Dear Sir -

Allow me briefly an idea of how I have spent my years.
 As you may well know, in Kern county Calif. there
 exists, West of Highway 99, a range of hills known
 locally as, The "Shorttooth Hills". Justly would
 you name them after Wootton to see them placed
 in "National Monument" class.

What can I do to aid the idea?
 If I may suggest to you, I would ask, if possible
 that Mr. Weldon Heald of Tucson be sent
 give your dept. a report on this matter.

Sincerely yours

Paul J. Linsley,

Dear Mr. Linsley:

Your letter of November 1 to Secretary Udall about the establishment of a national monument in the Shortooth Hills area west of U. S. Highway 99, Kern County, California, has been referred to us for consideration.

Since we are not familiar with the lands involved in your suggestion, we are sending a copy of your letter to our Regional Office in San Francisco, which is responsible for conducting studies of new proposals in California, and some of the other western states. They will write you further on this subject.

We greatly appreciate your interest in such matters.

Sincerely yours,
