
MONTANA'S
GLACIER ♦ PARK ♦ LODGE

For A
Touch Of Magic

Just two miles east of Montana's Glacier National Park stands the historic Glacier Park Lodge, built in 1913. Supported by sixty enormous timbers—which were 500 to 800 years old when originally cut and set in place—this imposing 155 room lodge plays host to visitors from all over the world.

Nestled at the foot of Squaw Peak Mountain, guests can play a game of golf on the challenging 9-hole course, take a swim in the outdoor heated pool, or enjoy nature trails on horseback or on foot. For just sitting back and relaxing, sight-seeing on board one of the antique roll-back top coaches or taking a scenic boat cruise is a true delight. You'll also enjoy browsing through the gift shop that is known for its Indian pottery, sculpture and extensive line of souvenirs, apparel and toiletries. And in the evenings, there's always a touch of entertainment—from concerts to sing-a-longs.

Hearty meals are available at the Lodge's Goat Lick Steak & Rib House—and for a change of pace, there's always the hayride/cookout.

Glacier Park Lodge ...A Perfect Setting For any Meeting

Glacier Park Lodge offers newly redecorated, up-to-date meeting and convention facilities for groups of up to 300 people.

In addition to a quiet, distraction-free setting, we offer a team of professionals who bring meticulous attention to planning a meeting. Every detail from ground transportation to audio-visual equipment to outstanding menu-planning is in the hands of individuals who are dedicated to making your meeting a total success.

northwest of
Glacier Park
Lodge.

Glacier Park Lodge is owned and operated by Glacier Park, Inc. who also maintain facilities in Glacier National Park and its Canadian counterpart, Waterton Lakes National Park. These operations include the historic Many Glacier Hotel; the Prince of Wales, a Swiss Chalet; Lake McDonald Lodge, reminiscent of the Old West, and three quaint inns.
