Tree Lighting Continues a Long Tradition on the Ellipse

The lighting of the National Christmas Tree on the Ellipse is a Washington tradition during the holiday season. After the annual lighting in early December through January 1, 2009, visitors will have a one-of-a-kind opportunity to enjoy the National Christmas tree, smaller trees representing all fifty states, the District of Columbia and the five U.S. territories, an installation of model trains and the warmth of the Yule Log. Additionally, on evenings through December 23, visitors will be treated to sounds of the holidays as musical groups from across the region perform on the outdoor stage in the Ellipse area. The site will be open daily from 11:00 a.m. to 11:00 p.m.

The tradition of a tree lighting ceremony in the nation's capital began in 1913, when 20,000 onlookers witnessed the lighting of the first Washington Community Christmas tree on the East Plaza of the Capitol. A decade later, on Christmas Eve 1923, President Calvin Coolidge lit the first National Christmas tree on the Ellipse, a sixty foot evergreen from his home state of Vermont. Today's National Christmas Tree was transplanted from Pennsylvania in 1978. The live 41-foot 9 inch Colorado blue spruce grows on the Ellipse, just south of the White House.

The 2008 Opening Night Ceremony will take place Thursday, December 4 at 5:00 p.m. The National Park Service will distribute free Lighting of the National Christmas Tree Opening Ceremony tickets to the public at the Ellipse Visitor Pavilion at the southeast corner of 15th and E Street, NW on Saturday, November 1 at 8:00 a.m. A maximum of four tickets will be issued per person. For additional information call (202)208-1631.

On Exhibit: Presidential Inaugurations

The history of Presidential Inaugurations for more than 200 years can be revisited in this exhibit on display from November 4 through January 24, 2009 at the White House Visitor Center. Since 1801, a Presidential Inauguration has been held in Washington, D.C., the culmination of our electoral process. Some of these marked a change of president and even a change of the political party in power, while others were second inaugurations for incumbent presidents.

Inauguration Day was officially held on March 4 through 1933. The four months between an election and an inauguration proved to be too long, and the 20th Amendment to the Constitution, ratified in 1933, officially changed Inauguration Day to January 20. The inauguration site has not been constant. Early presidents were sworn into office inside the Capitol. Today, a platform and stands are erected on the west side of the Capitol. The Inaugural Parade, which began spontaneously as President Thomas Jefferson returned to the White House in 1805, has developed into a formal, often lengthy procession reviewed by the President and his family and guests from a stand on the north side of the White House.

Advances in technology have contributed to the public's awareness of the Inaugurations of their Presidents. The 1857 Inauguration of President James Buchanan is the earliest to have been photographed. In 2005, the Inaugural ceremony was beamed to hundreds of countries around the globe on television and the internet.

You Can Become a “Very Important Person” in Our Parks

Volunteering is an American tradition that has made an immeasurable contribution to communities, organizations and individuals across the country. At President's Park and across the nation, volunteers play a vital role in support of the National Park Service's mission. There are many ways volunteers can help the National Park Service achieve its goals, including organizing and cataloging photo files and library inventories, working on maintenance projects, staffing the visitor information desk, helping with tour operations, or presenting interpretive programs. Our Volunteers-In-Parks Program (VIP) has grown over the years to reflect the dedication of people to our national parks. More than 360 National Park Service areas use VIPs, ranging in age from young children to senior citizens. They come from all over the United States and the world, bringing different backgrounds, skills, and talents that enrich our park programs.

The National Park Service provides current information about the VIP program and volunteer opportunities all across the National Park System at www.nps.gov/volunteer. An electronic application is provided so you can apply right on the Web! All submitted applications will be e-mailed directly to the VIP coordinator at your Park of choice. President's Park volunteer opportunities include:

Information Specialist – Provide current information to visitors at the White House Visitor Center and President's Park.

Interpreter – Give guided talks and walks around the many statues and memorials in President's Park.

Special Events – Assist with seasonal Garden Tours, the annual Lighting of the National Christmas Tree, Easter Egg Roll, and more.

Education Program Aide – Assist with educational presentations for school children and seniors.

For more information about the President's Park Volunteer Program, please call (202) 208-1631 ext. 228.
