

What You Need to Know

Parking & Congestion

Be prepared for two- to three-hour delays, especially in afternoons and on weekends.

Expect long lines at entrance stations. On the busiest days, parking areas can fill by mid-morning.

Plan to arrive before 9 am and leave after 5 pm.

Once you find a place to park, stay parked. Use the valley's free shuttles to get around. *See page 6 for shuttle routes.*

Plan for delays and use restrooms when available.

Flooding & Park Closures

Due to historic winter snowpack, **it is very likely that the Merced River will reach flood stage off and on from late April through early July.**

At this stage, roads and other critical infrastructure begin flooding, making it unsafe for visitors to be in Yosemite Valley.

The Merced River in Yosemite Valley is likely to remain high into mid-July. This means that *the river will be unsafe for swimming, rafting, and boating.* Picnic areas along the river may close or have limited space.

Protect Wildlife—and Yourself

Speeding Kills Bears

Being hit by a car is the most common human-related cause of death for black bears in Yosemite. Slow down! Driving too fast is almost always the reason for these accidental deaths.

View Wildlife from a Safe Distance

Never approach or feed any animal. Not only is it illegal, it is dangerous for both to you and the animal. Wild animals in Yosemite can transmit diseases, including plague, rabies, and hantavirus. For more information on staying safe in Yosemite, visit go.nps.gov/yosafety.

DISTANCE FROM WILDLIFE: 30 feet = about one bus-length.

Entering a National Park

Yosemite is a place where wilderness prevails. The National Park Service is bound by its mission to protect Yosemite's

natural and cultural resources for the benefit and enjoyment of future generations.

Regulations are in place to protect park resources and for your safety.

If you see activities that could harm people or park resources, write down any descriptions or a vehicle license plate number and call the park dispatch office at 209/379-1992.

Prohibited activities include:

- Feeding or approaching wildlife
- Collecting plants, reptiles, or butterflies
- Hunting animals
- Picking up archeological items, such as arrowheads
- Using metal detectors
- Driving vehicles into meadows
- Biking off of paved roads
- Camping outside of designated campgrounds
- Possession of weapons inside federal facilities
- Possessing or using marijuana, including medical marijuana
- Using drones

Visitor & Emergency Services

Fire – Police – Medical Emergency

Call or text 911 for emergencies.

Yosemite Village Garage

Offers 24-hour emergency roadside assistance and propane service until 4:30 pm. NO gas is available here. Phone: 209/372-1060

Access for People with Disabilities

For a complete list of accessible services, exhibits, and recreational opportunities, pick up a Yosemite Accessibility Guide at any park

entrance station or visitor center, view online at www.nps.gov/yose/planyourvisit/accessibility.htm, or call a park Accessibility Coordinator at 209/379-1035.

Sign Language interpreting is available upon request.

Contact Deaf Services at 209/379-5250 (v/txt). Two weeks advance notice is requested.

Assistive Listening Devices are available upon advance request at any visitor center.

Accessible parking spaces are available throughout the park.

Lost & Found

For items lost or found at one of Yosemite's restaurants, hotels, or lounges, call 209/372-4357. For items lost or found in other areas of the park, call 209/379-1001.

Food Storage

Help keep wildlife wild. Never intentionally feed any wild animal in Yosemite. Avoid accidentally sharing your food by properly storing it. Improper food storage harms wildlife and can result in significant property damage and a hefty fine.

During the Day

While hiking or picnicking, always keep your food within arm's reach. When you are away from your vehicle, keep all windows closed and any food or coolers hidden from sight. Never leave food in a pickup truck bed or strapped to the outside of a vehicle.

At Night

Bears can easily break into vehicles in search of food. Food, trash, and other scented items may **NOT** be stored inside vehicles overnight. These items must be kept inside a food locker, in an approved bear resistant container, or in a hotel room or cabin. Food may also be stored inside a completely hard-sided RV with all windows and vents closed.

For more information about food storage and bears visit www.KeepBearsWild.org

If you see a bear in the park, email yose_bear_mgmt@nps.gov or call the Save-a-Bear hotline at 209/372-0322.

Where is My Pet Allowed in Yosemite?

Pets are allowed in developed areas, on fully paved roads, sidewalks, and bicycle paths (except where signs prohibit pets), and in all campgrounds except walk-in campgrounds and group campgrounds. Pets must be restrained on a leash not more than six feet long and may not be left unattended. Other regulations also apply.

