DEVILS TOWER NATIONAL MONUMENT WYOMING

Proclaimed America's first national monument, Devils Tower rises 867 feet above Ponderosa Pine forests and prairie grasslands. Volcanic venting and erosional processes exposed harder igneous rock which cooled and cracked forming massive vertical columns.

Abundant opportunities for wildlife viewing, photography and hiking offer visitors a variety of recreational activities. Technical rock climbing is allowed in the monument through a permit system.

More than a recreational area, Devils Tower is sacred to many American Indians. Traditional ceremonies continue to renew the rich cultural heritage of Devils Tower National Monument.

SPECIAL INFORMATION

The Monument has first aid. Permits for climbing must be obtained from the Superintendent. Vehicles should not be driven from maintained roads. For more information contact: Superintendent, Devils Tower National Monument, P.O. Box 10, Devils Tower, WY 82714 (307) 467-5283.
