Publications of the
NATIONAL
WETLANDS RESEARCH CENTER

Fish and Wildlife Service
U.S. Department of the Interior
The reports appearing on this publication list were produced by the National Wetlands Research Center (NWRC), formerly the National Coastal Ecosystems Team. To obtain copies of any publication, contact the Publications Unit (Publications Unit, U.S. Fish and Wildlife Service, Arlington Square, MS 130, 18th & C Streets NW, Washington, DC 20240; Phone: 703-358-1711 or FTS 921-1711) or purchase them from the National Technical Information Service using the order number found at the end of the appropriate citation. Only a few reports are still available from NWRC (indicated by availability "A" at the end of the citation). If the listing indicates the availability of Code A, the National Wetlands Research Center will supply one copy free until our supply runs out. (An asterisk indicates that NWRC has exhausted its supply.) The National Technical Information Service (NTIS) provides a choice of paper copy or microfiche, but does charge for publications. Prices are indicated by the codes following PC (paper copy) and MF (microfiche), respectively.

Current availability is indicated by:

**Code A for:** U.S. Fish and Wildlife Service
National Wetlands Research Center
1010 Gause Boulevard
Slidell, LA 70458
504-646-7287
FTS 680-7287

**Code C for:** National Technical Information Service
U.S. Department of Commerce
5285 Port Royal Road
Springfield, VA 22161
703-487-4780

**Code M for:** Minerals Management Service
Records Management Section
1201 Elmwood Park Boulevard
New Orleans, LA 70123-2394
504-736-2519
FTS 680-9519

**Code P for:** Superintendent of Documents
U.S. Government Printing Office
Washington, DC 20402
504-646-7287
FTS 680-7287

[**NOTE:** Many of these reports can be found in public and university libraries designated as depositories for the Government Printing Office; for the location of your nearest depository library, ask your local librarian. The Superintendent of Documents shelf number is 49.89/2: for FWS Biological Reports.]
**NTIS PRICE CODES (Jan.1990)**

*(Add $3.00 handling charge per order)*

PUBLICATION LIST

U.S. FISH AND WILDLIFE SERVICE - NATIONAL WETLANDS RESEARCH CENTER

FWS/OBS-77/12 through 77/16.5 Environmental Planning for Offshore Oil and Gas. 1978. Availability A,C. FULL SET - NTIS PB 281 441. PC A99. A few copies of the entire set are available in a bound edition at A.

*FWS/OBS-77/48 Interim Hierarchical Regional Classification Scheme for Coastal U.S. and Its Territories.

  *Volume I - NTIS PB80 183 825. PC A08/MF A01.
  *Volume II - NTIS PB80 187 685. PC A14/MF A01.

*FWS/OBS-77/64 Wading Birds as Biological Indicators. See Special Sci. Rep.- Wildlife #206

FWS/OBS-78/08 The Chenier Plain Ecosystem - An Ecological Characterization. Brochure. Availability A.

*FWS/OBS-78/09 through 78/11 An Ecological Characterization Study of the Chenier Plain Coastal Ecosystem of Louisiana and Texas. J.G. Gesslein, C.L. Cordes, and J.W. Parsons.

4

MAPS 79/06 Due to budgetary constraints, publication of the maps is limited. Copies are available for use, but cannot be loaned, at the following repositories:

LOUISIANA: National Wetlands Research Center, Slidell, Louisiana; Minerals Management Service, New Orleans; Louisiana State University Library (Government Documents Section), Baton Rouge; Nicholls State University Library, Thibodeaux, Louisiana; Louisiana Dept. of Transportation and Development, Coastal Management Section, Baton Rouge.
MAPS FOR MISSISSIPPI ONLY: Gulf Coast Research Laboratory, Ocean Springs, Mississippi; Bureau of Marine Resources, Long Beach, Mississippi; University of Southern Mississippi Library (Government Documents Section), Hattiesburg. Paper or acetate copies of specific maps are no longer available from:

David DeBlanc. State of Louisiana/Mississippi Technology Transfer Office, John C. Stennis Space Center, MS 39529.

MAPS 79/07 Due to budgetary constraints, publication of the maps is limited. Copies are available for use, but cannot be loaned at the following repositories:

LOUISIANA National Wetlands Research Center, Slidell, Louisiana; Minerals Management Service, New Orleans, Dept. of Transportation and Development, Coastal Management Section, Baton Rouge.

MISSISSIPPI Bureau of Marine Resources, Long Beach, Mississippi; U.S. Army Corps of Engineers, Mobile, Alabama

*FWS/OBS-79/15 Vol. 5 - Data Source Appendix. 70 pp. Availability C. (NTIS PB81 109 969. PC A04/MF A01).

FWS/OBS-79/40 through 79/45 Ecological Characterization of the Sea Island Coastal Region of South Carolina and Georgia.

FWS/OBS-80/01 Selected Vertebrate Endangered Species of the Seacoast of the United States. 1980. 58 accounts. No longer available. (Call A for individual species.)

An Ecological Characterization of the Central and Northern California Coastal Region. 5 Vols. 1981. Availability C. Full set (NTIS PB83 155 408. PC A99).

Regional Characterization. 438 pp. (NTIS PB83 155 424. PC A19/MF A01).

Species. 682 pp. (NTIS PB83 155 432. PC A99/MF A01).

Habitats. 473 pp. (NTIS PB83 155 440. PC A21/MF A01).

Community Composition Lists. 879 pp. (NTIS PB83 155 457. PC A99/MF A01).

