The Park Practice Program includes: TRENDS, a quarterly publication on topics of general interest in park and recreation management and programming; GRIST, a quarterly publication on practical solutions to everyday problems in park and recreation operations including energy conservation, cost reduction, safety, maintenance and designs for small structures; DESIGN, a quarterly compendium of plans for park and recreation structures which demonstrate quality design and intelligent use of materials.

You can order a one-year subscription to the Park Practice Program publications TRENDS, GRIST, DESIGN for only \$55. A Library Set of the previous two years' publication of TRENDS, GRIST, DESIGN plus attractive binders are available for \$85. Subscription inquiries should be addressed to: National Recreation and Park Association, Suite 300, 2775 So. Quincy St., Arlington, VA 22206, telephone (703) 820-4940.

The information presented in any Park Practice Program publication does not reflect an endorsement by the agencies sponsoring the program or by the editors.

Articles, suggestions, ideas and comments are invited and should be sent to the Park Practice Program, National Park Service, P.O. Box 37127, Washington, DC 20013-7127, telephone (202) 343-7067.

Dear Subscribers and Readers:

One positive aspect of our country's efforts to downsize and restructure is that more and more of us are revisiting a very old concept -- that of cooperation and the sharing of resources.

And in the true spirit of cooperation, Lowell Caneday, Ph.D., Professor and Director of the School of Health, Physical Education and Leisure at Oklahoma State University, offered the assistance of one of his students to prepare this Index.

Kim Hutchison is the author of this combined 1994-1995 Park Practice Program Index. She has recently completed her Masters degree at Oklahoma State University, is working part-time at the University and she also works at the Stillwater Family YMCA.

Our very special appreciation and thanks to both Dr. Caneday and to Ms. Hutchison for their support of the Park Practice Program and their contributions to its technical assistance publications TRENDS, GRIST and DESIGN.