Pets are **NOT** allowed on shuttle buses or indoor lodging areas, including lobbies and rooms.

Yosemite Valley

Known for its towering granite walls and features like El Capitan and Half Dome, the valley is alive in spring with numerous roaring waterfalls. The valley is one of the park's most accessible areas for hikers in spring, though snow and ice may still be present on trails. Enjoy a variety of other activities as well, including bicycling, guided walks, and art and photography classes. (See pages 4 & 8.)

Road Conditions

Traffic congestion is common in Yosemite Valley, especially during spring and summer and on weekends. Arrive early in the morning to find parking, then take advantage of the valley's free shuttles to spend more time enjoying the park.

Crane Flat & Tuolumne Grove

The Big Oak Flat Information Station opens on May 26. Visit two sequoia groves north of Yosemite Valley that are smaller than the more famous Mariposa Grove, but typically quieter. Hike one mile down to the Tuolumne Grove, or 1.5 miles down to the Merced Grove. Parking at each trailhead is extremely limited. *Trails may be snowy or icy even in spring.*

Distance from Yosemite Valley

16 mi/26 km (30 minutes)

Directions

From Yosemite Valley, take Big Oak Flat Road (Hwy 120) to Tioga Road Junction at Crane Flat.

Road Conditions

Big Oak Flat Road remains open year-round.

Mariposa Grove & Wawona

The Mariposa Grove is home to over 500 mature giant sequoias. Park at the Mariposa Grove Welcome Plaza, near Yosemite's South Entrance, and walk two miles up the road to the grove. *Trails through the grove may be snowy or icy, even in spring.*

Shuttle service to the grove typically begins in spring. Due to road damage from historic winter storms, shuttle service will likely be delayed until the end of May, or even later.

The Wawona Visitor Center at Hill's Studio opens on May 26. Open year-round, the Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite.

Distance from Yosemite Valley

30 mi/48 km (1 hour)

Directions

From Yosemite Valley, take Wawona Road (Hwy 41). Watch for signs for the Mariposa Grove just before the park's South Entrance.

Road Conditions

Wawona Road (Hwy 41) remains open year-round.

What Should I Do in Yosemite? A Ranger Recommends:

If you're visiting Yosemite for half a day:

Take a scenic stroll around one of Yosemite Valley's meadows and visit Lower Yosemite Fall.

Stop at Tunnel View, El Capitan Meadow, and Valley View for scenic viewpoints.

If you're visiting Yosemite for a full day:

Spend a couple of hours hiking to Mirror Lake or the Vernal Fall footbridge.

Take a Yosemite Valley Floor Tour. (See page 9.)

Rent a bicycle and enjoy a scenic ride around the valley's bike paths.

If you're visiting Yosemite for two or more days:

Hike a section of the Valley Loop Trail, or choose a more strenuous hike, like the Yosemite Falls Trail or Mist Trail to Nevada Fall.

Visit giant sequoias at the Mariposa Grove, Tuolumne Grove, or Merced Grove.

Sign up for a guided walk or an art or photography class. (See page 8 for a program schedule.)

Visit Hetch Hetchy. Hike along the reservoir to Wapama Falls.

Tuolumne Meadows & Tioga Road

Road Conditions

Closed for the season.

Due to its high elevation, Tioga Road is closed each year from approximately November through May or June.

Tioga Road opening work begins on or around April 15 each year. Snowpack in the Tuolumne River basin was 244% of average on April 1, 2023. The latest opening in modern history was July 1, which was in 2019 (at 176% of average snowpack) and 1998 (156% of average snowpack). In 1983, the previous record snow year, the road opened on June 29 (224% of average snowpack).

Check the park website and social media channels for updates.

Hetch Hetchy

Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the City of San Francisco, is home to spectacular scenery and offers many wilderness trails. The area's low elevation makes it a good place to hike in autumn, winter, and spring, though it is typically very hot during summer.

Distance from Yosemite Valley

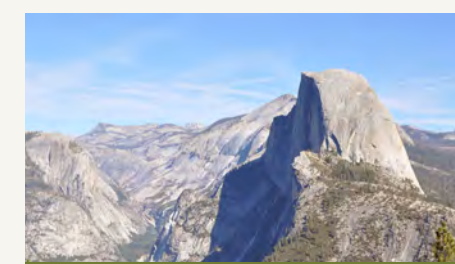

40 mi/64 km (1 1/2 hours)

Directions

From Yosemite Valley, take Big Oak Flat Road (Hwy 120) to Evergreen Road, then turn right.

