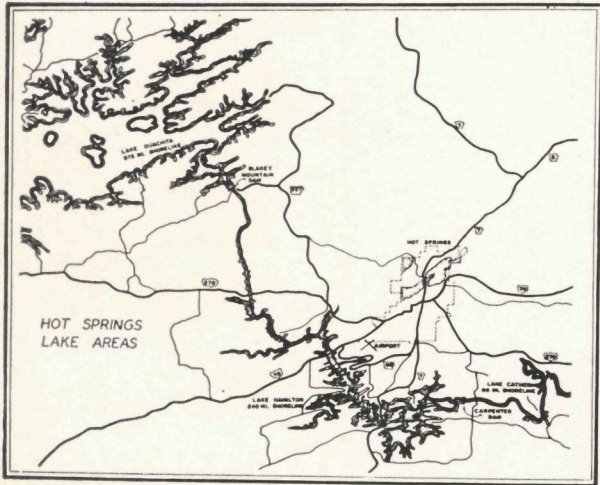

★ ★ ★ *The Nation's Spa*

The extra nice thing about Hot Springs is the way it provides for its guests with accommodations to suit every taste and budget (ultra-modern courts, motels, hotels, efficiency apartments and homey rooming houses). And the most wonderful feature of our city is the fact that while all of the scenic beauty, entertainment, and recreational features are offered—you may find the thermal water baths a means of relieving aches and pains, calming your frayed nerves, and releasing tensions and all in the same trip. This is Spa living at its best.

Three man-made lakes with 1,500 miles of shoreline provide fishing supreme and water sports of every kind. The golfer may choose from three sporty golf courses; the annual Spring meet of Thoroughbred Horse Racing will thrill the turf enthusiast; "Night Lifers" will find many, many wonderful supper clubs providing good food, music, dancing and first line floor shows; Hunting, sight-seeing, skating, sailing, indoor swimming, and many others provide activities galore. Ouachita National Forest is a 3-million acre wonderland for motor trips, stream fishing, river float trips and memorable outings.

We welcome and invite you to make the Maurice Bathhouse your health headquarters while you enjoy your stay in Hot Springs.

Your Invitation  
to Bathe at the

MAURICE

In hot springs  
national park

Here's a smart young lady on her way up. She's Miss Nancy Gray, Trans-Texas Airways stewardess, and she knows that to look fresh, act alert, she must feel good. That's the reason she is spending her vacation in Hot Springs National Park, Arkansas, taking the world-famous thermal baths at the Maurice.

As an eye-opener, the grand stroll to the Maurice along Hot Springs' world-famous, magnolia-bordered Bath House Row is unsurpassed.

"Hello! You're Van Smith the manager! I'm Nancy Gray! After I have registered and put my things in this safety deposit box, I'll be ready to get started on my bathing adventure. I'm anxious to use your sun deck and I want to go by the gymnasium for a good work-out too, and then I want to enjoy the recreation room. Since I'm here, you can see I want to take advantage of every thing the Maurice offers.

UMMM . . . so this is what they were talking about. Fifteen minutes of pure, quiet, unhurried relaxation in this refreshing warm water. My thermometer says the water is 100 degrees but it doesn't burn nor really feel that warm. My attendant keeps filling my cup with hot water and it tastes so pure.

Boy, this vapor cabinet is really loosening my tense muscles. Looks like I'm dressed in a box, but it is obviously the very latest model.

I just tried the Sitz Bath. So warm and relaxing. What a relief it must bring to people with more specific health problems.

Into the pack room, wrapped in a sheet . . . the universal costume here. This soft upholstered cot feels wonderful. The pack attendant doesn't have to do much for me, but the ones who need special care certainly get it! Hot or cold packs for thirty minutes, with changes as needed.

