CENTENNIAL

TONTO NATIONAL MONUMENT

YEAR BUILDING BEGAN

1300 AD

NUMBER OF ROOMS

40

SIZE OF CAVE

70' wide x 80' high x 60' deep

FUN FACTS #3-c

The geographic area contains a variety of architectural styles and material culture that represent both Hohokam and ancestral Puebloan traditions. Recent research suggests that the intermixing of these two groups may have occurred in the late 13th century to the middle part of the 15th century.
