

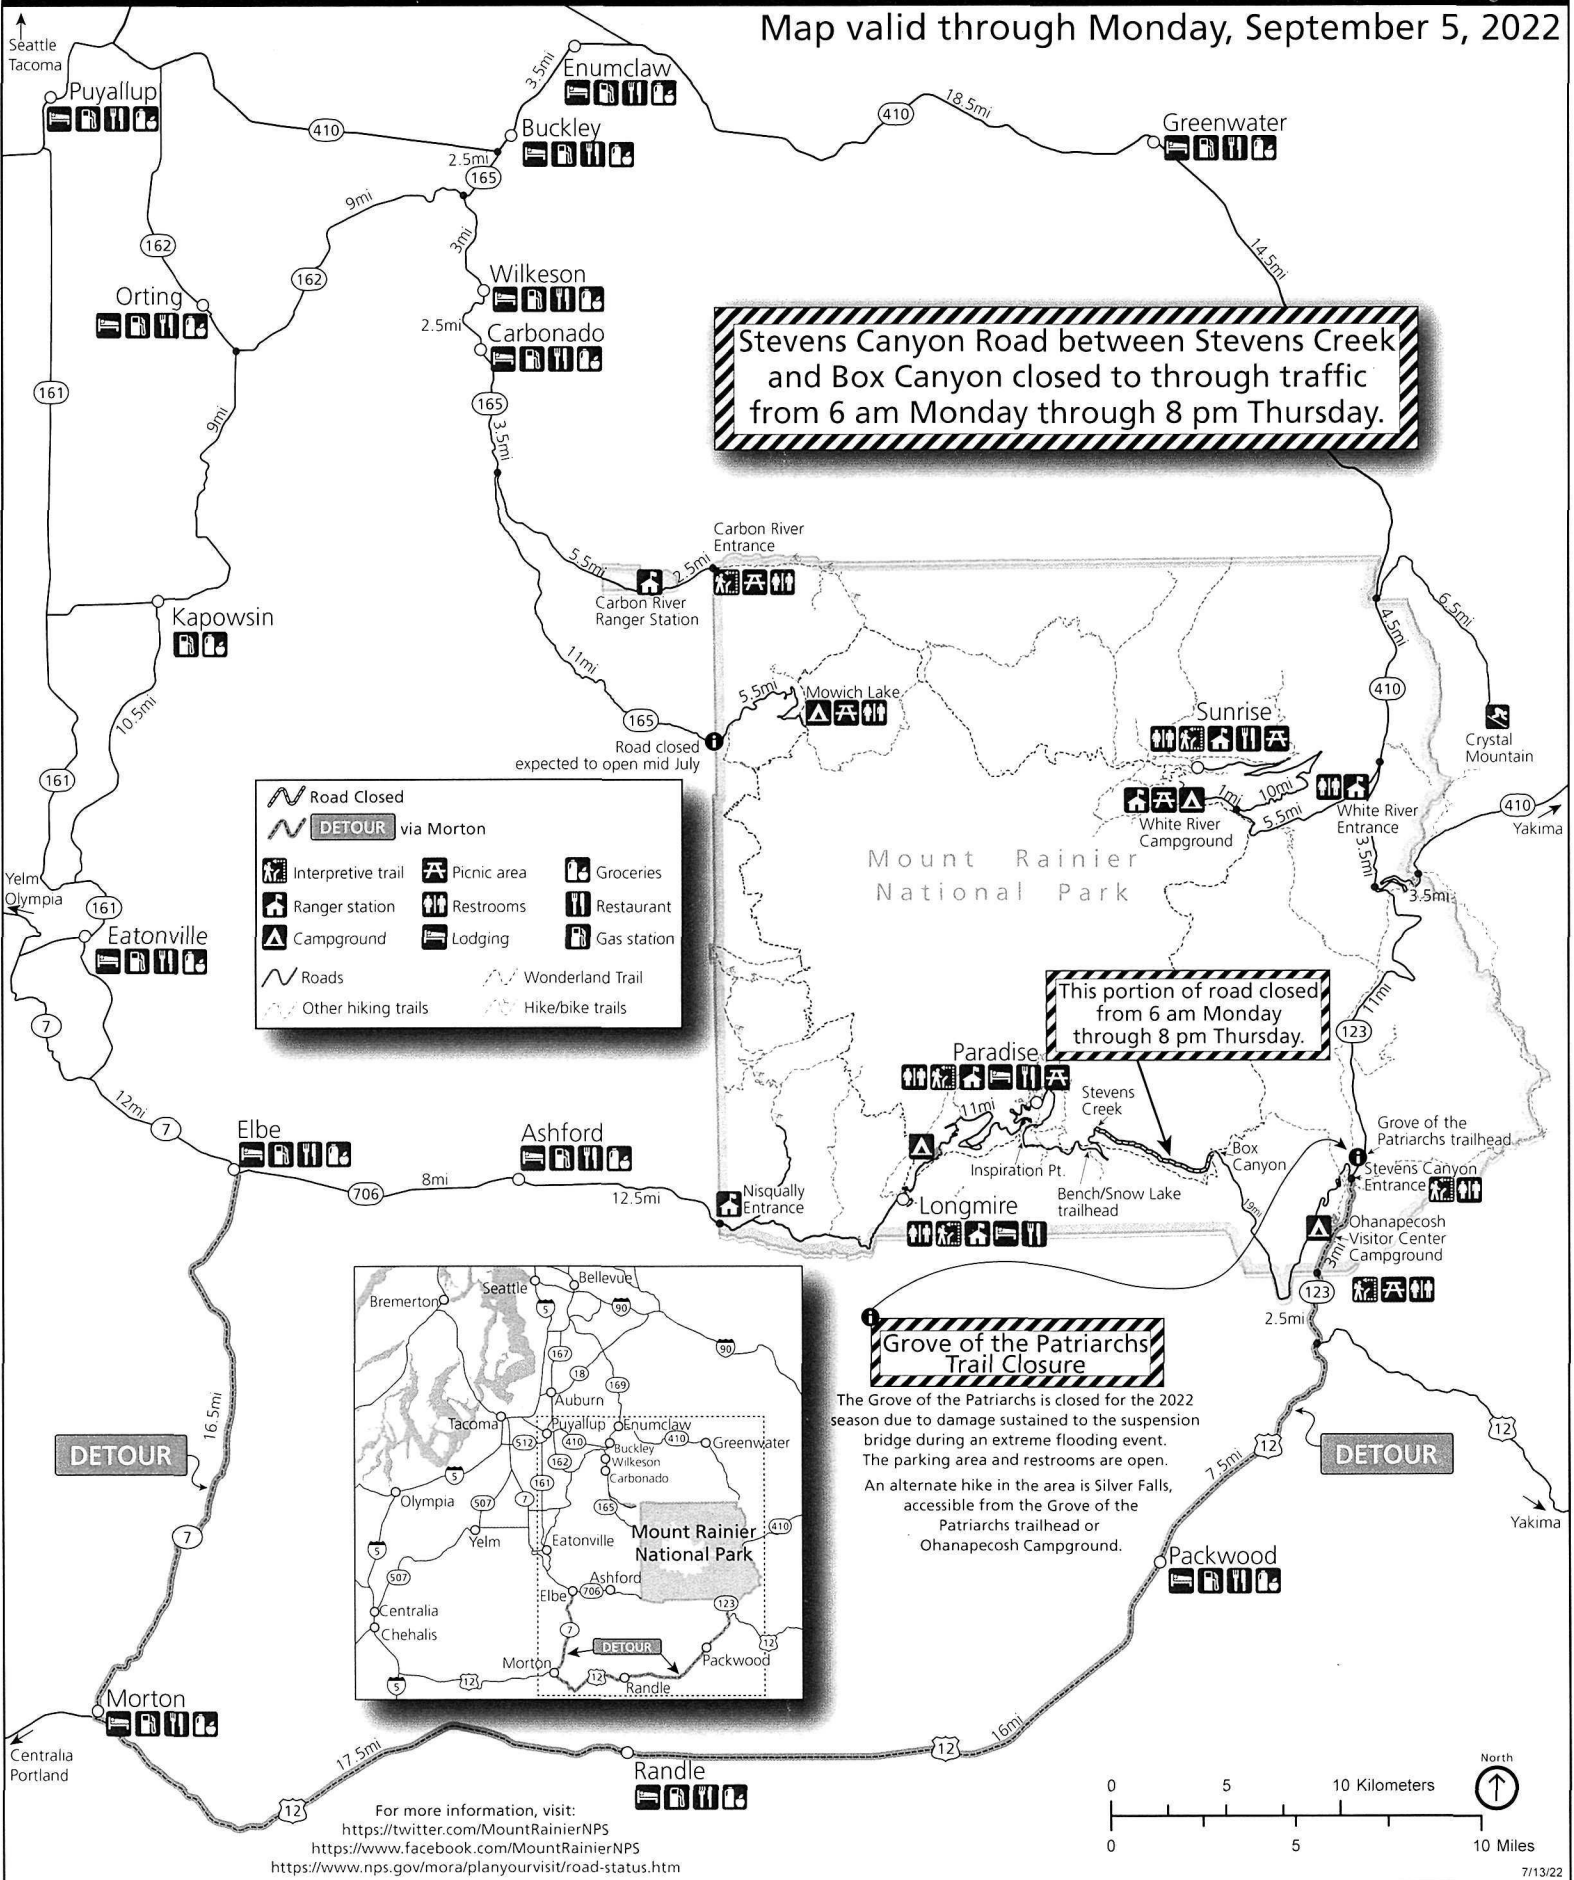

Map valid through Monday, September 5, 2022

Stevens Canyon Road between Stevens Creek and Box Canyon closed to through traffic from 6 am Monday through 8 pm Thursday.

This portion of road closed from 6 am Monday through 8 pm Thursday.

Grove of the Patriarchs Trail Closure

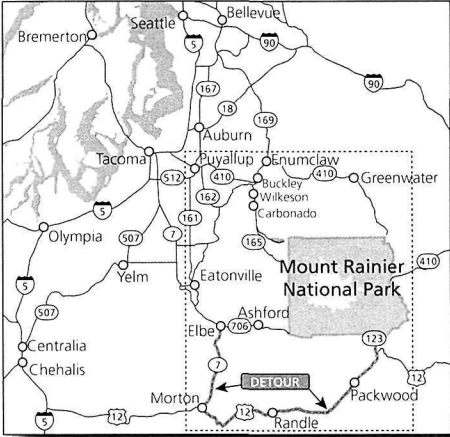

The Grove of the Patriarchs is closed for the 2022 season due to damage sustained to the suspension bridge during an extreme flooding event. The parking area and restrooms are open.

An alternate hike in the area is Silver Falls, accessible from the Grove of the Patriarchs trailhead or Ohanapechosh Campground.

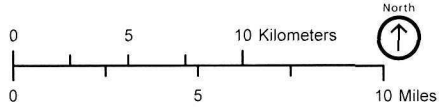

Road Closed

Stevens Canyon Road Closure – Map valid through **September 5, 2022**

Contractors will be working to rehabilitate Stevens Canyon Road this summer, replacing and repairing stone guard walls, drainage grates, and the road surface. Through September 5, 2022, contractors will be working Monday through Thursday in the area between Stevens Creek and Box Canyon.

Each weekend, Stevens Canyon Road will be open to all through traffic starting Thursday evening at 8 pm until Monday morning at 6 am. From 6 am Monday through 8 pm Thursday each week, Stevens Canyon Road between Stevens Creek and Box Canyon will be closed to all vehicle, foot, and bicycle traffic (see map on the left). Box Canyon will be accessible during this time, but only from the Stevens Canyon Entrance, via State Route 123 (see front of map). **Do not enter the construction area.**

Construction will continue after September 5, 2022; details of road access after September 5 will be released pending confirmation of the contractor’s traffic management plans for the fall construction period. This is a multiyear project that is anticipated to last through mid-summer 2024.