How can anything be so perfect? I stayed in the cooling rooms for about 30 minutes and my body temperature returned to outdoor level and now here I am, relaxed and enjoying the firmness of the masseuse's hands. I can just feel those muscles toning up, and Oh look — the clock over there shows that I've enjoyed all of this in just an hour and a half.

Well Nancy . . . have a look at yourself . . . yes, it's me all right! I surely look the same but I certainly don't feel the same! Thanks to you, Maurice Bath House—I feel wonderful. Now I feel like enjoying all the wonderful places and recreational features of Hot Springs. But I'll be back to the friendly Maurice Bath House tomorrow and every day of my stay. Love those baths!"

The Staff at the Maurice want you to have the same enjoyable experience as Nancy and hundreds of others do every day. We are proud of our friendly, efficient and courteous service and we shall look forward to your visit with us.

Welcome to beautiful Hot Springs National Park, and the Maurice Bath House!

Here in the lovely Spa city of Hot Springs, nestled in a pineclad valley among four mountains of the National Park you will find alluring attractions in practically every popular field.

The Act of Congress of 1832, reserving the Hot Springs waters and their scenic setting represents one of the first deliberate acts by this Democracy to conserve a natural resource for public benefit. It was thus assured the people should always have the blessings of relief, relaxation, and refreshment derived from these waters.

The sources and natural qualities of these thermal waters are protected and maintained by the National Park Service of the U. S. Department of the Interior. All bathhouses are served from the same zealously safeguarded water supply.

Maurice Bathhouse for generations has been a part of Hot Springs, which offers health, rest, and relaxation through its Hot Water Baths. It is equipped for the effective therapy of its bathers, in accordance with government regulations and has these luxurious features:

Soothing baths in deep, gleaming tubs, sitz baths, vapor cabinets, douches, hot and cold packs, needle showers and massages, all on one floor, sun deck, gymnasium, recreation room, comfortable robes, foam rubber upholstered cots, lock boxes, elevator to recreation facilities and dressing rooms on second floor, and a friendly atmosphere always. The Maurice is divided into Men's and Women's sections, with trained male and female attendants who have been registered with the Department of Interior.

These and many other features assure you a wonderful relaxing, healthful experience at the Maurice Bath House.

Bathing Hours — Our patrons are admitted for bathing at their convenience between the hours of 7:00 and 11:45 mornings and between 1:30 and 3:00 o'clock afternoons, except Saturdays (7:00 a.m. to 11:45 a.m.) Ample time beyond these hours is provided for completion of the bath. The Maurice Bath House is open from 6:00 a.m. to 4:30 p.m. each day except Sundays, Thanksgiving, Christmas and July 4th, the year round. Holiday bathing hours are 7:00 a.m. til 10:30 a.m. Certain other holidays are observed by closing afternoons only.

Our Bathhouse Row remains the symbol of this World Famous resort just as a course of baths at the Maurice will be the highlight of your Hot Springs vacation.

BATHS	
SINGLE BATH	\$ 2.50
6 BATHS	14.45
12 BATHS	28.10
18 BATHS	41.30
These rates include attendant's fees, Packs, Sitz and Vapor Baths, Douche, Needle Shower, Tub Room and furnishing towels.	
WHIRLPOOL BATH	\$1.00 (additional)

MASSAGES	
SINGLE MASSAGE	\$ 2.90
6 MASSAGES	16.95
12 MASSAGES	33.00
18 MASSAGES	48.15
ALCOHOL RUB	1.50
Prices quoted for massage are in addition to bath rates. Massage is especially valuable when taken in connection with the baths as an aid in the elimination of body toxins. Massage stimulates the muscles, nerves, and skin while providing a general effect of relaxation in the body as a whole.	
All unused coupons may be redeemed.	

And Now! WHIRLPOOL ACTION is added to the famous thermal waters in Hot Springs National Park, at a small extra charge of \$1.00 per Whirlpool. This bubbling, surging thermal water adds extra effects for your health. It is an excellent follow-up to the standard bath, and a fine preparation for massage.
