# 1809-2009: Celebrate the Lincoln Bicentennial

**D**uring the gravest crisis in American history, President Abraham Lincoln preserved the Union, led the effort to eradicate slavery, and articulated the best aspirations of American democracy. In 2000, the United States Abraham Lincoln Bicentennial Commission was established by Congress to plan the national observance of the 200th anniversary of Abraham Lincoln's birth in 2009. This Commission has the task of sharing with all fellow Americans, as well as people around the world, the enduring legacy of Abraham Lincoln.

What more is there to learn about our 16th president? What remains relevant about a president born two centuries ago? Today, the 16th president tops the list of the most influential and revered president ever to serve. His words are quoted by politicians, as well as students. His face appears on stamps, coins and currency. Mountains, cities, highways and schools bearing his name dot the land. He felt his most enduring achievement was the Emancipation Proclamation. Indeed, Lincoln's legacy is most alive in our continuous search for freedom, equality and opportunity.

He overcame being poor and uneducated to become a great president. He fought to keep the nation from splitting apart. He believed that all people are equal – just like the Declaration of Independence says. On January 1, 1863, he issued the Emancipation Proclamation that declared forever free those slaves within the Confederacy. As president, he built the new Republican Party into a strong national organization.

The spirit that guided him was clearly that of his Second Inaugural Address, now inscribed on one wall of the Lincoln Memorial here in Washington, D.C.: “With malice toward none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds...”

Abraham Lincoln's footsteps still echo through the halls of the White House.

President's Park rangers are honored to be presenting free interpretive programs on Lincoln every Thursday at 1:30 p.m. in the White House Visitor Center. The Information Desk will have a schedule of these special events and other programs happening throughout the year both here and at other local National Park Service sites in the Washington, D.C. area.
