

# National Heritage Areas Program

PLACE-BASED, COMMUNITY-DRIVEN CONSERVATION, PRESERVATION & ECONOMIC DEVELOPMENT

## A Year in Review: 2023

### By the Numbers

National Heritage Areas (NHAs) expand on traditional conservation approaches by supporting large-scale, community-driven initiatives that engage communities in heritage preservation activities. NHA entities collaborate with stakeholders to determine how to make heritage relevant to local needs and interests. These entities serve as catalysts for community and economic development. Data presented here is from reports submitted by 58 of the 62 NHAs.

On Jan. 5, 2023, President Biden signed the National Heritage Areas Act (P.L. 117-339) into law, establishing a National Heritage Area System, a statutory framework for the NPS's role in its administration, and seven new NHAs. In 2023, NHAs continued to serve communities and support their partners with a renewed collective purpose. In summary, NHAs:

- Leveraged **\$48 million** in cash and in-kind support to carry out heritage projects and programs, greatly increasing the impact of the **\$28.1 million** in federal Heritage Partnership Program funding received.
- Engaged **2,779 formal partners** and **4,556 informal partners** in heritage area activities.
- Benefited from **26,465 volunteers** contributing over **327,402 hours** for heritage area projects- a **\$10 million-dollar** value.

***Preserving our Heritage.*** Across the country, National Heritage Areas and their partners are reviving historic downtowns, preserving large landscapes and cultural practices, and sharing our nation's history through the arts. In 2023:

- **166 historic sites** and **9,167 acres of cultural landscapes** preserved and maintained, including battlefields.
- **91 collections projects** undertaken, including the conservation of artifacts and creation of oral histories.
- **102 historic preservation grants** awarded totaling **\$1.5 million**.

***Recreation and Conservation.*** Through recreational projects such as access to land and water trails, National Heritage Areas are improving connectivity and accessibility, creating more vibrant and healthy communities. In 2023:

- **181 recreation projects** undertaken.
- **1,284 miles of trails** maintained, and **38 new miles of trails** developed.
- **65 recreation grants** awarded totaling **\$3.2 million**.

Through collaborative conservation activities, National Heritage Area entities and their partners are improving air and water quality and supporting healthy ecosystems. In 2023:

- **12,336 acres of land restored and maintained** via invasive species removal, replanting, and toxic site clean-ups.
- **49 conservation grants** awarded totaling **\$675,556**.

***Educating Current and Future Leaders.*** Through programs such as **Yuma Crossing NHA's 3<sup>rd</sup> & 4<sup>th</sup> Grade Yuma Live History Field Trip Program**, National Heritage Areas and their partners are providing meaningful and inspirational connections to our nation's heritage via educators and the (outdoor) classroom. In 2023:

- Capacity-building assistance provided to **980 organizations**.
- **2,064 educational program offerings** developed.
- **325 grants** to support educational programs awarded totaling **\$1.3 million**.
