## How Do The Shuttles Work?

TICKETS AVAILABLE ONLY AT RECREATION.GOV

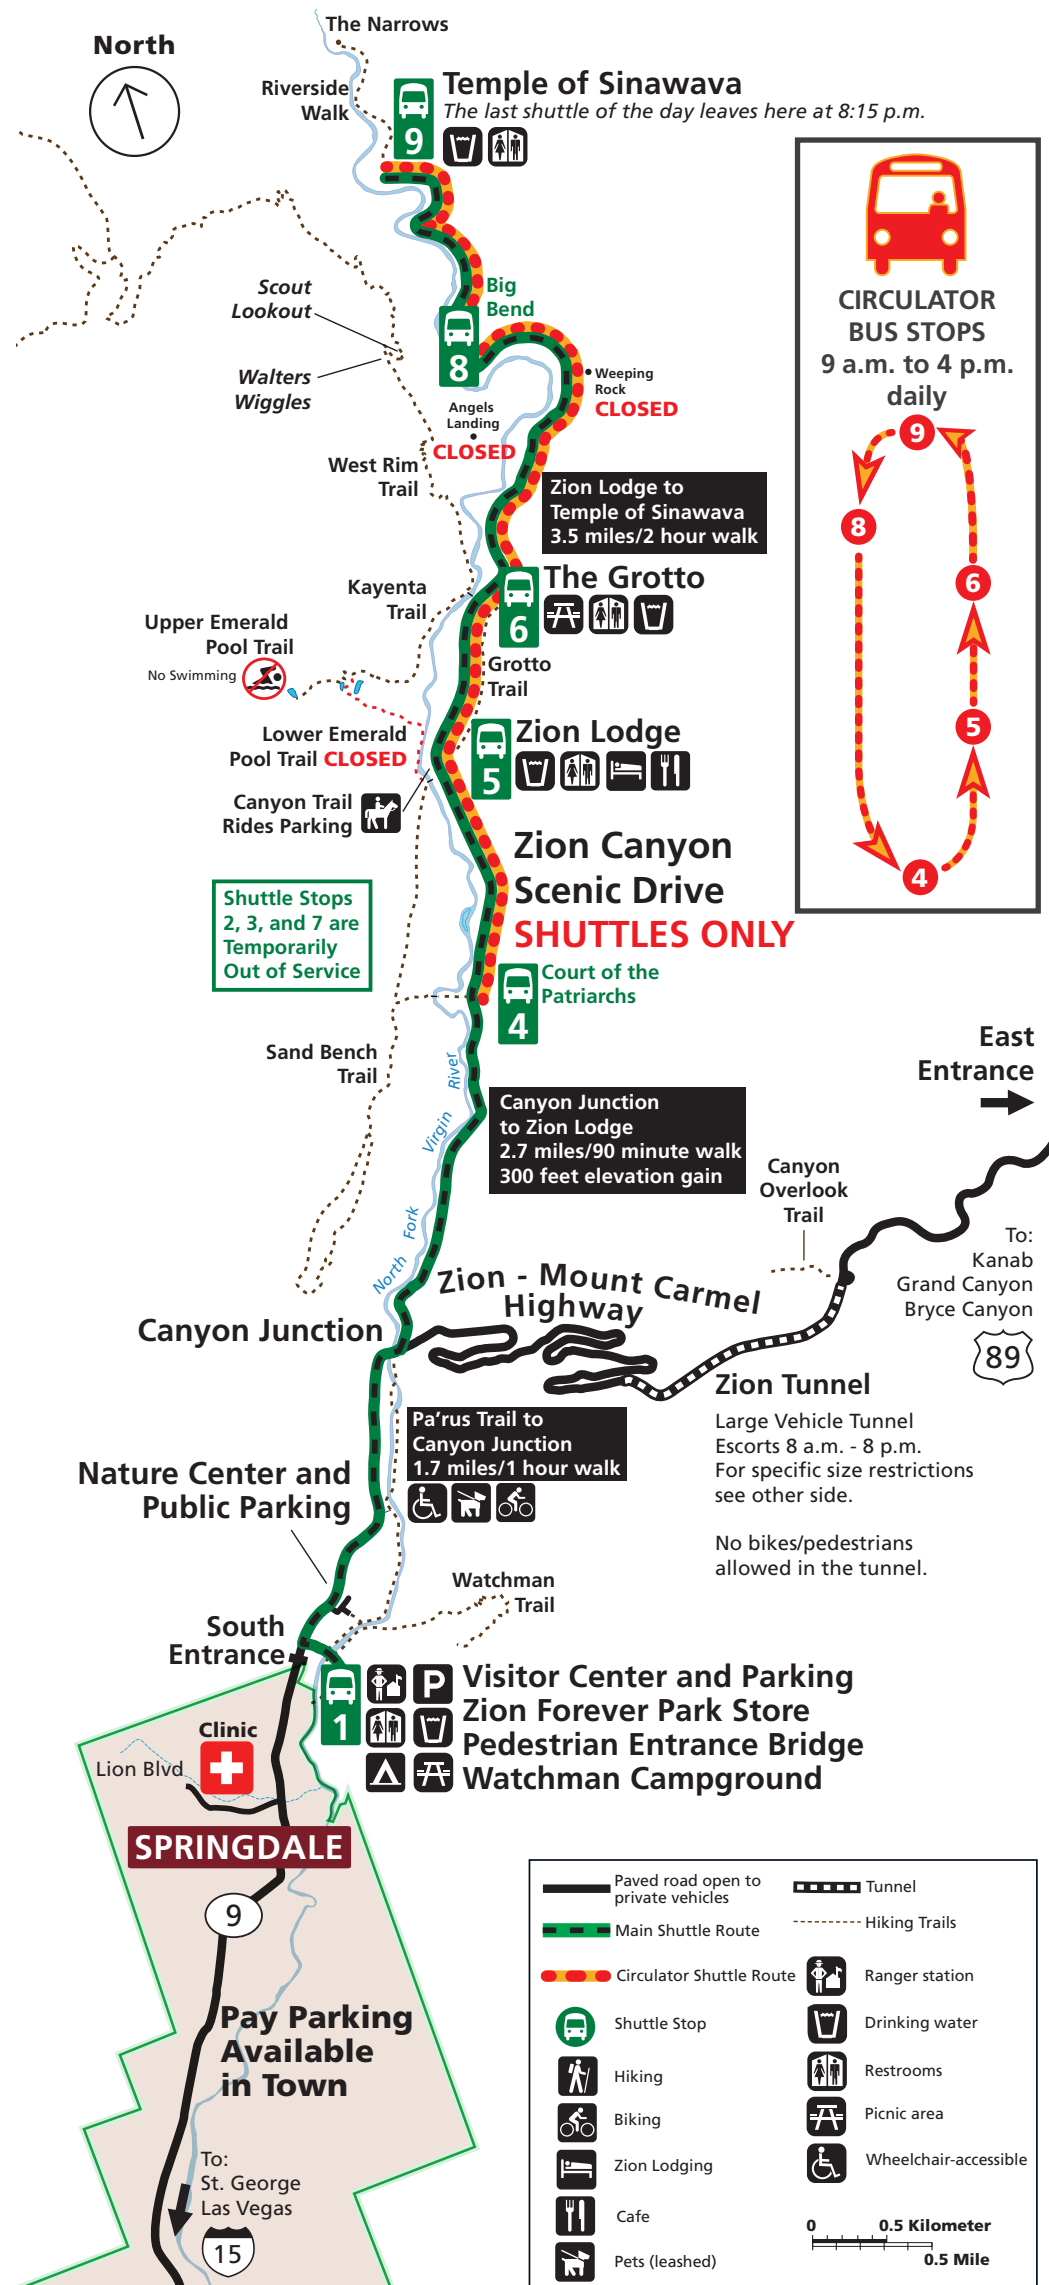

- You must have a shuttle ticket to board the bus
- Shuttle tickets cost \$1.00 each and will sell out fast
- Shuttle tickets are not included in your park entrance fee
- A shuttle ticket does not guarantee parking in the park
- A ticket is valid only for the date and time purchased
- Only ticketed passengers will be allowed on shuttles
- Seating has been reduced and no standing is allowed
- Boarding times for visitor center stop #1 are on the ticket
- Circulator buses can be boarded any time when in operation
- Children under 2 years of age who can sit on a parent's lap do not need a ticket

Passengers will be transported by shuttle from stop #1 at the visitor center to stops along the Scenic Drive. Additional 'circulator' buses will transport riders up and down the Scenic Drive between 9 a.m. and 4 p.m. daily. Circulator buses do not travel back to the visitor center. When you are ready to return to the visitor center, take a shuttle that isn't marked as a circulator. Note that once you return to the visitor center you cannot return to the Scenic Drive by shuttle without a new ticket and new boarding time.

It is strongly advised to get on a return bus to the Zion Lodge or visitor center before 7:30 p.m. The last bus leaves Temple of Sinawava at 8:15 p.m. It only holds 33 people. If more than 33 people wait to catch the very last bus, some will end up walking back. It is about 8 miles from Temple of Sinawava to the Visitor Center parking lot.

## Shuttle Stops And Zion Canyon Trails

TRAIL DESCRIPTIONS ON SIDE 2

## What To Do if Tickets Are Sold Out

Visitors who are not able to get a shuttle bus ticket can explore other areas of the park such as the east side or the Kolob Terrace road to Lava Point. Walking the Scenic Drive is long and hot and not recommended. Consider renting a bike or e-bike, or contacting one of the authorized private shuttle companies below.

### Rent a Bicycle or E-Bike

Bikes are available to rent from outfitters in the communities around the park including several in Springdale. Bicycles are welcome on the mostly level Pa'rus trail, but not other trails. The Scenic Drive has 300 feet of gradual elevation change between Canyon Junction and Court of the Patriarchs but is relatively flat most of the way.

