Experience Elk

IT'S FALL—A MAGICAL TIME IN THE ROCKIES. Days get shorter, plants change color, the first dusting of snow returns to the tundra, and the mating season, or rut, begins for elk.

Watch carefully: lifting his head and massive antlers high, a bull elk begins his stately march across the moonlit meadow. In this timeless dance, he moves, pauses—listening to something we can't hear—and then bugles. The shrill call rings out through the meadow, echoing from the mountainsides. These remarkable vocal skills, rising over three octaves, attract cows and intimidate rival bulls. The bugle communicates size, strength, and vigor, inviting cows to join his harem of up to 60 cows.

Once the harem is assembled, it must be defended night and day from other bulls coming to lure the cows away. Laying his impressive antlers back along his spine to show his incredible size, the bull is constantly on the move. He is majesty, sailing on the mists of the meadows, passing his genes to the next spring's generation of calves.

Our job? Watch with quiet respect and stay well away from these powerful animals.

Free Park Movies

SEE THE STUNNING 23-MINUTE PARK MOVIE *Spirit of the Mountains* in the Beaver Meadows and Kawuneeche visitor centers.

Beaver Meadows has assisted listening devices for audio description and amplification and induction loops for people with hearing aids. Both visitor centers have a captioned version of the park film and a version *en Español*. All park visitor centers are accessible.

For the good of the animals and other visitors:

- Fall weekends are the busiest days of the entire year. Wildlife viewing is less crowded at dawn than at dusk.
- Park using roadside pullouts—do not park on vegetation or “no parking” areas
- Turn off car lights and engine after parking and stay by the road
- Do not approach animals—they are unpredictable!
- Never use artificial lights or calls
- Do not walk into posted meadows between 5 pm and 7 am
- Watch for other cars and keep an eye on children
- Never feed wildlife

These five areas offer great elk viewing. However, please remember that to minimize disturbance to elk, all meadows are closed to entry between 5 pm and 7 am daily from September 1 to October 31:

- Moraine Park
- Horseshoe Park
- Upper Beaver Meadows
- Harbison Meadow
- Holzwarth Meadow

Stay Safe

Be Responsible

IT IS YOUR RESPONSIBILITY TO BE safe and to know and obey park rules. You can find park safety information, rules, and regulations at visitor centers, entrance stations, trailhead bulletin boards, and the park website at nps.gov/romo.

 **Altitude Sickness affects many visitors every year.** Symptoms include headaches, nausea, fatigue, dizziness, vomiting, and in acute situations, even unconsciousness. Altitude can also aggravate preexisting conditions like heart and lung disease. Take your time, drink plenty of water, eat lightly, and rest. The only cure for altitude sickness is to go down to a lower altitude.

 **Wilderness Travel** should be done in a group, not alone. Leave a detailed trip itinerary with a friend. This helps park authorities if you fail to return. Mountain weather changes quickly. If conditions are more difficult than anticipated, turn around. Longs Peak, a popular climb, can have treacherous ice and snow any time of year. Camping is only allowed in designated sites (see page 6).

 **Bicycles** are prohibited on trails. They are permitted on all roads open to motor vehicles, paved and dirt, unless otherwise posted. There are no designated bicycle lanes in the park. Roads are narrow with few or no shoulders—ride with care. By law, you must ride single file. Shuttle buses do not accept bicycles. Visit go.nps.gov/RockyBicycling.

 **Campfires** are permitted only in campgrounds and picnic areas with fire grates. During high fire danger, campfires may be prohibited. You can purchase firewood at campgrounds in summer. Collecting vegetation, dead or alive, is prohibited.

 **Cell Service is unavailable in much of the park.** Don't depend on a cell phone for emergency help.

 **Drones are not allowed anywhere in Rocky Mountain National Park.**

 **Falling Trees are an ever-present hazard** and can fall without warning. Be extra careful around dead trees when it's windy or following a snowstorm.

 **Firearm Possession** in the park is permitted for those legally authorized to possess firearms under federal, Colorado, or local laws. However, hunting, recreational shooting, and target practice are illegal. Federal law prohibits firearms in park buildings and facilities. Those legally allowed to carry firearms must comply with all applicable state and federal firearm laws.

 **Fishing** requires a Colorado state fishing license. Trout in the park include brown, brook, rainbow, and cutthroat (including the protected Colorado River and greenback). Not all park lakes have reproducing fish populations. For more information, visit go.nps.gov/RockyFishing.

 **Hypothermia can happen any time of year.** Watch for drowsiness, impaired judgment, excessive shivering, and slurred speech. To prevent, wear insulated, wind-proof layers and drink plenty of fluids.