Road Conditions

The road is open daily from 8 am to 9 pm. Vehicles and/or trailers over 25 feet long and 8 feet wide are not permitted on the narrow, winding Hetch Hetchy Road.

Glacier Point Road

Road Conditions

Closed for the season.

Glacier Point Road is closed each year from approximately November through May or June.

Plowing begins around April 15. Additional road work must occur this year before the road can open. Once open, expect 30-minute delays as the road project concludes. The earliest possible opening for Glacier Point Road is July; it is very likely the road will open later than that.

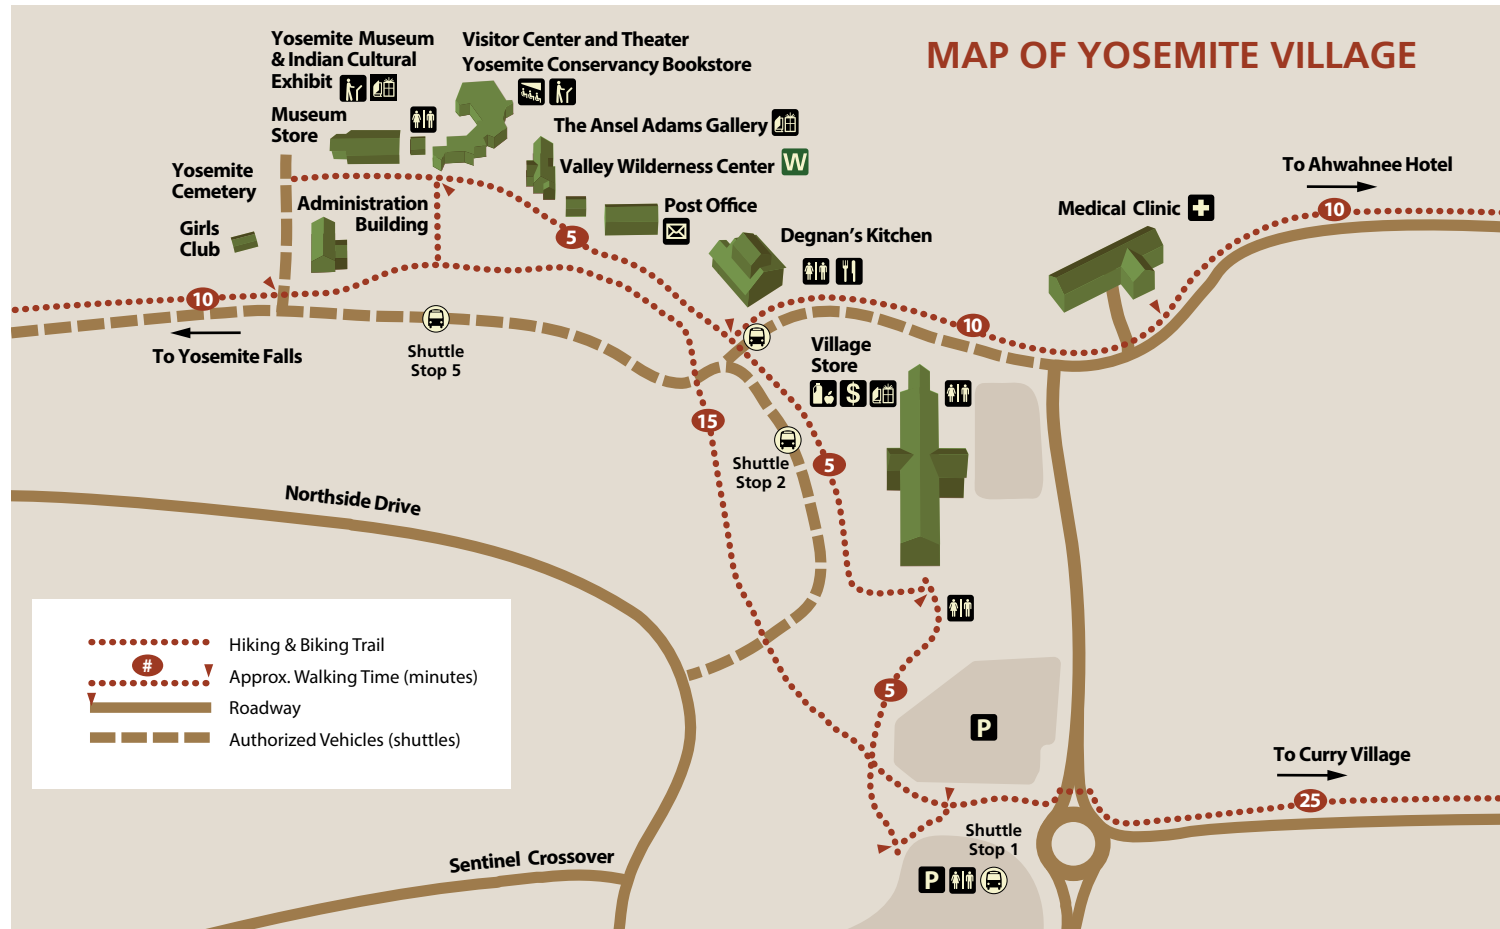

Check the park website and social media channels for updates.

Visiting Yosemite with kids?

Pick up a Junior Ranger booklet at any open visitor center. Complete the activities to earn a junior ranger badge!

Due to severe impacts from historic winter storms, seasonal opening dates and operating hours are subject to change.

Rehabilitation of The Ahwahnee

After more than 95 years in service, The Ahwahnee is continuing a multi-phase comprehensive rehabilitation plan to preserve the hotel's historic integrity, while bringing the building to code with modern fire and seismic safety standards.

Scaffolding and construction noise may be present during parts of the rehabilitation project.

PROPANE FUEL

Zero Landfill Initiative: Propane Canisters

You can now buy and exchange Little Kamper 1 lb. propane canisters in Yosemite stores, including at The Village Store, Curry Village Gift Shop, Mountain Shop, Wawona Store and El Portal Market.

1. Purchase a canister.
2. After use, bring the empty canister back to any store that participates in the Little Kamper propane exchange program.
3. Trade in your empty canister for a full one at a lower price.

In alliance with the Zero Landfill Initiative, Yosemite Conservancy, the National Park Service and Yosemite Hospitality are working together to reduce improper disposal of single-use propane canisters and send less waste to our local landfill. Help us by doing your part! *This project was made possible in part by a grant from the National Park Foundation through the generous support of Subaru of America.

