Summer BUZZ

Fire Island Program Schedule

A Message from the Superintendent:

Fire Island National Seashore is an awesome place, especially during the summer when everything comes alive. With the beaches becoming busy, the communities opening their shutters and windows, and the children playing outside, you know summer is here. Fire Island National Seashore was established 44 years ago and is one of the 391 units in the National Park System. It is an important place that preserves a vast "Great Beach" on a fragile barrier island and all of its associated natural and cultural resources.

In addition, Fire Island has 17 private communities nestled within the park's boundary. With a combination of private homes, seasonal units, unique neighborhoods and restaurants, you can go and enjoy the "real taste of island life". Catching a magnificent sunset over the Great South Bay would be a highlight of anyone's trip to Fire Island. All of the communities are accessible by ferry boats from Bay Shore, Sayville or Patchogue. Boating is the only way to get to Fire Island unless you take long walks from either Smith Point County Park or Robert Moses State Park as there are no roads or public routes for vehicles.

The National Park Service (NPS) has launched its Centennial Initiative this year. Fire Island National Seashore will be able to hire additional rangers, lifeguards, and maintenance workers to help you better appreciate and enjoy your local national park as the NPS approaches its 100th birthday in 2016. Dedicated park volunteers and partners join NPS staff in helping make your visit memorable and safe.

While you are enjoying Fire Island, we ask you to help us by taking a few, but important, safety precautions. Wear appropriate footwear, avoid grassy and brushy areas which have poison ivy and high tick populations, bring water and sunscreen with you, and swim only in a lifeguarded beach or with others in safe conditions.

Whether you are attending a ranger-led program, hiking or just relaxing on one of the nation's best beaches, we hope you enjoy your visit and we look forward to seeing you again! We're glad to have you with us. See you on the beach.

Wildlife Riddles:

Connect the Dot-To-Dots to help you solve each riddle. Be sure to color each one in.

1. I can grow as a vine, as ground cover, or like a bush. Most people have a saying for me: leaves of three let it be. **What am I?**

2. Those just like me have been around since before the dinosaurs. I am not a crab but I am related to spiders. **Who am I?**

* **Bonus:** Can you name the items that you found?

Silly Seaside Story

Fill in the blanks with the correct parts of speech.

Everyone knows that ______{noun} was a really ______{adjective} pirate. He/She had a really ______{adjective} sword and lived in a ______{noun} on the beach. He/She would look out for ships on the Atlantic Ocean and then build a ______{noun} to signal safe passage. Only instead of safe passage the ship would run aground and the people would be shipwrecked. The people would think he/she was so ______{adjective} for helping them get safely to shore. He/She would even bring them some ______{noun} to help warm them up and give them a place to ______{verb}. Only he/she was a ______{adjective} pirate because the people would never wake up from what he/she gave them and now he/she could steal all of their ______{noun}. This made him/her very ______{adjective} with treasure. He/She would bury this ______{adjective} treasure on the beach, never to be found again.

Volunteer Spotlight

Fire Island National Seashore would like to thank all the volunteers whose hard work and dedication have assisted park staff in a variety of jobs. The efforts of the Volunteer Senior Ranger Corps have included the building of boardwalks and seating areas for those visitors who may have difficulty walking long distances, or just want to sit and enjoy their surroundings. They have also assisted in presenting educational programs and working on natural and cultural resource management projects. At the Wilderness Visitor Center, volunteers are working on updating displays, and assisting in the presentation of educational programs on sea life and New York's only federally designated wilderness area. At Watch Hill and Sailors Haven, they assist with Sunken Forest walks and children's programs including Junior Ranger workshops and Seaside Stories and Crafts. Volunteers have also been working at Fire Island's two historical sites: the Fire Island Lighthouse and the William Floyd Estate. Here they study the history of the area and then present tower tours of the Lighthouse and house tours at the estate. All of the park's volunteers are an important part of the operations here at Fire Island National Seashore.

Interested in Volunteering?

Fire Island National Seashore is one of 391 national parks in the system. Visitor center operation, environmental education and children's programs are just a small part of what is done at Fire Island. Many schools, organizations, scouts and the general public come to the park for educational programs and to experience the beauty of a national seashore.

If you enjoy working with children or people in general and have a few hours to spare, we could use your help.

What's New & Exciting?

There's something new and exciting at the Fire Island Lighthouse this summer. Eagle Scout, Zack Brown, from Troop 46 of Merick, NY has created new trail markers for the three miles of boardwalk surrounding the Lighthouse. These 33 markers were created and layed along boardwalk and the bayside for visitors to follow. Some of Fire Island's diverse wildlife, plants and ecosystems can be seen along the boardwalk and visitors will learn about the Surf Hotel that once graced Fire Island with its grand structure. Zack put in a lot of hard work (240 hours) in designing the markers, researching the subject matter and he hopes that the visitors will enjoy their walk while learning about the natural and cultural history that Fire Island National Seashore has to offer.