 **Lightning regularly strikes in Rocky.** There's no safe place in the backcountry when lightning strikes. Check the forecast. Watch for storm clouds. Plan so you can quickly return to your car if a storm begins. If hiking, return to the trailhead before noon, and return immediately if you hear thunder.

 **Marijuana possession and use is illegal in Rocky Mountain National Park and all federal lands,** even though small amounts of recreational marijuana are legal in Colorado.

 **Pets are prohibited on ALL park trails, tundra, and meadow areas.** Leashed pets are only allowed in picnic areas, parking lots, campgrounds, and along roadsides. Never leave pets in vehicles if it puts them in danger or they become a public nuisance. When outside vehicles, pets must be on leashes no longer than six feet. **Service animals** that have been individually trained to perform specific tasks for the benefit of persons with disabilities are allowed in the park. **Emotional support (“therapy animals”) and service-animals-in-training** are not service animals under the Americans with Disabilities Act and may not access trails or other non-motorized areas.

 **Rivers and Streams can be deadly.** Park waters are frigid. Powerful currents can knock you over and pull you downstream or underwater, where you may become trapped. Streamside rocks are often slippery, and nearby water may be deep. Always closely supervise children around all water but especially near rivers and streams.

 **Take only pictures.** It is illegal to take any natural features including pinecones, rocks, antlers, and artifacts or to disturb soil, rocks, or vegetation (including flowers). Metal detector use is prohibited.

 **KEEP WILDLIFE WILD**
Never feed or approach wildlife

Many amazing animals call Rocky home. To keep them and you safe and comfortable:

- Obey wildlife closure areas and “no stopping” traffic zones.
- Use parking areas along the road. If not available, pull your vehicle completely off the road and do not park on vegetation.
- Keep a safe distance. If you cause an animal to move or change behavior, you are too close! Approaching an animal puts you at risk and may cause it stress, leading to disease and illness.
- Never feed wildlife, including birds and chipmunks.

 **Bears and Mountain Lions**
Seeing a bear or mountain lion is rare, and interactions are even more rare. However, keep the following in mind:

- Travel in groups and make noise as you hike closely together. Keep children close! A predator does not distinguish a running child from running prey.
- If you see a bear or mountain lion, stop, stay calm, and back away slowly. Never approach wildlife or turn your back and run. Stand tall and look large. Raise your arms. Protect small children by picking them up.
- If approached, make loud noises, shout, clap hands, bang pots or pans, and fight back if attacked.

See Camping (page 6) to learn how to properly store food and other scented items.

Road Conditions

Trail Ridge Road is open for the season, weather permitting. It usually closes in mid-October. For current park road and driving conditions:

- Stop at a visitor center
- Call the Trail Ridge Road status line **970 586-1222**

Learn all about these bugling beauties in a special day of elk activities. Rangers will be on hand at the Kawuneeche Visitor Center with fun family activities to share. Please drop in!

See our cover story to learn more about the fall rut and how to view elk safely.

Become a Junior Ranger

Drop in any time this fall and tell park staff you want to be a Junior Ranger!

Junior Rangers have fun discovering the natural world and learning why we need to protect our national parks. We need the help of ALL our rangers to keep Rocky protected for many years to come.

Pick up a free Junior Ranger Activity Booklet at any visitor contact station, discover the park, and earn your badge! There are activity books for ages 5 and under, 6 to 8, and 9 and up.

WebRangers is the online extension of the Junior Ranger program. A website for all ages, if you love our national parks, historic sites, and monuments, this site is for you. nps.gov/webangers

Centennial Quilt Exhibit

Fall River Visitor Center
9 am to 5 pm
September 6 to 25

Rocky is joining twelve other national parks across America to display thirteen art quilts created to celebrate the centennial of the National Park Service. Come see these beautiful quilts at the Fall River Visitor Center!

The quilts were created by Fiber Works, a group of textile artists from the Lincoln-Omaha, Nebraska area. The artists were inspired by their favorite national park site. Learn more at nps.gov/home/centennialquilts.htm

Camping Information

Overnight stays in Rocky Mountain National Park must be in a campground or designated wilderness site. You are not allowed to stay overnight in a car or RV along roads or at trailheads.

All park campgrounds usually fill on summer days and fall weekends. Reservations for late-May through September can be made six months to one day in advance and are highly recommended. To make a reservation:

- [reserveamerica.com](https://www.reserveamerica.com)
- [recreation.gov](https://www.recreation.gov)
- **877 444-6777**

Fees to Camp

- When the water is on (summer), all campgrounds are **\$26 per night**.
- When the water is off (winter), Moraine Park Campground Loop B is **\$18 per night**.
- America the Beautiful Senior and Access Pass holders receive a 50 percent discount on camping fees.
- Park entrance and camping fees may be paid in US currency by major credit card or debit card, cash, or check.

