MINERALS

NATURE'S MASTERPIECES

The A.E. Seaman Mineral Museum showcases amazing minerals from the Great Lakes Region and around the world. Experience the beauty and splendor of minerals at one of North America's great mineral museums.

REASONS TO VISIT

- The world's best collection of Michigan minerals
- Minerals from around the world
- Exhibits from the University of Michigan mineral collection which is held by the museum under the Michigan Mineral Alliance
- The largest public display of minerals from the Great Lakes Region
- Copper Pavilion, featuring a world-record 19-ton native copper slab (*not open in winter*)
- One of the best fluorescent mineral exhibits in the US

Our gift shop offers earth products from around the world.
