

RESOURCE MANAGEMENT TRAINEE NEWSLETTER

Number 5

October 1983

HELP!!

The materials in the past two newsletters represent contributions from only 3 people! Please take a few minutes right now to jot down any training, books, or rumors thereof that might be of use to the trainees professionally as we work in our parks and tackle our IDPs. Don't worry about typing a formal letter - xerox a training announcement or book title, or give me a call (301-739-4200).

I'm including the trainee mailing list with this newsletter. If you have training of more local interest you'll have quick access to phone numbers and addresses. Please notify me if there are any changes needed in this list.

Training/Conferences:

Wildlife Management Workshop. January 16-20, 1984. CSU, Ft. Collins. Refresher course for mid-career professionals. Contact Eugene Decker (303) 491-5656

Wildlife Management Short Course. April 2-6, 1984. CSU, Ft. Collins. For laymen with non-wildlife training. Contact - same as above.

The 11th NW Wilderness Conference. April 27-29, 1984. Seattle, WA. Contact Billy Dyer 13245 40th Ave. NE, Seattle, WA 98124.

BLM - Phoenix Training Center. Extensive Course offerings are included with this mailing. Also, I have contacted the BLM central training office in Washington and should have more information on ELM training in the November newsletter.

49th N. Amer. Wildlife & Natural Resources Conf., March 23-28, 1984. Boston. Contact: L. R. Jahn, Wildlife Management Institute, 1101 14th Street NW, Suite 725, Washington, D.C. 20005. (202) 371-1808.

First World Conference on Cultural Parks. September, 1984. Colorado. Contact: Dr. Muriel Crespi, CRM (412), NPS, USDI, Washington, D.C. 20240

Mountain Lake Biological Station, Charlottesville, VA. Offers summer courses in a variety of topics appropriate to natural resource management in eastern deciduous forest ecosystems. Contact: Dr. Jerry Wolff, Director, Mountain Lake Biological Station Gilmer Hall, University of VA., Charlottesville, VA. 22901.

Anyone interested in acquiring a Bird Banding Permit can contact Flo Soehnlein at the Patuxent Wildlife Research Center Bird Banding Lab for more information. (301) 498-0204. The application requires the approving signatures of three permitted ornithologists.
