REMEMBER PEARL HARBOR

Anna Urda Busby
Montgomery, Alabama
Second Lieutenant
U.S. Army Nurse Corps
Tripler General Hospital

Angel of Mercy

In 1939, Anna Busby joined the United States Army Nurse Corps. On December 7th, she had just finished breakfast when she heard a terrible noise. Running outside, she saw black smoke spiraling into the sky. She got word that the Japanese were bombing Pearl Harbor. Anna put her uniform on and reported for duty at Tripler General Hospital. The corridors were overflowing with the wounded from Pearl Harbor. Anna tended to hundreds of patients that day. She got little rest and worked through the night. On that day, Anna was typical of the dedication of nurses and doctors throughout the island of Oahu.
