

# COPPER SMELTING

CAMP VERDE

#16-b

# 2016

National Park Service.  
CENTENNIAL

## TUZIGOOT NATIONAL MONUMENT

### TUZIGOOT MEANING

Apache for "Crooked Water"

### ORIGINAL INHABITANTS

The Sinagua

### MINERAL MINED IN AREA

Copper

### FUN FACTS #16-b

The picture on the front includes the orange dirt of the tailings. This was where by-products of the copper smelting process were dumped. In 2006 the tailings were capped, to minimize runoff and pollution of the Verde River and groundwater.
