

Steamtown

National Historic Site
Scranton, Pennsylvania

National Park Service

U.S. Department of the Interior

The "Live Steam" Experience:

The power of steam locomotion will excite the senses at Steamtown National Historic Site! Feel the heat rising from the firebox; hear the clanging of bells, the shrill howl of whistles and the chuff-chuff-chuff as the ground vibrates under your feet; smell the hot steam and oil; witness the power of one-ton drive rods, turning enormous wheels as giant locomotives move along the rails. Relive the era of fire-breathing behemoths. The cinders, grease, oil, steam and people of railroading have returned. Experience the past.

Steamtown's Mission:

Steamtown National Historic Site preserves the essence of an era that has slipped from public consciousness virtually unnoticed. Here, the locomotives, rolling stock, artifacts, and historic buildings and structures, as well as the folklore and skills of that era, exist as a monument to American industry.

Park Highlights:

Seasonal rail excursions, special railroad yard demonstrations and programs, ranger-guided tours, special exhibits, train restoration shops, operating roundhouse and turntable, history and technology museums, 250-seat theater, modern visitor center and museum shop.

Park Information:

Steamtown National Historic Site is open year-round, 9:00am to 5:00pm. The park is closed January 1st, Thanksgiving Day and December 25th.