YARTS

Travel Recommendations

The Yosemite Area Regional Transportation System (YARTS) is a public transit system that provides service into Yosemite National Park.

Buses are air-conditioned, bike friendly, wheelchair accessible, and equipped for rider comfort. Save gas, save time, save money, by taking YARTS!

For more information, bus schedules, and tickets, visit www.YARTS.com or call 877/989-2787.

🍽️ Bring plenty of food and water for potential delays and stop and use restrooms when available.

P Park your vehicle for the duration of your stay. Driving from site to site increases traffic congestion and can cause frustration for you and your passengers.

🚌 Ride the free shuttle buses to enjoy Yosemite Valley most easily once parked.

🕒 Arrive early and stay late, and visit Yosemite during the week.

🗺️ Enjoy the entire Yosemite region—consider visiting gateway communities such as Mariposa, Groveland, Lee Vining, and Oakhurst.

🚶 Ride a YARTS bus to enter the park.

Wilderness Permits

Wilderness permits are required year-round for all overnight trips into Yosemite's Wilderness. All trailhead quotas will be available online in advance for the 2023 hiking season. Visit [go.nps.gov/wildpermits](https://www.nps.gov/wildpermits) to learn how to get a permit this spring—or to plan for the summer ahead.

Please come prepared with your own bear canister or rent one at any open wilderness center.

Yosemite Valley Wilderness Center
Open 8 am to 5 pm daily.

Wawona Visitor Center at Hill's Studio
Opens May 26, 8 am to 5 pm daily.

Big Oak Flat Information Station
Opens May 26, 8 am to 5 pm daily.

Hetch Hetchy Entrance Station
Open 8 am to 5 pm daily.

Tuolumne Meadows Wilderness Center
Closed for the season.

Half Dome Permits

Permits are required 7 days a week when the cables are up, typically from late May to mid-October, conditions permitting. Due to heavy winter snowpack, installation of cables may be delayed in 2023.