Stay Limits

You can stay no more than seven nights TOTAL between June 1 and September 30, plus an additional 14 nights from October 1 to May 31. Stay limits are on a parkwide, rather than per campground, basis.

At All Standard Campsites

- Eight people or less may camp at a given site.
- All campsites, including RV sites, have a tent pad, picnic table, and fire grate.
- Shared food storage lockers are available throughout all campgrounds.
- Tents must fit on the tent pad. Two or three tents are allowed, as long as they fit.
- There are no electric, water, or sewer hookups at any park campsites.
- There are no shower facilities in the park, but showers are available in nearby communities.
- Portable showers are prohibited except in two solar-heated shower bag stall facilities at Moraine Park Campground.

- Remember, toiletries attract wildlife and need to be properly stored when not in use.

Pets

All campgrounds allow pets with certain restrictions:

- Pets must be on a leash no longer than six feet.
- Owners must pick up and dispose of pet excrement in trash receptacles.
- Pets may not make noise that impacts visitors or wildlife.
- Pets are never allowed on park trails or in meadow areas.
- Pets should never be left unattended.
- Keep a clean camp! Never leave pet food unsecured or unattended.

Food Storage

Do not attract wildlife, including black bears, to your campsites.

Improperly stored or unattended food items will result in a violation notice. Food items include food, drinks, toiletries, cosmetics, pet food and bowls, odoriferous attractants, and garbage, including empty cans, food wrappers,

etc. These must be disposed of in trash or recycling receptacles.

Hummingbird feeders and bird feeders are not allowed. They attract wildlife like raccoons, elk, deer, and bears. Coolers, dirty stoves, grills, non-disposable tableware, and cookware must be washed and stored just like food. Camp kitchens must be kept clean and individual items properly stored.

In campgrounds, store all food items in food storage lockers. If full, store food:

- Inside vehicle trunks with windows closed and doors locked.
- If you don't have a trunk, put items in the passenger compartment as low as possible and covered from sight, with windows closed and doors locked.
- If driving a convertible or motorcycle, use food storage lockers, available in all park campgrounds. Food storage lockers are shared with other visitors and cannot be locked. Food storage lockers are shown on all campground maps.

Wilderness Camping

Permits and Fees

Overnight stays in the wilderness require a permit available at the Beaver Meadows Wilderness Office or Kawuneeche Visitor Center. To learn more or make a reservation (highly recommended for summer), visit go.nps.gov/RockyWildernessCamping.

A \$26 fee is required May 1 to October 31. This nonrefundable, non-exchangeable, administrative fee must be paid when reservations are made.

To protect visitors and wildlife, wilderness campers must use carry in/carry out, commercially-manufactured, hard-sided, bear-resistant food storage containers in all areas of the park between April 1 and October 31. Containers may be rented or purchased at outdoor shops in nearby communities.

Leave No Trace

Over four million people visit Rocky every year. Whether hiking, camping, or driving, keep your park beautiful by practicing Leave No Trace Ethics.

- Plan ahead and prepare
- Travel and camp on durable surfaces
- Dispose of waste properly
- Leave what you find
- Minimize campfire impacts
- Respect Wildlife
- Be considerate of others.

Sprague Lake Accessible Wilderness Campsite

Contact the Wilderness Office at **970 586-1242**. 12 campers with up to five wheelchair users can stay at the site. A \$26 administrative permit fee is required from May 1 to October 31.

Park Partners

Did You Know That Rocky Mountain National Park Has Sisters?

IT'S TRUE! Rocky has "sister" park relationships with national parks in Poland, Slovakia, and Costa Rica.

Eight years ago, Rocky Mountain National Park signed a sister park agreement with the Tatra National Parks in Poland and Slovakia. All three are mountain parks and international biosphere reserves.

In 2012, Rocky signed another agreement with the Monteverde Cloud Forest, Santa Elena Cloud Forest Reserve, Children's Eternal Rainforest, and Arenal National Park in Costa Rica. What do we share with places in Costa Rica? Birds! Over 150 species of birds, like the Yellow-rumped Warbler (lower right), share the ecosystems of Rocky and Costa Rica.

Since 2007, we have engaged in staff exchanges and conferences, started joint science projects, and shared ideas and lessons learned. Issues

that once seemed specific to a single park or country are now seen through a global lens and recognized as common to many protected areas.

The future of protected areas is international. As Shakespeare said, "One touch of nature makes the whole world kin." Working with colleagues in our sister parks reminds us to think a bit larger in preserving our global landscapes for future generations.

At Rocky Mountain Conservancy Nature Stores, YOUR PURCHASE MAKES A DIFFERENCE

The best Rocky Mountain National Park t-shirts, games, toys, books, maps and other interesting items are here, at any of the Rocky Mountain Conservancy Nature Stores located in park visitor centers.
