MEMORANDUM for Mr. Bruce Wright.

This will refer to S. J. Res. 165, "Joint Resolution To authorize the erection of a monument to Sun Yat Sen."

I consulted with Mr. Settle and he advises that he is not requesting a report as to the National Capital Park and Planning Commission and has suggested that this Service not ask the Committee for a request for a report.

I have discussed this matter with Mr. Demaray and we are of the opinion that it is not advisable to ask the Committee for a request for a report on this bill.

General Attorney.