Permits are available by pre-season and daily lotteries. More information is available at [go.nps.gov/hdpermits](https://www.nps.gov/hdpermits).

For backpackers wanting to climb Half Dome as part of a wilderness trip, information can be found at www.nps.gov/yose/planyourvisit/hdwildpermits.

Hetch Hetchy

FEATURES	TRAIL/DESTINATION	DESCRIPTION	DISTANCE/TIME	STARTING POINT	ELEVATION
	Wapama Falls	This hike follows the shoreline of the reservoir to the base of Wapama Falls. The Wapama Falls footbridge can sometimes close when water levels are too high.	5 mi/8 km round trip, 2 to 4 hours	Begin at O'Shaughnessy Dam	1,000-foot elevation gain

Wawona

	Wawona Meadow Loop	A relaxing and scenic stroll, this trail offers views across Wawona Basin and opportunities to see wildlife. Bikes and leashed pets are allowed.	3.5 mi/5.6 km round-trip, 1.5 to 2 hours	Begin across the street from Wawona Hotel	Mostly flat, unpaved

Giant Sequoia Groves

In winter and spring, the Mariposa Grove can only be reached on foot. It's a 2-mile walk each way (with 500 ft of elevation gain) to the entrance of the grove from the parking area, via the Mariposa Grove Road or the Washburn Trail. This route may be snowy or icy. Shuttle service to the grove begins in spring, when conditions allow.

	Tuolumne Grove Trail	Follow the Old Big Oak Flat Road—one of the first roads into Yosemite Valley—down through sugar pines and white firs to the Tuolumne Grove of Giant Sequoias. The trail may be icy or snowy in winter and early spring.	2.5 mi/4 km round-trip, 1 to 2 hours	Begin at Tuolumne Grove parking lot at Crane Flat on Tioga Road	500-foot elevation gain
	Merced Grove Trail	This trail follows an old road that curves down into the Merced Grove, the smallest and most secluded of Yosemite's three sequoia groves. The trail may be icy or snowy in winter and early spring.	3 mi/4.8 km round-trip, 1 to 3 hours	Begin at Merced Grove parking lot on Big Oak Flat Road	300-foot elevation gain
	Mariposa Grove—Big Trees Loop Trail	Winding through a forest with many giant sequoias, this trail features the Fallen Monarch and interpretive panels on the life and ecology of giant sequoias.	0.3 mi/0.5 km loop, 30 to 45 minutes	Begin at Mariposa Grove Arrival Area	Mostly flat, wheelchair accessible
	Mariposa Grove—Grizzly Giant Loop Trail	Hike past notable trees such as the Bachelor and Three Graces, the Grizzly Giant, and California Tunnel Tree.	2.1 mi/3.4 km round-trip, 1.5 to 2 hours	Begin at Mariposa Grove Arrival Area	300-foot elevation gain

Hiking Preparedness

Ask a ranger about trail conditions before you go. Due to historic winter storms, many trails will remain snowy, flooded, and/or muddy well into the summer. Even when snow has disappeared from the valley floor, hikers climbing to higher elevations may encounter reminders of winter. Snow-covered trails may be very difficult to navigate. **Use extra caution around flowing water.** Some creek crossings may be impassable. Never enter rivers or streams above waterfalls. **Adjust your expectations of what hikes will be possible this spring and summer and don't rely on past conditions and trip reports.**

Safety Information

Preventing Dehydration

Always carry more water than you need. Prevent dehydration by sipping lots of water throughout your hike and frequently eating salty snacks.

Rivers and Streams

Yosemite's water is deceptively dangerous. Visitors are strongly urged to keep a safe distance from all falling or moving water.

Pets

Pets are permitted on fully paved roads, sidewalks, and bicycle paths only (except when signed as not allowing pets.)

Drones

The use of drones within the park boundaries is illegal under all circumstances.

Bicycling

Bicycles are only allowed on paved roads and bike paths.

Safety for All Seasons

Bring plenty of water for your entire hike. Drinking water is not available outside of developed areas.

Pack essentials—including a flashlight, sunscreen, weather-appropriate clothing, sturdy footwear, plenty of snacks, and reliable navigation tools.

Stay on established trails.

Know your limits. Choose a trail that is the right fit for everyone in your group, and ensure you have plenty of time to make it back before sunset.

Always leave your travel and hiking plans, including time of return, with a trusted person.

YOU are responsible for your safety.