- Ride bicycles single file.
- Pull bicycle over and stop to allow shuttle buses to pass as soon as it is safe to do so.

### Hire a Private Shuttle

The businesses listed below are authorized to provide shuttle service on the Scenic Drive. They can drop you off at a trailhead and pick you up when you are done. Ridesharing services are not allowed to transport the public into the park. Demand for private shuttles is high so expect long waits. Payment for services cannot be collected inside the park.

## Fire Restrictions at Level 2

### PROHIBITED

- Wood fires
- Burning charcoal
- Smoking near vegetation
- Fireworks (year-round)

For the full list of restrictions see [nps.gov/zion](http://nps.gov/zion)

### ALLOWED UNDER LEVEL 2

- Gas cooking such as propane/butane/white gas stoves and grills
- Smoking in developed recreation areas, in an enclosed vehicle, or on bare mineral soil with a minimum diameter of 3 feet

## EMERGENCY Call 911

For 24-hour emergency response, call 911 or 435-772-3322. The Zion Canyon Medical Clinic is located in Springdale near the south entrance to the park. For hours, please call 435-772-3226. Additional medical clinics are located in Hurricane. The nearest hospitals are in St. George, Cedar City, and Kanab.

## Getting Around

To protect park resources, park only in designated spaces. For your safety, park rangers enforce laws against alcohol and drug-related driving offenses, including open container violations.

### SHARE THE ROAD

Park roads are used by vehicles, bicycles, walkers, and even wildlife. Obey posted speed limits. Unless otherwise posted, the maximum speed limit is 35 mph. Seat belts or child safety seats are required for all occupants of a vehicle. Please turn off your engine when your vehicle is stopped.

Please ride bicycles and walk single file on roads.

# Zion Tunnel: (Oversize Vehicles, RVs, Large Trailers)

The Zion - Mt. Carmel Tunnel connects Zion Canyon to the east side of the park. It was built in the 1920s when large vehicles were less common. Vehicles 11'4" tall or taller, and/or 7'10" wide or wider, including mirrors, awnings, and jacks, require one-lane traffic control through the tunnel. Large vehicles cannot travel in a single lane through the tunnel. Nearly all RVs, buses, trailers, fifth-wheels, dual-wheel trucks, campers, and boats require traffic control.

### PROHIBITED IN THE TUNNEL

- Vehicles over 13 feet 1 inch tall
- Single-axle vehicles over 40 feet in length
- Semi-trucks and commercial vehicles
- Vehicles carrying hazardous materials
- Vehicles over 50,000 pounds
- Combined vehicles or buses over 50 feet long.

### TUNNEL CONTROL 8 A.M. TO 8 P.M. ONLY

It is \$15 per oversize vehicle (includes two tunnel pass-throughs within 7 days). Rangers will stop oncoming traffic so that you may drive down the center of the road in the tunnel. After 8 p.m. you must return at 8 a.m. the following day to go through the tunnel.

Bicycles and pedestrians are not permitted in the tunnel and must obtain a ride. Hitchhiking is permitted. Rangers are not allowed to provide or arrange for transport through the tunnel.

## Your Safety Is Your Responsibility

Whether hiking, climbing, or driving, your safety depends on your good judgment, adequate preparation, and constant awareness. Safety supplies are available at the Zion Forever Park Store at the visitor center, including water bottles, face masks, sunscreen, and hats.

### DRINK WATER AND EAT SALTY SNACKS DURING YOUR VISIT.

As you hike you lose water and salt through sweating. Carry water, at least one gallon per person per day. Water is available in the park's developed areas. Do not drink untreated water from springs. Your body needs a healthy level of salt to function so eat a few salty snacks, like a handful of salted peanuts, when you drink water.

### EXTREME HEAT

Heat illness occurs when the body warms to dangerous levels, often in combination with dehydration. This leads to heat cramps, heat exhaustion, and heat stroke, causing many medical emergencies at Zion each summer. Symptoms include high body temperature (over 100 degrees F, 38 degrees C), red, flushed skin, lack of sweat or extreme sweating, stumbling and poor coordination, fatigue, weakness, and confusion or slurred speech. If you recognize any of these signs, stop hiking and immediately find shade, drink water, and get help.

### ELEVATION

Zion elevation ranges from 4,000 - 8,000 feet (1,220 - 2,440 meters) above sea level. If you live near sea level, take it easy on your hike until you know how much the elevation is going to effect you.

## COVID-19 Precautions

- Maintain six-foot social distancing
- Adhere to group size limits
- Consider wearing a face mask
- Wash hands with soap for 20 seconds
- Cover mouth when coughing or sneezing

## Camping and Nearby Recreation

Only Watchman Campground is open, but it is usually fully reserved. Sites can be booked up to 6 months ahead. To check availability or make a reservation, visit recreation.gov or call 877-444-6777. Group sites are closed until further notice.

Camping is not permitted in parking areas or pullouts in the park. Check these websites for other camping options and recreational activities outside the park.
