

General Provisions

St. Marks National Wildlife Refuge is one of over 573 national wildlife refuges. The primary objective of the Refuge is to provide habitat for conservation and protection of all species of wildlife. The harvest of surplus animals is one tool used to maintain wildlife populations at a level compatible with habitat. The regulations listed below supplement the general regulations which govern hunting on wildlife refuges as set forth in Title 50, Code of Federal Regulations. Hunting will be in accordance with applicable state regulations.

Specific Hunting Regulations

Public hunting is permitted on approximately 40,000 acres as shown on this map.

All hunters must possess identification, a Florida hunting license, and a valid refuge hunt permit or signed refuge hunting brochure as required for the specific hunt in which they are participating. State Management Area stamps are not required. A State archery stamp will be required for all archery hunts. A turkey stamp is required to hunt turkey. State and Federal waterfowl stamps are required to hunt waterfowl. State deer stamp is required for all refuge deer hunters.

Foot/vehicle access into the refuge hunt area will be through designated access points (see map). No access along portions of public roads (see map). Vehicular access shown on map may vary according to weather and ground conditions. Vehicles are restricted to established roads. Boat access not permitted except to Piney Island for waterfowl hunting.

Pre-hunt scouting on foot is allowed anytime during daylight hours. The hunt area will be open to vehicles, weather permitting, two days before each quota hunt. Vehicle access in hunt area by permitted hunters only. Stands can not be placed prior to pre-hunt scouting for the hunt drawn. Stands must be removed by the last day of the hunt. Portions of the hunt area may be temporarily closed due to wildlife management practices such as prescribed burns.

All hunters participating in refuge hunts (except turkey hunters) using firearms must wear a minimum of 500 square inches of fluorescent, orange material above the waistline. Archery hunters are encouraged to wear orange material.

Stand hours from ½ hour before sunrise to 1 ½ hours after sunrise are observed during big game hunts as a hunter courtesy.

Youth hunters (younger than 16 years) must possess a valid refuge permit and be supervised by a permitted adult 21 years of age or older and must remain within sight of normal voice contact of the adult. For big game hunts, the adult may supervise only one youth. For small game hunts, the adult may supervise no more than two youths.
