

# St. Croix Riverway

National Scenic Riverway  
National Park Service  
U.S. Department of the Interior

## Section Map: Riverside to Highway 70

This section map provides information for the 46.5 mile section of the St. Croix National Scenic Riverway between Riverside Landing and Highway 70 Landing. For specific information on water levels, area outfitters, or to speak with a park ranger, contact the Marshland Visitor Center, 15975 State Hwy 70, Pine City, MN, 55063, (320) 629-2148 or (320) 629-3870. Information is also available at Park Headquarters, (715) 483-3284. Additional handouts describing canoeing and camping within the Riverway are available.

### For Your Safety

#### **Water Levels**

The water level between Riverside and Highway 70 Landings provides good canoeing all summer except in times of extreme drought.

#### **Hazards**

Overhanging trees, downed trees, bridge piers, or strainers, can overturn a canoe and trap canoers underwater. Be alert. Your water-filled canoe can pin you against obstacles.

#### **Life Jackets**

Wearable personal floatation devices are required onboard for each person. It is recommended that

#### **Ticks**

Ticks are found along the Riverway. Learn the symptoms for Lyme disease. Bring repellent for ticks and mosquitoes.

#### **Drinking Water**

Bring an adequate water supply. The safest method of purifying river water for drinking is to bring it to a rolling boil for at least 1 minute.

#### **Poison Ivy**

The three, shiny, large-toothed leaves of poison ivy are common at wood's edge.

you wear them. Seat cushions are no longer legal by themselves.

*poison ivy*

### **Parking**

Lock your vehicle and take valuables with you. Obey parking signs and do not block landings.

## **Protect Your Riverway**

### **Trash**

Pack it in - pack it out! Keep the Riverway free of litter. Bring a trash bag. Do not dispose of trash in toilets or fire rings.

### **Restrooms**

Primitive toilets are available at campsites and landings. If toilets are not available, bury human waste 6 inches deep, and at least 100 feet away from the river and campsites.

### **Fires**

Use a stove. If you must have a fire use dead and down wood. Build them only in metal fire rings.

### **Erosion**

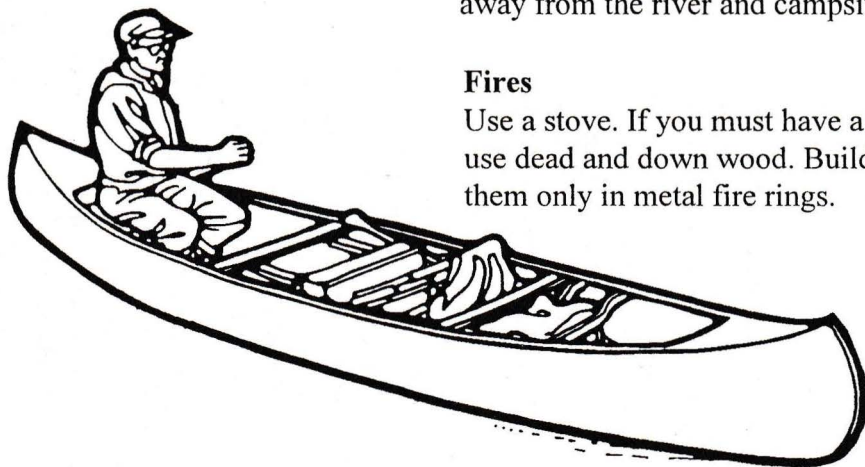

Help prevent riverbank erosion. Sand banks are fragile and often are turtle nesting sites. Please keep off.

### **Mussels**

Mussels, also known as freshwater clams, and their empty shells are protected. Some species are endangered. Please do not disturb them.

### **Camping**

Camping is permitted in designated sites only. There is a one night limit at each site. Please read the National Park Service handout titled "Camping" for more information.
