You may add the name of a Minnesota school teacher to the list of those giving you moral support in your efforts to preserve a small segment of your state as the Lord intended it should be.

And I sincerely hope you will use your influence in seeking the establishment of more National Parks under the supervision of the capable and dedicated rangers who are so helpful to the tourists.

Volcano, California

Dear Mr. Wintle:

The Secretary of the Interior has asked us to acknowledge with thanks your telegram of January 31, relating to a zoning application submitted by the American Cement Company which, if approved, will allegedly adversely affect historic and scenic values at Volcano, California. Although we are without authority to require any specific actions by local zoning officials, we are certainly sympathetic to your expressed concern on this matter.

Sincerely yours,

(SGD) JACKSON E. PRICE