Watersheds and Basins. 690 pp. (NTIS PB83 155 465. PC A99/MF A01).

Watersheds and Basins. 705 pp. (NTIS PB83 155 473. PC A99/MF A01).

Data Source Appendix. 77 pp. (NTIS PB83 155 481. PC A05/MF A01).

Atlantic Coast - Ecological Inventory. 1980. 163 pp. (PB81 102964 PC A08/MF A01).

The inventory data were placed on USGS 1:250,000 base maps to produce the following inventory maps: (*)indicates maps out of stock at NWRC; they may be purchased for $4.00 each from the U.S. Geological Survey, Box 25286, Federal Center, Denver, CO 80225.

*Eastville, VA 36076-A1-EI-250

*FWS/OBS-81/02 Vol. 1 through Vol. 6 Fish and Wildlife Resources of the Great Lakes Coastal Wetlands Within the United States. 1981. (Only microfiche available from NWRC).

NOTE: Microfiche for Volume 1 through 6 is available from NWRC as long as the supply lasts.

Full set of maps and text may be purchased from Code M, Price - $50.00

The inventory data were placed on USGS 1:250,000 base maps to produce the following inventory maps:  (* indicates maps out of stock at NWRC; they may be purchased from the U.S. Geological Survey, Distribution Branch, Box 25286, Federal Center, Denver, CO 80225 for $4.00 each. The following mapped locations and corresponding stock numbers should be used in ordering Pacific Coast Ecological Inventory maps.

This report and 10 maps may be purchased from Code M, Price - $15.00 MMS840038.

FWS/OBS-82/10.xxx  Habitat Suitability Index Models: This is a series of publications produced by the National Ecology Research Center, Fort Collins, CO, and the National Wetlands Research Center. The titles of the HSI models produced at NWRC are listed separately at the end of this document. Copies are now available only from the Publications Unit or NTIS.

FWS/OBS-82/11.xxx  Species Profiles: Life Histories and Environmental Requirements of Coastal Fishes and Invertebrates. The individual titles in this series are listed separately at the end of this document.

FWS/OBS-82/15 through 82/17  Texas Barrier Islands Region Ecological Characterization Atlas. C.T. Kimber, and J.B. Johnston. 1984. The following narratives are available from code A; or they can be purchased from C. Maps are no longer available.

FWS/OBS-82/16 - Biological Resources Narrative. 12 pp. Availability A, C.

FWS/OBS-82/21  Alabama Coastal Region Ecological Characterization.

Copies in color may be purchased from Code M. Price - $15.00 each. Order by title and Open File Report 82-03.

Text and maps can be purchased from Code M, price $30.00, order no. MMS84-0052

The inventory data were placed on USGS 1:250,000 base maps to produce the following Inventory maps. (*indicates maps out of stock at NWRC; they may be purchased from the U.S. Geological Survey, Box 25286, Federal Center, Denver, CO 80225 for $4.00 each.) The following mapped locations and corresponding stock numbers should be used in ordering Gulf Coast Ecological Inventory maps.

*Key West 24080-A1-EI-250 *West Palm Beach 26080-A1-EI-250

Full size quadrangle maps showing wetland and surface mines (1:24,000) are available from A as attachments to this report.  LIMITED QUANTITY.

Volume I - Text. 333 pp. (NTIS PB84 174 119. PC A15/MF A01).
Volume II - Part 1 Data Appendix. 259 pp. (NTIS PB84 174 101. PC A14/ MF A01).
Volume II - Part 2 Data Appendix. 359 pp. (NTIS PB84 174 093. PC A17/MF A01).

Volume II - Part 1 Data Appendix. 309 pp. (NTIS PB84 174 218. PC A15/MF A01).
Volume II - Part 2 Data Appendix. 375 pp. (NTIS PB84 174 192. PC A17/MF A01).

The Inventory data were placed on USGS 1:250,000 base maps to produce the following inventory maps, which are available from U.S. Geological Survey, Box 25286, Federal Center, Denver, CO 80225 for $4.00 each:

- Blytheville 35088-A1-EI-250
- Greenwood 33090-A1-EI-250
- Helena 34090-A1-EI-250
- Jackson 32090-A1-EI-250
- Memphis 35090-A1-EI-250
- Natchez 31090-A1-EI-250

Note: In FY85 the FWS/OBS series was changed to the Biological Report series. The numbering system was continued with minor modifications.

88(23) **Life History and Environmental Requirements of Loggerhead Turtles.** D.A. Nelson. 1988. 34 pp. Availability C (NTIS PB89 113005 PC A03/MF A01).

The HSI models are designed to be used in the Habitat Evaluation Procedure which is used by the Fish and Wildlife Service in impact assessment and habitat management activities. HSI models have been developed and published by the National Ecology Research Center (formerly the Western Energy and Land Use Team) and the National Wetlands Research Center (formerly the National Coastal Ecosystems Team). Those produced by NWRC (NCET) are listed here, but should be ordered from the Publications Unit or NTIS.

This series of profiles describes biological characteristics and environmental requirements of selected species of interest to the U.S. Army Corps of Engineers and U.S. Fish and Wildlife Service in this jointly funded project. The title of each publication includes the name of the series (the heading of this page), the geographic area, and the common species name. The name of the series is not repeated in the following individual listings.

FWS/OBS-82/11. Species Profiles: Life Histories and Environmental Requirements of Coastal Fishes and Invertebrates.
