LLOYD E. GRIFFIN
 OF COUNSEL

May 18, 1965

Mr. George B. Hartzog, Jr., Director
 National Park Service
 Department of the Interior
 Washington, D. C.

Dear Mr. Hartzog:

Please be advised that our office has a client who owns approximately 12,000 acres in the immediate area of Julian, California. This property covers the southern end of the Volcan Mountain and extends into the northern end of the San Felipe Valley. This property has in the past been utilized for cattle ranching, however, due to certain economic conditions cattle ranching has become difficult in San Diego County.

I am familiar with the area and I am of the opinion it would make a beautiful recreation area, and would compliment the Cuyamaca State Park. If the United States Government would be interested in acquiring this property for such a use, could you please advise.

Any information which you might be able to furnish would be greatly appreciated.

Very truly yours,

Frederick G. Tellam
